The meeting was called to order at 3:35 p.m. in the Campus Center Assembly Hall by the Chair, Patricia Rogers.

1. Announcements

Chair Rogers announced that the purpose of the meeting was to conduct an election for the Chair-elect and Secretary of the Senate. At the April 30 Organizational meeting, the Senate would confirm the nominations of the councils. She also reported that, Cathy LaSusa, a re-elected Student Senator, would participate in the staffing of the councils at the new Executive Committee as a representative on behalf of the students.

2. Election of Chair-elect & Secretary

P. Rogers introduced Dorothy Christiansen from the Library and Kendall Birr from the History Department as the candidates for the Chair-elect of the Senate. There were no nominations from the floor. R. Bosco and C. LaSusa collected and counted the ballots. Kendall Birr was elected as Chair-elect of the 1984-85 University Senate.

The Chair then introduced Michele Deasy and John Levato who were the candidates for Secretary. There being no nominations from the floor, R. Bosco and C. LaSusa again collected and counted ballots. John Levato was the elected Secretary of the 1984-85 University Senate.

P. Rogers reported that the Organizational meetings of the 1984-85 Senate Councils were scheduled for Tuesday, May 8. Copies of the schedule for these meetings were to be available at the April 30 Organizational Senate meeting. She reminded senators who had not submitted council preferences to submit them to her or C. Hutchins and that students submit their preferences to C. LaSusa.

Respectfully submitted,

Recorder
1984-85 ORGANIZATIONAL
UNIVERSITY SENATE
MINUTES
April 30, 1984

The meeting was called to order at 3:40 p.m. in the Campus Center Assembly Hall by the Chair, Patricia Rogers.

1. Announcements

The Chair reported that the Faculty Forum was to begin immediately following the Organizational Senate meeting.

P. Rogers announced that the following materials were available at the door:

a) 1984-85 Senate Meeting Schedule
b) 1984-85 Council Membership List
c) 1984-85 Senate Membership List

She noted that all regularly scheduled Senate meetings begin at 3:30 p.m. and are held in the Campus Center Assembly Hall.

2. Approval of Council Membership

B. Lanford moved that the recommendation for the council membership for UAC be returned to the Executive Committee. He explained his objection to the staffing of the council was on the basis of propriety and the sparsity of returning senators. The motion was seconded.

P. Rogers pointed out that she had announced at the April 23 Organizational Senate meeting - to permit objections if there were any - that C. LaSusa would sit with the new Executive Committee. C. LaSusa then explained that after meeting with P. Rogers and others earlier in the month, it was agreed that she be allowed to sit on the Executive Committee meetings since there was no other representative from the students. She further explained that the best interest of UAC and the Senate was taken into account in any suggestions she made to the committee. She also gave a brief background of the staffing of UAC.

W. Hammond noted that three of the UAC members were from Social & Behavioral Sciences. He stated that since it was not a good balance from the schools and colleges, he would support the motion to return the membership to the Executive Committee.
The motion to return the nominations for UAC to the Executive Committee was then voted on and failed. The nominations stood as submitted. Senator Cannon moved acceptance of the nominations for all councils.

A vote was taken on the motion to accept the nominations of the Executive Committee for the Senate Councils for 1984-85. It was approved with one vote in opposition.

3. Next Senate Meeting

The Chair announced that the first meeting of the Senate in the Fall was scheduled for September 24, 1984.

4. Adjournment

The meeting was adjourned at 4:00 p.m.

Respectfully submitted,

Crystal J. Hutchins
Recorder

The meeting was called to order by the Chair, Ronald A. Bosco, at 3:35 p.m. in the Campus Center Assembly Hall.

1. Approval of Minutes

The minutes of March 19, 1984 were approved as submitted.

2. President's Report

President O'Leary reported on several items from the Spring Faculty meeting. The budget approved by the Legislature called for no tuition increase but a dormitory fee would be imposed. He spoke about other budget issues including the bus service, lines that were restored, and the work which the Budget Panel did. The Bus Task Force's final recommendation was that the University should continue to provide bus service between constituent parts and a fee would be imposed unless there was reallocation. Their recommendation was presented to RAC and in turn to the Budget Panel who's final recommendation was to opt for a bus fee since there were no lines available for reallocation. The President stated that he would be making a final decision on recommendation shortly.

The President reported that the proposed Telecommunications system was in the early stages of bidding. Installation is expected for February of 1985.

He expressed his sincere appreciation to the Senate Chair and the councils for their contributions to the Senate and the University community. He also commented that the appointment of Toni Morrison to the Albert Schweitzer Chair was a great achievement for the University, as was William Kennedy's recent accomplishments and both Kennedy and Morrison's collective strengthening of writing with the inauguration of the University's Writers Institute at Albany.
3. **SUNY Senator's Report**

Robert Gibson submitted a written report which was available at the door: The 77th Regular Meeting of the University Faculty Senate held at Canton Agricultural and Technical College on April 13 and 14, 1984.

Senator Gibson highlighted some of the items from the report. Senator Cannon had been elected to the Executive Committee. Senators who were willing to volunteer for Faculty Senate Committees, mentioned in the report, were requested to notify Senator Cannon by May 15.

