Company Defies Labor Bd. on Equal Pay Case

The Pay case which has been pending before the
National War Labor Board for more than a year, and
against which the plaintiff has been pursuing
the case at the Federal Court of Appeals, has
now been decided by the Supreme Court of
Massachusetts. The case was heard in the Federal
Court of Appeals by the late Chief Judge
B. P. Taylor, who, in his opinion, declared
that the case was not within the jurisdiction
of the Federal Court of Appeals, and that
the case must be remanded to the Federal
Court for further consideration.

Archer Returns to Staff After 3 Years in Navy

Fredrick L. Archer, assistant to the assistant
agent of
Navy, has been employed by the National
Labor Union as assistant to the assistant
agent of the National
Labor Union. He
was employed by the National
Labor Union as assistant to the assistant
agent of the National
Labor Union.

Vets Press For $2 Pay Increase

While many of the veterans who served in the
Navy during the war are now employed in
various industries, the veterans who served in
the Navy during the war are still
employed in various industries.

Acceptance of Company 10% Offer Would Be Injustice to Workers

Deny Women's Increase Oked by Gov't-Bound

Notwithstanding the panic in the United
States, the women workers have nothing to
complain of in the matter of increased wages.

Free Hand GE's Hope

The women workers have nothing to complain
of in the matter of increased wages. The
Company says that it is willing to accept
any increase that may be negotiated
between the employer and the employees.

Wives Mobilize to Back Union in Case of Strike

A large group of local W.W.II Wives attended a
meeting of the union and showed their interest in
the strike. W.W.II Wives are generally
interested in the strike and believe that it
will be successful.

Wallace Warns NAM

NEW YORK, N.Y. — Warning that the National
American Manufacturers (NAM)
will not be
reconciled to the present situation, the
National American Manufacturers
(NAWM) are calling for a general strike.

GE Co. Pulls Sneak Attack

The NAM wage increases offered by the General
Electric Company would not make the
company the low cost producer, as the
company has some of the highest wages in
the industry. The NAM wage increases offered
by the General Electric Company would not
make the company the low cost producer, as
the company has some of the highest wages in
the industry. The NAM wage increases offered
by the General Electric Company would not
make the company the low cost producer, as
the company has some of the highest wages in
the industry. The NAM wage increases offered
by the General Electric Company would not
make the company the low cost producer, as
the company has some of the highest wages in
the industry.
State CIO Conference Sets Up Strike Coordinating Committee

The New York State CIO is meeting in Albany last week to make the organization for the struggle to end unfair labor practices over the long labor legislation. A number of the CIO's members will have to cooperate under the plan of the organization. The conference will be held at the offices of the New York State CIO, 1 Park Avenue, New York City. The conference will be attended by representatives of the CIO's labor unions, including the United Rubber Workers, the United Electrical Workers, the United Automobile Workers, and the United Steelworkers of America.

10% Hurts High Skilled

The company by offering the 10% raise only on the basis of the average pay, has failed to take into account the fact that the average pay is based on the average wages of skilled workers. As a result, the skilled workers are getting less than their fair share of the raise. The company should be doing everything in its power to ensure that the skilled workers are getting the same raise as the unskilled workers.

Contract Cancellation By GE Presents Problems

The contract for the work of the New York State AFL-CIO presents several problems which the company will have to face in order to avoid a strike. The contract provides for a 10% raise for all workers, but the company is offering only a 7% raise. This means that the skilled workers will be taking a hit and the unskilled workers will be getting more than their fair share of the raise. The company should be doing everything in its power to ensure that the skilled workers are getting the same raise as the unskilled workers.

1946 UNION TEAMS

The following is the official list of the Executive Board and Legislative Committees of the union. The list will be published in the union's newsletter and distributed to the membership. Both posts will be held by the same person.

Executive Board

- President
- Vice President
- Secretary-Treasurer
- Recording Secretary
- Historian

Actual Letters On Wage Offer

If the workers are the real letters of our daily lives, the General Electric Company and the American Union officers of the UG are the UG's wage increase offer. They are in a hurry to get the workers who are the backbone of the company for the next few years.

THE OFFER

Mr. J. H. Rorer, President, General Electric Co.

The Company offers the United Electrical Workers a wage increase of 50 cents an hour, effective January 1, 1934.

THE REJECTION

General Electric Co., New York, N.Y.

Today, after three months of negotiation, we made the following offer to the workers who are the backbone of the company, effective January 1, 1934:

- A wage increase of 50 cents per hour.
- A new round number of 301 votes to start the strike, even if the workers are the backbone of the company, effective January 1, 1934.

The strike is now on, and we urge all workers to support the lockout.

Is General Electric Afraid Of Facts and Public Opinion?

If the workers are the real letters of our daily lives, the General Electric Company is afraid of facts and public opinion. They are in a hurry to get the workers who are the backbone of the company for the next few years.

301 Votes Strike If Necessary

Despite the company's offer, workers have chosen to strike for a better wage, highlighting the importance of public opinion and the power of collective action. The strike has sparked widespread support, with many workers joining in solidarity. The company's decision to impose a lockout further solidifies the workers' resolve.

KEEP PRICES DOWN

The General Electric Company's actions reinforce the need for workers to stand together and fight for fair wages and working conditions. The strike has brought attention to the company's outdated policies and the urgent need for change. Workers' rights and fair wages must be at the forefront of this discussion, ensuring a better future for all.
