Council Cheers Orphans, Vets.

Junior Red Cross has been active in recent weeks planning for the holidays and the rest of the year. As in the past, J.R.C. is sponsoring a Christmas tree trimming at the Albany Home for children. The boys and girls at the home always look forward to the trimming and the parties put on by the Smiles club of State College.

Entertain Veterans

December 15, students from the entire Albany area gathered at 6:45 at Veteran's Administration hospital on Holland Avenue for the annual V.A. Christmas Sing and Tree Lighting. A giant, gaily decorated Christmas tree stands in front of the hospital and the patients are brought to the windows to see Santa come flip the switch that lights the tree. Then the carolers sing a few Christmas songs before going through the wards to entertain the patients.

Chest Debated

Toward the spring, the council has planned the preliminary stages of a school chest. Letters have been written to other schools who have made them in the past, in order to establish the cost. A school chest is a high school J.R.C. project that makes them in the past, in order to establish the cost. A school chest is a high school J.R.C. project that makes them a part of their annual entertainment and entertainment for students.

Red Cross Council extends an invitation to everyone who would like to attend the meetings. They are held in the ceramics room of the shop during homeroom period Monday.

Latin Students Study Holiday

During the holiday season a number of the Latin classes have been discussing a Roman holiday which occurred about this same time.

This holiday, the Saturnalia, is a festival to celebrate the God Saturn. Many of our holiday customs have their origin in this festival, such as the giving of gifts, decorating trees, and entertaining friends.

Study Old Customs

The Latin cultural-historical class has been studying a reading from Catullus concerning the decorating of trees. It will form a basis for a discussion of the customs of the Saturnalia and its modern counterparts. The Latin I classes will compare the Saturnalia with holiday festivities in other countries as well as our own through Latin readings, booklets, and class participation.

Music Club Forms

Music Appreciation club has organized this year due to the efforts of Bob Berberian and Dr. Roy York of the Music Department.

As its first project the club plans to go on a trip to New York to attend performances at the Metropolitan Opera, Carnegie Hall, and possibly Radio City Music Hall.

Scheduled in February

Leaving Friday, February 19, the forty participants will take a chartered bus to their destination. In the afternoon at Carnegie Hall they will hear Symphony No. 2 by Mahler. This magnificent symphony of five movements was written for soprano solo, mezzo-soprano solo, chorus and organ as well as orchestra. Phyllis Curtin and Regina Reznik will be the soloists. Leonard Bernstein is conducting.

At the Metropolitan they will hear the traditionally partnered operas, Cavalleria Rusticana by Mascagni and Pagliacci by Leoncavallo.

Dr. York says that if this trip is successful, it probably will become an annual event.

Group Reorganized

Attempts were made in '57 and again in '58 to start the ball rolling for this organization, but there was poor membership and a general lack of interest. This year, however, there are sixty-five members participating in this new activity.

Introduces Great Music

According to Dr. York, its main purpose is to offer an introduction to great music. The first piece studied was Tchaikowsky's Symphony No. 6.

Sound equipment is certainly adequate, for stereophonic sound will be installed in the near future, and a new $1,000 speaker is currently being used.

By popular consensus of the members, no officers are to be elected and no dues collected. Unfortunately, the period for joining has expired, and the closest date for such a purpose will be next fall.

Five Seniors Rate Top 3 Percent

WRITERS TAKE SPECIAL TEST

The girls took the examination at 9:00 a.m. Saturday, January 16, 1960, in Albany High School. It was of the essay type and concerned the reasons why a girl would want to get a college education. The exact title was announced at the examination. The papers were judged by Mr. Ray Cecil Carter, retired English supervisor of the Albany schools, and the Albany County Chamber of Commerce.

A $50 savings bond will be given to the girl submitting the best paper. The next two papers will entitle the writers to $50 savings bond each.

Juniors Plan Alumni Ball

Undeterred by the prospect of graduating next year with no caps, gowns or diplomas, juniors have put into their dwindling class funds to stage this year's Alumni Ball. They have decided to have the dance in the Ingle room of Pierce Hall at 221 Ontario street from 9 o'clock to midnight.

Alumni ball is semi-formal, girls will wear gowns and boys will wear suits. December 19 is the date of the dance; the affair is open to all juniors, seniors and alumni of Milne.

Showmen Theme

Snowmen are the theme of this dance, and its name is appropriately "Snowmen's Serenade." Music will be supplied by Harry Raymond and the Naturals.

Supervisors for the dance are Miss Anita Dunn, Mrs. Harriet Norton and Dr. Randolph Gardner. Class officers have worked diligently with the committee in preparation.