Reporting that seven resolutions were approved at the meeting, R. Gibson noted the Early Retirement option bill would apply to SUNY professionals.

4. **Council Reports**

Chair Bosco drew attention to the reports from Kendall Birr, Chair of the Library Council, on the University Libraries Space Study and from Research Council Chair T. Dandridge on the Proposed Center for Research and Development for any possible questions.

In addition to the written reports contained in the packet, the following report was given:

EPC - F. Frank reported that the Council held its final meeting on May 2. The Council reviewed the proposed Academic Plan for 1985-86. EPC endorsed a report received from LRPC on Goal Statements. A report was accepted from RAC on the budget plan for the 1984-85 fiscal year.

5. **New Business**

A motion was made to approve that twelve minutes of discussion be allowed for the first item of business. It was seconded, voted on, and approved.

5.1 **Bill No. 8384-13 - Revision of Program Adjustment Process** - UAC Chair C. LaSusa stated that the policy was the result of the Senate Chair's charge in the early Fall that UAC review the current drop/add process and make recommendations for revision to the Senate. She explained the process that UAC went through before submitting the proposed revision to the Senate and noted the changes.

H. Hamilton reviewed the problems of the current process giving examples of particular situations. Speaking in favor of the bill he then referred to the handouts which he distributed containing data and statistics on enrollment, course-dropping, and course completion.

S. Barnard spoke against the proposed revision since she felt that it had not been worked up with the full cooperation of the students. She felt that the dropping of courses was necessary for many students.
A motion was made to extend debate for ten minutes. It was seconded, voted on, and there was a division of the house after which a hand count was taken and the motion did not carry. A motion was then made to refer the bill back to UAC by a student senator. It was seconded. Discussion followed. H. Cannon moved to close debate. The motion was seconded, voted on and there was a division of the house. A hand count was then taken and the motion was approved. The motion to refer the policy back to UAC was then voted on by hand count and was defeated. The Chair then requested that the Chair-elect take the podium so that he could address the issue. R. Bosco then spoke on the proposal. Considerable debate followed. In response to concern over the time allowed for debate in favor of and opposed to the bill, the Parliamentarian stated that the time had been extended to allow for further discussion. H. Cannon moved all matters pending before the body. W. Hammond seconded the motion. A vote was then taken on Bill 8384-13. The bill was approved by 37 to 13 with 4 abstentions.

A motion was then made by a student senator and seconded to reconsider the bill. W. Hammond raised a point of order regarding how the student senator who made the motion had previously voted. R. Bosco stated that he had voted with the prevailing side. C. LaSusa then spoke regarding reconsidering the bill and expressed her feeling that more time should have been allowed for those opposed to the bill. V.P. Ramaley stated that the comments from H. Hamilton should have been regarded as information rather than part of the time allowed for discussion. The Parliamentarian agreed. There was further discussion and an expression of feeling that the bill should be reconsidered. A hand count was then taken to reconsider Bill 8384-13 and was approved. Debate and discussion ensued. Some of those who were against the bill then expressed their concerns. R. Bosco then recognized R. Schaffer who stated that he was speaking as a member of the Executive Committee and not as the President of the Student Association. He felt that there was the possibility of a better solution to the problems addressed by the policy and that there was not enough input from the students. He urged that the policy be referred back to the UAC. Bill 8384-13 was then voted on. A hand count was taken and the bill was approved by a vote of 35 to 13 with two abstentions.

5.3 Bill No. 8384-14 - Policies Governing Use of Alcohol - L. Kerr presented the bill on behalf of the Student Affairs Council. She noted that the intent of the bill was to discourage the abuse of alcohol and spoke in favor of the policy. There was brief discussion after which the bill was voted on and approved.

5.3 Bill No. 8384-15 - Proposed Dual Master's Degree Program in Criminal Justice (M.A.) & Social Welfare Management (M.S.W.) - GAC Chair I. Steen presented the proposed program. The bill was voted on and approved.

5.4 **Bill No. 8384-16 - Proposed Certificate Program in Latin American & Caribbean Studies** - I. Steen introduced the bill moved by GAC. Senator Elbow raised a question on the number of certificate programs presently in place on the campus to which I. Steen replied that there is currently only one such program. The bill was then voted on and approved by hand count with one abstention.

5.5 **Bill No. 8384-17 - Proposed Combined Major-Master's Program in English (B.A./M.A.)** - I. Steen moved approval of the bill on behalf of UAC and GAC. It was then voted on and carried.

6. **Chair's Report**

Prof. Bosco expressed his gratitude to C. Hutchins for her dedication and professionalism as Secretary for the Senate. He then acknowledged those who contributed to governance, and in particular, P. Rogers, H. Cannon, K. Birr, and M. Deasy for their support, council, and professionalism in governance. He also expressed his gratitude to Vice Presidents Ramaley and Pogue for their cooperation and spirit of interest.

7. **Adjournment**

The meeting was adjourned at 5:05 p.m.

