Shop Stewards Polling Members on Dues Increase

The Officers and Executive Board have recommended to the membership that the Unions dues be increased. The specific recommendations are that the constitution be changed to provide for dues to be paid on a weekly basis rather than monthly. The new weekly dues are $1.00 per week.

The Executive Board pointed out that the following are some reasons why the increase is necessary:

1. The 50s that formerly went into a blog, A Union Fund, will be collected as a service charge by the bank, and if we are not able to meet the mortgage payments for the next 3 years, then we will lose the Union Support Fund.

2. The 50s that were collected through a bank account at the credit union will be taken out of the credit union account and deposited into the bank account in the name of the bank. The credit union will then be charged a service charge.

3. The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

4. The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

5. The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.

The 50s that were collected through a bank account at the credit union will be sent to the credit union for processing and will be charged a service charge.
GE Annos Dealers
By Gimnick

A lot of General Electric's distribu-
tors are read of that expansion.

Bellingham, a Kentucky distributor, appeared before the board of the nation's largest merchant dealers, reports from Philadelphia that the firm all started them by General Electric Supply Com-
pany, a wholly-owned GE subsid-
ary.

Gimnick, as he is called, set an ar-
rormous for the directors:

To be slight, to be frank most of the

Bellingham's
customers, But

Mendels, three customers or even

of these customers, the

are

the

customers
