Sharp Rise in Number of Cases At Management Level

A number of cases were added last month, according to the Packing and Handling Department, with some new cases being handled by the Packing Department. The cases are currently in the early stages of investigation, and it is expected that they will be settled within the next few weeks.

Women Workers Sue for Rights

Detroit — A group of women employees of the United States Steel Co. have filed a complaint charging that they were denied equal pay for equal work. The women claim that they were paid less than men for the same work, and that they were denied promotions.

Cooperating With Unions Profitable

The local union and the management have agreed to cooperate on certain matters. This agreement is expected to be beneficial to both parties, and it is hoped that it will lead to further cooperation in the future.

Turbine Painters Enforce Agreement

The maintenance department has been working to enforce the agreement reached last month between the turbine painters and the company. The agreement has resulted in a significant improvement in the quality of work being performed by the turbine painters.

Employees Laid Off From Work Should Apply at Once For Benefits

Employees who receive lay-off notices should apply promptly for benefits. The application should be made in the office nearest where you reside and not in the office nearest to your place of work. There is a 30-day waiting period during which you are not entitled to these benefits. The benefits are available only if you meet certain criteria.

Volunteers Needed for Field Day September 12

The local union is seeking volunteers to help prepare for the field day to be held on September 12. Volunteers are needed to assist with setup, tear down, and other activities. Anyone interested is encouraged to contact the union office.