Respectfully submitted,

RE: Committee on Student Conduct Summary, 1983-84

This summary is submitted in accordance with Senate Bill #8384-02. The Committee on Student Conduct is a standing committee of the Student Affairs Council. Disciplinary cases forwarded to the Committee for review include: academic dishonesty, graduate students, referrals initiated by University officers, and most cases where students have been suspended pending hearing. In addition, the Committee is responsible for reviewing appeals of University disciplinary action and making recommendations concerning student conduct. The Committee is composed of teaching faculty, professional staff and students. A member of the Student Affairs staff serves as Executive Secretary.

During 1983-84, twenty-nine (29) cases were assigned to the Committee on Student Conduct. Attachment #1 outlines the nature and resolution of these cases as of the specified date. Nearly all of the cases of academic dishonesty involved plagiarism, cheating on exams or collusion on course projects. Four (4) appeals of suspension of undergraduates were forwarded to the Student Affairs Council for review. All four suspensions were confirmed as a result of those reviews.

It is important to note that there is an on-going need for the Committee on Student Conduct to be available in the summer. During July-August, 1984 members heard three cases of academic dishonesty and reviewed six appeals of disciplinary removal from residence.

I am available for further questions or comments.

CHANGE OF TERMINOLOGY FOR PROFESSIONAL EMPLOYEE

INTRODUCED BY: Executive Committee
September 24, 1984

IT IS HEREBY PROPOSED:

I. That the University title "Non-teaching Professional," be changed to the term "Professional Employee" in all Senate documents according to the attached rationale.

ATTACHMENT
Background

In 1971-72 (Bill 197172-24) the University Senate adopted definitions for the constituencies represented on campus. Four groups were recognized: teaching faculty, non-teaching faculty and other professionals, service staff, and students.

Over the years the term non-teaching professional (NTP) has been viewed as too restrictive. For one thing, it defines the contributions of a group of people by what they do not do, rather than by what they do. Secondly, it is quite common for NTPs to teach. In a recent report, the professional employees in Academic Affairs recommended that the term NTP be replaced with a term more reflective of the roles that NTPs play on campus.

There is also a SUNY-wide trend for the term NTP to be disregarded. SUNY-Buffalo ceased using the expression "non-teaching professional" six years ago. SUNY-Binghamton followed suit a year later.

The Director of Personnel, Leon Calhoun, Sr., recommends that the campus adopt the term "professional employee" to describe those who are currently called NTPs. In both the Policies of the Board of Trustees and the Agreement between the State of New York and United University Professions, "professional employee" refers to employees in the Professional Service Negotiating Unit other than those with academic or qualified academic rank.

Policy

For the purpose of University governance, the following definitions shall apply:

A. Teaching Faculty

The term "teaching faculty" shall refer to those members of the Voting Faculty (see Section I of the Faculty By-laws of the State University of New York at Albany) who hold academic or qualified academic rank in one of the colleges, schools, centers or programs at SUNY-Albany. For these purposes, librarians shall also constitute a school and be considered members of the teaching faculty.

B. Professional Employees

The term "professional employee" shall refer to all members of the Voting Faculty who do not hold academic or qualified academic rank.

C. Service Staff

This constituency is to include all full-time classified and other workers serving the University in clerical, maintenance, sales, food, or other positions not listed as teaching or professional.

D. Students

Undergraduate students are defined as those with class years beginning with two digits of a year of graduation or classified as 15, 18, 30, or 31. Graduate students are defined as those students classified as 20 or 21.

The following policy was approved by the Faculty at its meeting on August 29, 1972:

Article II, Section 2.9 - Replacement of Senators

2.91 Absentee Senators:

The seat of a senator shall be declared vacant in any of the following cases:

1. The senator declines to accept his election.
2. The senator misses four consecutive Senate meetings.
3. The senator misses over fifty percent of the Senate meetings in one academic year.

The Executive Committee of the Senate shall declare when a seat is vacant. In extenuating circumstances the Executive Committee may declare an exception to the rule. In both cases the Executive Committee must report its action to the Senate for its approval.

When a vacancy is declared the seat shall be filled in one of the following ways, to be determined by the Committee on Nominations and Elections:

1. Elected Senators
   a. Designation of the available person with the next highest number of votes in the last previous election from the constituency involved.
   b. If no such person is available, election or appointment by an appropriate body in the constituency involved.

2. Appointed Senators

Selection of a new senator by the President.

Powers of the University Senate

INTRODUCED BY: Executive Committee

It is hereby proposed that the following be enacted:

I. That because the powers and responsibilities of the Faculty of State University of New York at Albany, all of which, with the exception of specific reservations, the Faculty has delegated to the SUNYA Senate, are vaguely stated as "...the development of the educational program of the University and...the conduct of the University's instruction, research and service programs, subject to the provisions of the New York State Education Law and the Policies of the Board of Trustees" (Article I, Section 3.1), the Senate assumes upon itself the obligation to interpret the extent of those powers and responsibilities. Unless otherwise specifically directed by the Faculty, the Senate will construe its charge (Article I, Section 3.2) in the broadest possible sense.

II. That the Senate assumes that any policy, practice, or condition within the University which in its judgment significantly affects the quality of the institution's legitimate functioning is a proper concern of the Faculty, and hence, of the Senate.

