**Since June is finally rolling around, ex-Milnites are really going strong with important activities and engagement announcements. Joan Whitecraft '47, engaged to Donald Foucault, Jr. Sue Feliciano '46, has announced her engagement to Frances "Dick" Eldridge, also of '48. We extend best wishes to Marilyn Aker '49, for her recent marriage to Stanley Graff.**

**Larry Prop '49, was caught ambushing around town recently. He had just taken a few days off college. We would like to send congratulations to one of our ex-Milnites who have received honors at college. We're mighty proud of Anne Carlhough '49, who has been chosen as vice-president of her class for the coming year at Simmons College.**

**Many of our alumnae have already arrived home from various colleges, anticipating summer vacations.**

**The council, and feeling that Doris was the one, they gave her their support—even though she is a girl. Every year at election time the possibility of electing a girl is mildly considered and then casually tossed away. It's taken the students a long time to get behind a girl, but they have finally done it, and they seem satisfied.**

**Perhaps this little incident has more significance than is evident right now. Some day we may have a woman president of the United States. It's not impossible, you know!**

Players Join Club

There are now nearly 100 girls who are members of the fly ball club. Some girls even have gold stars or diamonds. Naturally, these are just a few of the imagination! To become a member of the club, all you have to do is catch a fly ball, which is a hit before it bounces. This must be done in gym class or during softball intramurals.

The honored girls who became the first three members of the club are: Brenda Sandberg ’53, Phyllis Burt ’53, and Anne Clarke pitched a double whammy at the M.G.A.A. club. The girls tried on a trampoline and wereiar were also on the trampolines.

Girls Try for Cheerleading

Cheerleading tryouts were held on May 31 for grades 7 and 8. Those who made the junior varsity squad are: Pat Gagen ’55, Mary McManus ’54, Pat Cardwell ’54, Margaret Moran ’54, Sue Ketler ’54, and Honey McNeil ’55.

Girls in grades 9 and 10, and 11 tried out on June 2. Because the competition was so keen, the final tryouts were held on June 5. After a hard decision, the judges finally chose Lois Tevelle ’51, Tommie Tomlinson ’51, Mary Alice Leece ’52, Cynthia Tainter ’52, Nancy Trip ’53, Nancy Bellin ’53, and Ruth Dyer ’53, to be the M.G.A.A. cheerleaders.

B. J. Thomson and Ruth Staley were in a horse show last Sunday. They earned two ribbons. Congratulations!

After losing their first two games, the Milne freshman baseball team nipped the Albany Academy, 9-8, on June 5.

**Banquet Honors Milne Athletes**

Milne’s annual Father and Son Banquet was held at the Westminster Presbyterian Church on Tuesday, May 23.

The evening commenced with Mr. Julius Sackman, toastsmaster, leading the singing of the National Anthem. Upon the conclusion of dinner, Mr. Sackman entertained the diners with several amusing stories.

Trophies Awarded

Next on the program were the athletic awards, handed out by Coach Grogan and Head Manager Put Barnes. Trophies were presented to the outstanding athletes in the various sports. Those boys receiving them were Ted McNeil, basketball; Paul Hubbs, baseball; Ronnie Vanderburgh, football, and Dick Propp, tennis.

Behind Every Man--There's A Woman
By EDITH CROSS

"Behind every great man, there's a woman," so the saying goes, and we have discovered that the woman behind our great man--Dr. Fossieck--is Mrs. Janice Fossieck.

It took Mrs. Fossieck, "The wheel behind the wheel," two years to "get behind" Dr. Fossieck. Mrs. Fossieck, then Miss Dorr, was a dietician. It was spring of 1938 when a young man's fancy turns to where the lady's fancy is all year long. The future Mrs. Fossieck fed Dr. Fossieck since she knew the way to a man's heart was through his stomach. Apparently, this old proposition proved true again for two years later become Mrs. Theodore Fossieck at a June ceremony.

Among the many hobbies of Mrs. Fossieck, making pottery is one of her favorites. The picture below shows Mrs. Fossieck arranging flowers in one of her creations. All are made out of baked clay and painted. Mrs. Fossieck is very interested in a new course in ceramics that Mr. Raymond is teaching next year.

Mrs. Dorr, Mrs. Fossieck's mother, probably has the largest collection of antique vases in the United States. Dr. Fossieck is writing a book about these pieces. His chief researcher: Mrs. Fossieck. They often go browsing around antique shops together looking for old vases.

Perhaps the strangest experience which Mrs. Fossieck has ever had was the time she was in Paris. She and a friend were waiting for the elevator, but it was late. The woman turned around, gave them a sidelong look and then left the room. The doors opened and the elevator was filled with two American students and two French students. They were conversing.

If that was not enough to make them retreat, the sight of a huge Negro guard stepping in front of the doorway to the next room really did the trick. They turned and didn't stop until they were back down in the lobby in front of the elevator. Later they learned that an Arabian chieftain and his harem were in the suite into which they blundered.

Mrs. Fossieck is very grateful for the warm reception she has received at Milne College. We can't thank her enough for all the lovely things she has done for Milne.

"Gus Gus" and Pals Entertain Students
By ANN STROBEL

Cinderella and her story were brought to life before the seventh graders at their theater party held recently at the Madison.

Awaiting the occasion eagerly for many weeks, the students were rather disappointed to find the day rainy, but they managed to convince Miss Anita Dunn, English teacher, who is a visitor that a little water never hurt anyone. So off they trooped into the theater.

Miss Dunn was very surprised and pleased to find her pupils quite as frisky as she had expected. Everyone was very quiet while watching the movie; only one bag was popped, although everyone claims the class was not responsible. No popcorn showers occurred either.

"Gus Gus," the lovable, comic mouse in "Cinderella" was there. Their companionship never ceases, as everyone agreed, the next day in class, "Cinderella" was one of the best pictures they had ever seen.

Milne Artists Tour Area Show

Art students of the Basic and Advanced Art classes visited the "Artists of the Upper Hudson" annual exhibit of paintings at the Albany Institute of History and Art on Tuesday and Wednesday, May 10 and 11.

Mr. Vincent Popolizio, head of the Milne Art Department, explained that the tours were conducted "to give the students an over-all picture of what is being produced today in the 'World of Art'. Mr. Popolizio led the discussion of the paintings, including painting techniques, subject matter, quality, and effects.