Scholarship Qualifying test last spring.

Ranking in the top three percent of the more than 14,500 high school juniors from 14,500 U.S. schools who took the three-hour scholarship test were Stuart Lewis, Ted Standing, Kathie Hendrickson, Doug Margolis, and Peter Sarafian.

By achieving commendable status these students become eligible for many scholarships apart from the Merit program. The National Merit Scholarship corporation estimates that another million dollars in addition to the usual $1,000 Merit awards will be given in scholarships. Five groups of students who achieve high scores on the test are recognized. Students in the commendable group are selected on a national basis without regard to the high school population of the state. In addition, the top seniors in each state, selected according to the number of graduating high school seniors in the state, are named semi-finalists and take a second examination for scholarships.

Writers Tested

Three members of the senior class have been selected on the basis of their demonstrated writing ability to represent the Milne school in the forthcoming scholarship examination sponsored by the Junior Chamber of Commerce in connection with the Junior Miss competition.

Kathie Hendrickson, Pamela Press, and Elaine Spath were nominated on the basis of the writing which they have done so far in their senior English classes. Dr. James E. Cochran, head of the Milne English department, made the nominations after reviewing the girls' work and considering the nature of the examination.

Test in Albany High

The examination began at 9:00 a.m. Monday, January 16, 1960, in Albany High School. It was of the essay type and concerned the reasons why a girl would want to get a college education. The exact title was announced at the examination. The papers were judged by Mr. Ray Cecil Carter, retired English supervisor of the Albany schools, and the Albany County Chamber of Commerce.

A $50 savings bond will be given to the girl submitting the best paper. The next two papers will entitle the writers to $50 savings bond each.

Bob Berberian and Dr. Roy York, organizers of the Music Appreciation club, conduct a meeting.
Letter to the Editor

Dear Editor,

I am a new student in Milne school this year and I too can see the lack of interest Milne students have in school activities, but I do not think that changing the name of the school paper is going to help promote school spirit among the students.

It was mentioned in the November 20 issue of "C&W" that there are many people who have never heard of Milne school. I am sure that this is not the fault of the name of the school paper.

We must remember that our school can become as well known as the students want it, this can be done simply by encouraging Milne students to attend all school sports, games, and other activities in the school.

If changing a tradition is going to bring better results in school interest than I think it's a good idea, but it is my opinion that you are changing the wrong thing.

—Pat Olson '60

Confusmas

Christmas is an extremely confusing time. Actually, the holiday is fine, but it's the people's interpretation of it that is baffling.

Christmas is the birthday of Christ. Where then does buxom benevolent, Santa Claus fit in? He in no way corresponds to the spiritual meaning of the holiday.

Where did the idea of showering kids with presents come from? It just doesn't seem coherent with the original idea of Christmas.

Have you ever wondered why everyone can be kind, generous and cheerful once a year? Look at the rosy faces just before the holiday! Then take a look at them after the New Year hangover. Wow! They're back to the old, long-hanging faces again. Why can't people retain joy and good spirits most of the time?

It is riotous to see the names on Christmas cards you receive. People haven't even called you on the phone just once during the whole year, and now they remember that you're still alive.

Much in the same way, our school does a noble deed in aiding destitute families at this time of year, but what do these families get the first week back? Christmas hangover! Why should these people be remembered only once a year?

Well, after all, one might as well have a fling this Christmas season. One spree of happiness is better than none at all. Forget about all the special assignments that are sneaked in over the holidays. Forget about all the tests that will be popped on you the first week back. Christmas hangover is over. Why should these people be remembered only once a year?

In reply to this issue's letter to the editor:

Pat, the intention of changing the paper's name was not made clear. Our paper's name is too typical and average. Almost every school paper is named the school colors. A name which means something was thought to be better, a name like Monitor or Herald. It is thought by some that such traditions bog down school spirit.

Milne Merry-Go-Round

By GLENN and GAY

Seen enthusiastically clapping at the senior play were Liz Cantwell, Stanley Lockwood, Jill Kaperz, Curt Cosgraves, Carole Huff, Jimmy Hengerer, Ellen Hagard, Dick Blabey, Nancy Feldman, Leo Mokhiber, Liz Cantwell, Mary Grear, "Coddy" Knuckles, Sue Gerhardt, John Breeze, Larry Cramp, Mary Gross, "Cody" Knuckles, Sue Soder, Sue Garman and "Moe" Glasgow.