III. That the Senate, recognizing that the powers of the Faculty, and hence, its own, are limited by State Law, by the policies of the Board of Trustees, by the policies of the SUNYA Council, and by the prerogatives vested in the President of SUNYA, assumes that the Faculty properly expects to be consulted regarding any proposed change in these policies and regulations, and hence, the Senate expects to be so consulted.

IV. That, although the Faculty, and hence, the Senate has no authority, beyond that of individual citizenship, for the governance of local, county, state, and national political jurisdictions, some policies and actions of external governmental bodies significantly affect the quality of the University's legitimate functioning, and on such matters the Faculty might properly be expected to register its approval or disapproval, as appropriate. When, therefore, and only when, a situation external to the University is demonstrated to the Senate's satisfaction to affect significantly the quality of the University's functioning, the Senate may appropriately express its approval or disapproval and if circumstances seem so to warrant, will seek endorsement of its action from the Faculty and the student body, through
referendum. It shall be the responsibility of the sponsors of any resolution not calling for changes in the policies or procedures of the University itself to demonstrate, in the text of the proposed resolution, the bearing of the subject matter upon the functioning of the University.

V. That the Executive Committee of the Senate shall not rule on the appropriateness of a proposal brought before it, unless it is acting for the Senate when that body is unable to act. Except in that contingency, the Executive Committee will either refer a proposal to an appropriate Council or place it on the Senate's agenda. A Council may recommend for or against a proposal referred to it, or may propose amendments.

VI. That this bill take effect on October 1, 1970.

Rules of Order

INTRODUCED BY: Executive Committee

In accordance with the Faculty By-laws, Article II, Section 5.23, (The Executive Committee shall make recommendations for improving the operation and maintaining the orderly process of the Senate), the Executive Committee proposed adoption of Bill No. 197374-01. This Bill is an attempt to eliminate some of the confusion which occasionally exists, and to identify past practice in the matter of Council reports. The recommendations are consistent with Roberts' Rules of Order, and clarify selected Senate procedures.

I. It is hereby proposed that the Senate adopt the following Rules of Order:

1. If a Senate meeting is still in session at 5 p.m., the parliamentarian shall so inform the Chairman. The Chairman will call for an appropriate motion, which might be one of the following:

1.1 To adjourn (implies no topic on the floor).
1.2 To table the current topic until the next regular meeting; to be followed by a motion to adjourn.
1.3 To recess until _____ (for example, the following Monday at 3 p.m.).
1.4 To continue discussion until (specific time).
1.5 To move the previous question; to be followed by a motion to adjourn, recess, or continue business until (specific time).

2. That insofar as possible, speakers on a topic be alternated as to their pro or con positions, with the exception that no Senator shall be denied the right to speak at least once during the debate.

3. That Council reports be handled in the following fashion:

3.1 All Council reports shall be submitted in writing and shall clearly distinguish between information and recommendations for action.
3.2 Recommendations for action shall be in the form of a bill and shall be discussed and acted upon under "new business".
3.3 The informational section of a Council report may be questioned while the report is on the floor. If a Senator wishes to challenge any action taken by the Council, he shall do so by making an appropriate motion under "new business".

II. That this bill take effect immediately.

MOTION APPROVED - SEPTEMBER 17, 1973
UNIVERSITY SENATE
STATE UNIVERSITY OF NEW YORK AT ALBANY

Rules of Order

INTRODUCED BY: Executive Committee

In accordance with the Faculty Bylaws, Article II, Section 5.23 (The Executive Committee shall make recommendations for improving the operation and maintaining the orderly process of the Senate), and in order to implement the resolution approved by the Faculty in its meeting of February 24, 1981, the Executive Committee proposes adoption of the following:

I. Whenever a majority of those Faculty senators present and voting take a position on an academic matter and it does not carry, and whenever these Faculty senators constitute more than 40 per cent of the total Faculty membership of the Senate, the President shall be notified.

a. When a vote has been taken on an issue, two or more Faculty senators may seek to invoke the provisions of this standing rule.

b. The chair of the Senate shall then determine whether or not the issue is an academic one. The ruling of the chair can be appealed only by a Faculty senator and if an appeal is presented only Faculty senators may vote on the appeal.

c. When it has been determined that the issue is an academic one, the chair shall proceed to conduct another vote on the issue.

II. This bill shall take effect immediately.

This bill was approved at the September 14, 1981 Senate Meeting.

MEMORANDUM

TO: Members of the University Senate

SUBJECT: 1984-85 Student Guidelines

Please recall that during the Senate meeting of September 24, Dr. Harry Hamilton, who was appointed last year as Information Officer for judicial cases initiated by faculty members, inquired about definitions of disciplinary action. I am pleased to attach a copy of our 1984-85 Student Guidelines and I call your attention to page 8, for a detailed discussion of disciplinary definitions.

This document is approved each year and distributed to members of the campus community.

If there are additional questions or concerns please feel free to contact me at 7-7527. You may also contact Alice Corbin, Director of Judicial Affairs at 7-4932.

Preface
The regulations and procedures described herein apply to all student conduct and behavior except that associated with academic performance, academic standing, and associated regulations. Regulations and procedures pertinent to the latter may be found in the official bulletins and other academic publications of the University. Questions of academic dishonesty and other violations of general regulations which occur in an academic setting may be referred to the University Judicial System.

