UE Will Appeal

In Atomic Case

The National UE will be an appeal immediately from the dismissal of a suit against the General Electric Company before the Atomic Energy Commission for attempting to break the GE contract with UE.

David Sarnoff, UE attorney, said the union will appeal to the United States Court of Claims in Washington, D.C., for the appeal to be heard by the seven-judge court.

UE has asked the company for a new trial, which it has rejected. UE has asked that the company be ordered to pay the union $1 million for damages and $100,000 in punitive damages for interfering with its business.

Judge and UE Discuss

Judge Frank P. Bolling of the United States Court of Claims, who has jurisdiction over the case, has ordered the company to pay $1 million in damages to UE.