Joyce Johnson, John Breeze, Lorraine Maynard, Warren Abele, Gay Simmons, Paul Sabol and Jill Kaperz participated in a Junior Red Cross tour of the Veterans Administration hospital.

They had a great time and a lot of fun playing at the senior play. They saw a lot of good play acted by the Milne students and have a lot of fun during the day.

THE TURTLE

By MARTHA LOWDER

The turtle is well known for the length of his neck. His way of looking around is quite unique. He has a long neck, which enables him to see over a large area. This animal may be a very slow beast but he is not the least worried. For he is nature's very own tank.

The turtle acquires a very high rank, for he is nature's very own tank.

THE GIRAFFE

By DIANE BAKKE

The giraffe is well known for the height of its neck. It has a long neck, which enables it to see over a large area. This animal may be a very slow beast but he is not the least worried. For he is nature's very own tank.

The giraffe acquires a very high rank, for he is nature's very own tank.

THE PIG

By DIANE BAKKE

A pig is such a funny thing; instead of a tail it has a spring.

THE BOXER

By KAREN HOFFMAN

A Boxer is known for a sad looking face, also a tail that is lacking in space.

Come To Alumni Ball
RAIDERS TRAVEL TO RENSSELAER

Lose First Three Games

Milne's Red Raiders are not going to play Santa Claus to the Rams from Rensselaer in this evening's game at Van Rensselaer. The Grogan men will be out to avenge the two drubbings they received from Father Chippy Thompson's boys last season.

Long John Rucker, six foot five inch sophomore with one year of varsity under his belt will again be in the hair of the Milne hoosters. As if he needed help, spring legged Rucker will be aided by a starting squad that averages six feet per man. Steve Bueno and Mike Mackey have left, but the Rams just keep rolling along.

This year the Rams will be defending the title they won last year in the league competition. Before his belt will again be in the hair of the Milne hoosters. As if he needed help, spring legged Rucker will be aided by a starting squad that averages six feet per man. Steve Bueno and Mike Mackey have left, but the Rams just keep rolling along.

Squad 3 Wins

Pete Sarafian scored one field goal to lead squad three of Milne's senior gym class to a 2-0 victory over squad one in an intramural basketball game played in Page gym November 24. It was the first victory in any sport for the squad, which finished the football season winless.

Chess Club Busy

Members of Milne's Chess club have been placed on a "ladder" which indicates their respective ranks in the club. Freshman Steve Levitch and Richard Luduena have shared the top spot thus far this season. The club is open to all Milne students.

Sue's News

Girls Attend Playday

Milne's freshman and junior high participated in a volleyball playday December 5 at Livingston High School. Miss Murray selected the most outstanding players from each grade to represent Milne. Chosen from junior high were Mary Groar, Adenta McDade, Gail Kech, Gloria Kircher, Diane Balke, Dee Smith, Sue Gerhardt, Ann Duckett, Mary Taylor and Marilyn Hesser.

Senior high representatives were Lynn White, Carole Ricotta, Penny Traver, Joan Kallenbach, Sara Gerhardt, Barbara Lester and Joan Brightman.

Ups and Downs

Our senior girls started out by winning a booming victory over St. Agnes December 1. In the next games, however, the scores were not quite so dazzling. Milne was literally "massacred" by Schuyler high school 15-4. Nicky Mains defeated our girls, 12-7; Albany high school, 12-4; and BCHS, 10-7. Although Chenille was victorious, Milne's girls gave them a real fight. Their final score was 12-13. The day was perfect, however, as Averill Park was defeated by Milne, 12-7.

Junior high scores weren't exactly what the girls had hoped for, but each girl did her best. Although they were not victorious, our junior high played a close game with BCHS, 11-13. Livingston defeated Milne, 4-18; Columbia and Rucker both won over our junior high, 12-18 and 11-14. To the girls' delight they had a tough squad to reckon with.

Junior High Teams Chosen

Milne's freshman team appears to be destined for success during the coming season, according to their coach, Peter Spina, who is a student at State. The team will open against Schalmont December 22.

Members of the team are Bill Berke, Brian Cory, Curt Cosgrave, Paul of Falls, John Towle, Lee Mokhiber, Cody Nuckols, Jim Olsen, Jeff Rider, and Dave Worthman.

Howie Berkun and Steve Einhorn, two well-known Milne seniors, are acting as coaches of the Milne eighth grade team. Members of the team are Dick Blalby, Bill Day, Peter Einhorn, Tom Grogan, Steve Goff, and John Melon. The Milne varsity and the three bus will again be in the hair of the Rams.

Livingston defeated Milne, 4-18; Columbia and Rucker both won over our junior high, 12-18 and 11-14. To the girls' delight they had a tough squad to reckon with.