In an effort to encourage greater student involvement and participation in pertinent matters, and to provide additional avenues for the consideration of student opinion, the University Senate has adopted a series of guidelines for faculty-student consultation. The guidelines outline the methods by which student opinion may be solicited. (Copies of the guidelines may be obtained at the University Senate Office.)

The regulations and procedures relating to student conduct are constantly being reviewed and restated in an effort to present them in an understandable manner. The sections that follow have been developed after careful consideration of the suggestions presented by students, faculty, and administrative officials, both individually and through organized bodies such as the Student Affairs Council, the Committee on Student Conduct, and the Student Judicial Committee.

The review of these regulations and procedures and necessary changes will continue through the coming academic year.

I. Introduction
State University of New York at Albany is an academic community within the state at large. As an entity within the society, it has formulated a code of standards and expectations which the University community is to be consistent with as an educational institution.

Specific regulations governing the activities and conduct of student groups and individuals should not be comprehensive codes of desirable conduct; rather they should be limited to the prescription of procedures for meeting the practical, routine requirements of an academic community. It is expected that these procedures should direct their attention to those acts which cannot be tolerated because they seriously interfere with the basic purposes, necessities, and processes of the academic community, or with the rights essential to other members of that community. By formulating a code of ethics, rules and regulations the University does not absolve each student from accepting responsibility for his or her own behavior. Rather, it reaffirms the principle of student freedom coupled with an acceptance of full responsibility for individual action and the consequences of such action. Students are hereby notified that criminal acts and other violations of local, state and federal laws may be sufficient cause for University judicial review and/or disciplinary action. This internal action may be in addition to or in place of action through the criminal or civil courts.

The student is not only a member of the academic community; the student is additionally a member of the larger society and thus remains the rights, protections, guarantees, and responsibilities which are held by all citizens. Although the enforcement of a student's obligations to the larger society is primarily a responsibility of law enforcement and judicial authorities duly established for that purpose, the University accepts its responsibility to cooperate with these authorities when a violation of federal, state or local law is under investigation. The University complies with all federal, state, and local statutes. Those rules and regulations are on file with State University of New York Counselor's Office.

Student Rights
1.1. To protect student rights and to facilitate the definition of student responsibilities, a series of guidelines is established:
1.1.1. All regulations shall attempt to reconcile the principles of maximum freedom and order.
1.1.2. All regulations shall be based upon needs which are related to the basic purposes and necessities of the University.

1.1.3. Students shall participate in formulating, reviewing, and revising regulations governing student conduct to the maximum extent feasible.

1.1.4. All regulations governing student conduct shall be published and made available to all students; it is the responsibility of the student to become familiar with these regulations.

1.1.5. Judicial procedures and subsequent disciplinary actions for the violation of regulations shall be designed for guidance or correction of behavior.

1.1.6. Disciplinary action shall be commensurate with the seriousness of the offense and in conjunction with the total conduct record of the student.

Problem Solving Philosophy
1.2. Individual students within academic communities sometimes encounter problems of a personal nature that may not only be upon the individual, but upon other members of that community as well. An academic community must develop a philosophy relating to such problems and procedures for attempting their solution.

When State University of New York at Albany is aware of an individual with a problem of any type:
1.2.1. An attempt is made to assist the individual to resolve his or her problem. Each situation is reviewed and treated individually. Action concerning particular problem areas is not predetermined.
1.2.2. Initially, University resources such as the Student Health Service (which includes psychiatric consultative services), the Counseling Center and the Financial Aid are employed. If resources outside the University are needed, they are used.
1.2.3. If in the opinion of the Vice President for Student Affairs (in consultation with University resources, as appropriate), an individual with a problem can accomplish his or her objectives and those of the University without jeopardizing his or her own health and welfare or that of others, and if appropriate resources are available, he or she is permitted to remain in the University. If this is not the case, the individual may be required to leave the University to seek assistance from non-University agencies. The opinions of students and faculty judiciary bodies are considered when a case involves an infraction of University rules or regulations. The University will consider a student's application for readmission upon the successful resolution of his or her problem.

Temporary Suspension
1.3. The Vice President for Student Affairs may take action to immediately suspend a student from the University and remove the student from campus when the Vice President for Student Affairs is convinced that the continued presence of such student would constitute a danger to the student or to the safety of persons or property on the premises of the University. This suspension is to be temporary pending proper service of charges, referral to the appropriate judicial body, and a review of the temporary suspension by the judicial body. The Vice President for Student Affairs shall provide for an immediate conference on request of any student so suspended with respect to the basis for such suspension. The Vice President for Student Affairs shall call a sub-committee of three members of the Committee on Student Council (at least one of whom shall be a student) as soon as possible to review the grounds for suspension and advise the Vice President for Student Affairs of their opinion as to the propriateness of the suspension.

Freedom and Responsibility
1.4. The University is committed to encourage and preserve freedom of inquiry and freedom of expression through the academic community. Students, like other members of the University, are free within the law to manifest protest and dissent or support and assent in a peaceful, orderly manner that does not seek to restrain the freedom of expression, inquiry or movement of others. All members of the University have the right of free access to the activities of the institution without physical interference, harassment, or intimidation.

