Area Union Label Campaign Opens

A campaign opened last Monday in the Capital Area for the purpose of promoting the Union Label. The campaign, sponsored by the Union Label Committee, is aimed at increasing awareness of union-made products. It encourages consumers to choose union-made items and supports the local economy.

Meet on Bldg. 85 Wage Rates

Representatives of the IUE 361 met with members of the Local Union Label Committee to discuss wage rates. The discussion centered on the importance of promoting union-made products and the benefits they provide to workers and consumers. The representatives agreed to continue working towards raising wage rates and expanding union membership.

Local 361 News

UNION MEETING HALL CONTRACT AWARDED

The Building Committee of IUE Local 361 approved a hall contract on July 30th for the Precision Construction Company of Schenectady, which was the lowest bidder. The contract was awarded on a firm bid of $160,000, which includes demolition of part of the previous building.

Cost of Living On Increase

Under the IUE-GE contract, the IUE has set a new goal of keeping price increases to 5% per year. The IUE's contract is set for three years. The new goal was set to address rising costs and inflation, which has been increasing for several months.

Machine Operators Wanted at GE

Applications to Local 361 for the position of machine operators at General Electric in Schenectady are being accepted. The position involves working in a fast-paced environment, operating machinery, and maintaining a high level of productivity.

Large Motor-Gen. Test Rates Upped

After months of trying, a motor-generator test was finally completed at the Schenectady GE plant in June. The test, which was conducted on a large motor-generator unit, was the first of its kind to be performed in the area.

Make Offer on Turbine Case

The offer on the turbine case, as of June 30th, was for $24,000. The offer was submitted by a local manufacturer and is currently pending review by the GE plant.

Senior Staff Report

The Senior Staff Report for the month of July 2019 is now available on the Local 361 website. The report includes updates on union activities, member news, and important announcements.

Have You Given to C.O.P.E.?

C.O.P.E. is a national party. It is the Committee on Political Education of the AFL-CIO, to advance and promote the general welfare of America, by political education and political activity. Established in the U.S., the AFL-CIO in December 1925, C.O.P.E. is a high-stakes of the AFL Labor League for Political Education and the CIO Political Justice Committee.

Objectives

A major goal of the Committee on Political Education is to organize and register votes. The goal is to increase the number of votes cast in all elections, which will increase productivity and improve the lives of workers and society.

Program

The program of C.O.P.E. is to organize workers to register and vote. The goal is to increase the number of votes cast in all elections, which will increase productivity and improve the lives of workers and society.
THE LEGAL CORNER

(A Column Written by Lower Noyac of Novak & Diamond.)

173 Workers Paid $135,000.00 for Injuries During First Six Months in 1956

Of the many hundreds of cases of injured workers who have been represented in their claims for compensation before the Workmen's Compensation Board in this jurisdiction, about 173 filed claims in the first six months of this year for which the total amount paid to these employees amounted to $135,000.00. To obtain these awards, the attorneys have represented the employees, including those who may have been injured in accidents at work and who required medical treatment or rehabilitation. These awards were made by the Board as determined by its findings of the extent and nature of the injuries sustained. The amount paid was to cover medical expenses, lost wages, and other damages such as pain and suffering.

Steelworkers Local Tries to Keep UE "Out"

Spokesman for Lead's Union—Buffalo, N. Y.—A representative of the United Steelworkers of America has asked the local CIO Council to exclude any members of the independent United Electrical Workers "UE" plan from the United Steelworkers of America in Western New York.

A resolution in support of the UE's effort to organize local workers has been approved by the AFL-CIO International Association of Machinists. The resolution will be forwarded to the national council for consideration.

Emilea Gove VIOLE.

More than 500 financial relations workers, members of UE Local 93, MECA Branch 40, voted yesterday in a membership meeting to accept the UE plan over the AFFC International Association of Machinists. The UE plan was adopted by the CIO Council earlier this month.

Notice

There will be no base line for the Union paper for July due to the large number of members on vacation. The next issue of the Union paper will be on August 10th.

Must Prices Rise When Wages Rise?

(Reprint from Local 957 Pulpworkers)

Many workers ask what effect it is to their wages when the prices of goods rise. This is a fair question to ask, for it is important to know what effect it is to their wages when the prices of goods rise. This can be explained by the fact that prices are affected by supply and demand. When there is a shortage of goods, prices tend to rise, while when there is a surplus of goods, prices tend to fall. As a result, wages and prices are closely related and should be considered together.

Jordanea Speaks To Kiwanis Club

In speaking to the members of the Niskayuna Kiwanis Club, Jordanea said, "The development of the General Electric program has set the pace for all unions and has led to the formation of the United Steelworkers of America in this jurisdiction. The program has been successful in organizing the workers and has led to a better understanding of their rights."

Working Wives Account for High Family Incomes During 1955

Recent statistics have shown that average family income in 1955 was $5,520 before taxes, up 3 per cent over 1954, and that the number of working wives and other married women going into the labor market has increased. This is due to the fact that more women are joining the workforce to help support their families and contribute to the family income. The trend is expected to continue in the future.

THE IUE-CIO 301 On the Job

IUE-CIO 301 filed three grievances at a local plant of a company, claiming that wages paid were below the national average.