Each member of the University is obligated to behave lawfully, maturely and responsibly, and shares the responsibility for maintaining standards of behavior essential to the orderly conduct of the University's function as an educational institution.

Those who disrupt the institution's orderly conduct of its affairs or who obstruct or physically interfere with the rights of others will be subject to suspension or dismissal from the University.

II. Student Welfare, Student Conduct, and the Disciplinary Program

Section 356 of the Education Law empowers the University Council to make regulations governing the conduct and behavior of students under the control and with the approval of the Board of Trustees of the State University of New York. All programs for student welfare and conduct are entrusted to and administered by the President of the State University of New York at Albany on behalf of the University Council. Legal responsibility and obligations rest with the President, who serves as chief administrative officer of the institution.

The specific administration of programs of student welfare is delegated by the President to the Vice President for Student Affairs. Enforcement standards of behavior, University regulations, recommendations for new policies, or modifications of policies or regulations affecting student conduct and behavior are generally initiated through the Office of the Vice President for Student Affairs. In addition, the Vice President for Student Affairs has jurisdiction over the student judicial system within the University disciplinary program, including the following specific responsibilities:
1. Implementation of the disciplinary program;
2. Coordination and initiation of investigations relating to alleged misconduct or violations of regulations;
3. Consultation with adjudicatory bodies on disciplinary matters;
4. Serving as liaison with Department of Public Safety and other offices concerned with student conduct. (Although the University’s Department of Public Safety bears primary responsibility for law enforcement on the SUNY Albany campus, disciplinary judicial referrals may result from investigations conducted by and reports to the Department of Public Safety);
5. Implementation of programs and actions to insure safety and welfare.

The breadth and scope of programs of student welfare and student conduct necessarily require the efforts and concern of the University officials, including those members of the professional staff who are directly concerned with activities and programs of student welfare. They accept major responsibility, as designated, in the administration of such programs.

To assist the student in the learning process, the University, through its faculty and professional staff will, in its good judgement, advise and counsel with students and attempt to use informal personal and social techniques to enhance the learning process. The University acknowledges, however, that a more structured and formal system is also necessary in some cases. This system is required when violations of particular University regulations and/or civil law take place. With this in mind, a judicial system exists which takes into consideration involvement of all members of the University community.

Questions related to student conduct, such as those concerned with jurisdiction and referral of cases or clarification of regulations or disciplinary procedures should be directed to the Vice President for Student Affairs for resolution. That office will consult with the student or faculty body directly concerned with the issue being considered before rendering a final decision.

II. Rules and Expectations

The University Council is empowered by law to establish regulations governing the conduct and behavior of students.

In order to encourage, maintain and assure adequate communication with and participation in the administration, faculty, and students...the University Council shall act after consultation with the chief administrative head and with representatives of faculty and students in promulgating or in reviewing and ratifying regulations on student conduct. In the regulations, the council may confer upon student groups, faculty, committees, administrative officers, or combinations thereof appropriate responsibilities concerning the student conduct and behavior. (Guidelines established by the Board of Trustees, Part 500, 500.13(a); July 31, 1967)
The rules, regulations, and procedures for the maintenance of public order on campus, or the State University of New York, as amended and adopted by the Board of Trustees, are in effect at the State University of New York at Albany. The rules and regulations are distributed at the beginning of the academic year. Additional copies are available from the Office of the Vice President for Student Affairs.

University Regulations

The following regulations are established and set forth as guidelines for student behavior. The University expects that each student will behave lawfully, maturely, and responsibly and that his/her behavior will not be detrimental to the orderly conduct of the University’s function as an educational institution. The following actions and behavior are expressly prohibited on University-owned or operated property, or on properties under the Student Association or University Auxiliary Services. Violations may result in disciplinary action.

2. Possession and/or use of firearms or other weapons or explosives, such as firework, or possession and/or use of dangerous chemicals except as authorized for use in class, or in connection with University-sponsored research or other approved activities. (Provision has been made to store firearms in the Public Safety Building. The term firearms means rifles and shotguns only. The possession or storage of pistols is expressly prohibited. Those adhering to the provisions for storage would not be in violation of this regulation. Unauthorized possession of a firearm on University-owned, leased, or operated property is also a violation of the New York State Penal Law.)

1. referral to existing judicial boards or committees;
2. creation of an appropriate “ad hoc” committee; 
3. assignment of the case to a hearing officer.

Each judicial board, committee, or hearing officer is authorized to recommend to the Office of the Vice President for Student Affairs disciplinary action in response to cases which it considers. After careful review and consideration, the Office of the Vice President for Student Affairs shall act upon the recommendation. If the recommendation cannot be accepted as submitted, it will usually be returned to the judicial board, committee, or hearing officer for reconsideration or further justification. Each judicial board, committee, or hearing officer is authorized to recommend judicial referral action in response to cases which do not warrant University action.

A copy of each judicial referral will be filed with the Office of the Vice President for Student Affairs (or the Office of Residential Life for the residence-based cases) for the actual hearing. Prior to forwarding the referral to an appropriate judicial board, committee, or hearing officer, the Office shall notify the student (at his or her) of the referral that a referral has been processed. A summary of the case and the recommendation by judicial board, committee, or hearing officer for University action will be provided to the Office of the Vice President for Student Affairs for review and action. In cases where judicial level action is being recommended, the judicial board, committee, or hearing officer should include the original copy of all materials with the case summary and recommendation to the Office of the Vice President for Student Affairs or the Office of Residential Life for residence-based cases for review and transmitted to the student should the recommendation be accepted. Any student may request the Vice President for Student Affairs to review the case with him or her upon its conclusion.

4.1 Quadrangle Judicial Committee: Each residence quadrangle board is authorized to establish a judicial committee to consider cases of violation of University regulations which occur within the area of the residence quadrangle. The judicial board shall be established in a manner prescribed by the quadrangle board constitution.

4.2 University Student Judicial Committee: The Student Association is authorized to establish an all-University student judicial committee which generally considers cases involving violations of University regulations which occur on University-owned or-operated property, but outside of the confines of the residence quadrangles, where such quadrangles have established a duly recognized judicial body. In addition, the University Student Judicial Committee shall serve as the appeal body for cases heard by the quadrangle judicial committee, when such cases have involved action other than University disciplinary action and the appeal is being requested by the individual against whom the initial complaint was made. The University Student Judicial Committee shall be established in a manner prescribed by the Student Association.

4.3 Committee on Student Conduct: The Committee on Student Conduct, a committee of the Student Affairs Council of the University Senate, may serve as a primary action body in cases that are considered to be serious in nature or in the cases which involve graduate students. Recommendations resulting from cases where this committee is the primary hearing body may be appealed to the Student Affairs Council. The committee serves as an appeal body for those cases in which University disciplinary action has been taken, or in which judicial action is being appealed by the individual who made the initial complaint, and may recommend to the Office of the Vice President for Student Affairs a revision of action previously recommended. Further, the committee considers, reviews, and recommends policies, procedures, and regulations relating to student conduct.

4.4 The Residence Review Board: The Residence Review Board is composed of full and part-time residence staff members. It is exclusively concerned with the violations of the residence license. The Residence Review Board shall operate in a manner consistent with the procedures outlined below.

5.1.4. No member of the hearing judicial board, committee or hearing officer should be either a witness against the student or a person previously engaged in formulating the charge or in presenting material relating to the case.

1. No party will appeal the decision of the judicial board, committee, or hearing officer to the University Judicial Council.

5.2 Appeal Procedures: Where stipulated certain judicial boards, committees, and individuals will also serve as the hearing body for cases in which judicial referral should have ample opportunity to explain the circumstances surrounding the incident and are encouraged to present pertinent evidence and the testimony of witnesses in person. In addition, both parties should be afforded an opportunity to ask questions of any witnesses who appear and to comment on any written statements or other evidence presented, and to respond to questions. Further, both parties have the right to be assisted by a lawyer; the advisor may speak privately to the advisee during the proceedings. Either party may request a brief recess to consult with him or her advisor. At no time during the hearing, however, will such advisor be permitted to speak for the advisee.

5.1.7. Either party may request in writing, to the Office of the Vice President for Student Affairs, the requirement of a hearing. In such case, a hearing judicial board, committee or hearing officer will consider the evidence available and make a decision upon a presentation of such evidence. If a student does not waive the requirements of a hearing but does not appear at the scheduled hearing after appropriate notice, the case will be considered by the hearing judicial board, committee or hearing officer and a decision rendered in the student’s absence.

5.1.8. When both the referred student and the person making the referral agree on the facts in an incident and both parties agree to waive the requirements of the usual hearing procedures, a request may be made of the case and implementation of a disciplinary decision by the Office of the Vice President for Student Affairs. The request for reconsideration should be in the form of a joint memorandum to the Office of the Vice President for Student Affairs. This memorandum should be submitted along with the judicial referral form. The Office of the Vice President for Student Affairs will schedule a hearing as quickly as possible. The appeal rights of both parties remain unchanged.

5.2.1. Said person must appeal the action in the case within ten days of receiving the case referral. An extension of this deadline may be requested in writing to the Office of the Vice President for Student Affairs to accommodate periods of University recess or for other extenuating circumstances. The appeal must be directed to the Office of the Vice President for Student Affairs to the judicial board, committee or individual designated to act in an appeal capacity for this case.

5.2.2. The individual seeking the appeal must indicate the specific bases or reasons for her appeal in her written statement. The appeal statement should be of sufficient detail to permit the evaluation of the merit of the grounds for appeal.

5.2.3. The appeal board, committee, or individual will consider the written statement of appeal and recommend action to be taken. The individuals involved will receive written notification of the decision by the Office of the Vice President for Student Affairs.

5.2.4. Appeal hearings will follow the
procedures already established (See 5.1).

VI. Description of Disciplinary Action

Each judicial board, committee, hearing officer, or mutual consent officer shall determine the innocence or guilt of the student whose case is being heard. The judicial board, committee, hearing officer, or mutual consent officer may determine innocence and recommend no disciplinary action. If guilt is determined to some or all of the charges, the appropriate sanction(s) should be recommended.

6.1. Judicial Level Action: In some cases a judicial board, committee, hearing officer, or mutual consent officer may recommend that some action be taken other than University disciplinary action. There is no notation made of such action in the student's permanent record file. This information will be made available, however, for use in establishing an appropriate disciplinary recommendation should the student be found responsible for any subsequent violations of University regulations which occurred during the effective period of the judicial level action.

6.1.1. Judicial Level Letter of Warning: Issued to a student to indicate that past behavior was in violation of University regulations. Changes in behavior are expected.

6.1.2. Restitution: When deemed appropriate the judicial board, committee, hearing officer, or mutual consent officer may also recommend restitution for damages done or other payment for expenses incurred as a result of the student's behavior.

6.1.3. "Community Service": The judicial board, committee, hearing officer, or mutual consent officer may recommend appropriate community service in lieu of or in addition to other action.

6.2 University Action: Taken to indicate to a student that past behavior was a serious violation of University regulations. Changes in behavior are expected. Further violations may result in more serious disciplinary action. Information concerning previous disciplinary action which is still in effect at the time of any subsequent violations for which the student is found responsible will be made available to the judicial board, committee, hearing officer or mutual consent officer as it is determining the appropriate level of disciplinary action to be recommended for the subsequent violation. A copy of the letter notifying the student for the disciplinary action will be placed in the student's permanent record file for a stated minimum period of time. After the stated minimum period of time, the student has the right to request a review of her or his conduct record and removal of the letter from his or her permanent record file. The details of circumstances leading to the action are not placed in the students folder, but are kept separately under the control of the Vice President for Student Affairs. Where circumstances are of such nature as to require privacy and confidentiality, the note will be placed in the private file of the Vice President for Student Affairs. These notes are available only to the Vice President and his or her substitute.

6.2.1. Disciplinary Warning: Indicates to a student that his or her behavior is in violation of University regulations or standards.

6.2.2. Disciplinary Probation: A more stringent warning issued in response to more serious or frequent violations of the University regulations. The probationary status is generally issued for a stated period of time and may include specific restrictions on the student.

6.2.3. Residence Hall Probation: Places the student on probation in University residence for a stated period of time. This is in response to violations of University regulations or residence policies.

6.2.4. Disciplinary Removal from Residence: Removes the student from University-operated residence halls on either a permanent or temporary basis. This is a more stringent action, usually taken in response to serious or repeated violations of University regulations. In the event that this action is for a stated period of time, the student may apply, at the end of the period, for housing in University residence halls. Specific restrictions in relation to residence halls may also be included.

6.2.5. Disciplinary Suspension: Separates the student from the University for a stated minimum period of time. At the end of the period the student may apply for readmission. The statement "Suspension-Disciplinary" appears on the Undergraduate or Graduate record.

6.2.6. Disciplinary Dismissal: Permanently separates the student from the University. The statement "Dismissal-Disciplinary" appears on the Undergraduate or Graduate record.

6.2.7. Restitution: When deemed appropriate, the judicial board, committee, hearing officer, or mutual consent officer may also recommend restitution for damages done or other payment for expenses incurred as a result of the student's behavior.

6.2.8. Community Service: Appropriate community service may also be recommended in lieu of, or in addition to, other University action.

6.2.9. Parental Notification: Typically, a parent or guardian is notified of any disciplinary action (listed under section 6.2 University Action) when the student is under 21 years of age. Exceptions to this policy will be considered by the Office of the Vice President for Student Affairs providing the student satisfactorily documents financial independence (as defined in Section 152 of the Internal Revenue Code) or submits a written request detailing substantial reasons why the parent or guardian should not be informed.

The Senate received a sourcebook of General Education Requirements for the SUNY system and adopted a resolution on non-discriminatory language. They urged the Chancellor to make use of Early Retirement procedures to attempt to assist us in correcting minority hiring practices.

The SUNY Senate supported its President and Executive Committee in the position on campus athletic programs and the organization of athletic boards of governance. They also reinforced a position on the faculty role in the review of remedial or developmental courses for credit or non-credit.

The Independent Commission on the Future of SUNY should be about ready to render its report toward the end of this month.

4. Chair's Report

Pat Rogers expressed appreciation to those in attendance and brought up the subject of membership attendance at meetings. She realizes that there are some senators who feel that because, there is "little business of import on the agenda," they have other priorities. She feels very differently and reiterated her thanks to those who feel the same. She also said it disturbs her greatly that there are some Senators who have class conflicts with Senate meetings. She will be looking into that with the Council Chairs as well as with the liaisons for the group of student senators because this seems to involve both student and faculty members.

The February 11 meeting is changed to February 4 (Executive Committee) and the February 25 meeting is now February 11 (Senate).

Bills 8485-01 and 8485-02 have been approved by Acting President Ramaley.

There is a full Senate membership as of the meeting of October 22. Two student resignations were submitted to the Chair from Joe Sala and John Giarrusso.

Crystal Hutchins has moved to the Office of the Registrar to be secretary to the Registrar. Beverly Roth was introduced as the new Senate secretary.