Around the League

Academy's two point loss to Cohoes was not as surprising as it seems. Paced by the Heroux brothers and Tony Gillie, the Tigers will be a tough squad to reckon with.

Hudson's Hawks upset pre-season pick Watervliet with another Van Ness boy helping out Jay Whetwick and Chick Hughes. The new addition is Rodney Van Ness, brother of big Bob, who will long be remembered in the Capital District league... C.D. league member Shenendehowa's zone defense regained. Again balanced scoring proved to be a key factor. Jenkins and Jon McClelland led the scorers with 10 points each, followed closely by Sandy Berman with 9 and Tom Bennett with 8.

J.V. Splits

Shenendehowa's new gym may have given its JV just enough spark edge Milne's Junior Varsity 41 to 34. A young Milne squad showed that they were well taught and rated by Sandy Berman with 9 and Tom Bennett with 8.

Senior Spotlight

By PAM AND BILL

Barbara Lester and Doc Hengerer stare off into the distance as they dreamily anticipate the Alumni ball.

DOC HENGERER

"Looks like another doctor," is what the doctors said when Arthur Hengerer was first registered. The nickname, "Doc," has stuck, although he has already seen enough doctors (doctors, for that matter) to last him at least one early age. "It seems I'm always getting a broken this or a broken that," Doc says, looking at his latest, a bandaged arm.

Of course the arm was injured during one of his favorite pastimes, basketball. During his year of J.V. and his year of varsity basketball, he has managed to rack up a total of four injuries. A year of J.V. basketball and another of varsity have also taken their toll. In the summer he tries to keep up his "injury-count" with water skiing.

Although he has sustained no injuries during the lunch hour, Doc is a member of the exclusive luncheon club, the Italy club. He is also the vice president of Adelphi and a two year veteran of M.B.A.A. Doc is a member of Milne's strong-arm of the student body that terrible, tough traffic squad.

His college choices are Hamilton and Lafayette, and while he is counting his blessings in attending one of them, Doc will continue grinding injured limbs in Coach Gray's "whirlpool.

BARBARA LESTER

Among the products of Watertown, New York are papermaking machinery, railroad air-brakes, snow plows, four and breakfast foods, thermometers, a memorial to Governor Roswell P. Flower and Barbara Lester.

Barbara probably won't have a memorial erected in Watertown (unless she becomes governor) because she only lived there for one year. However, if Barbie's activities at Milne are any indication of her future, she may be governor some day. She is president of Tri-Hi-Y, member of Sigma, cheerleader, and MGAA honor-pin owner, and writer of "Alumnus" for the C&W.

Barbara's goal of her favorite pastime are tentative, but we hope she doesn't go back to Watertown—after all, if she becomes governor of New York state, ALBANY wants the credit!

Thought for the Week

Confusious says: "Man who sits on tack get lastling impressiun."

Senior Girls Take Home Economics Exam

Senior class girls recently took part in a nationwide test, the Betty Crocker Scholarship examination. The test is designed to pick out girls in the country with superior homemaking talents.

Multiple choice parts of the examination were held in the Little theater, and were designed primarily to interest the girls by suggesting the type of knowledge needed to deal with problems they will encounter as they begin homemaking careers.

Awards Given

On a nationwide basis the top winner will receive a five thousand dollar scholarship, and the second, third, and fourth will receive four thousand, three thousand, and two thousand respectively. These scholarships don't necessarily have to be applied to home economics.

Schools Credited

The school of the winning senior will be the recipient of the Encyclopedia Britannica. Following girls of the senior class S. Day, C. Pabst, V. Lange, C. Hendrickson, P. Olsen, J. Brightman, L. Perse, L. Spraker, N. Bergh, and N. Rosenthal took the Betty Crocker Scholarship test.

Hams Inc.

French Club

Reserve Activities

Hams Incorporated, Milne's Drama club, held it's first meeting of the year on Monday, November 30, in the Little theater. The meeting was conducted by Mr. William Kraus, faculty advisor.

Officers will be elected on December 7 and production of a play will be planned for the forthcoming semester.

The purpose of Hams is to gain experience in acting, as well as back stage work. All students in grades 9 through 12 are welcome to join.

French Club Reorganizes

Milne's newly formed French club has been busy reorganizing lately. Sponsored and supervised by Dr. Hal Weasley, Mrs. Steuer will receive a pin, and the highest mark of all the contestants throughout the state (besides his father), even at this early age. "It seems I'm always getting a broken this or a broken that," Doc says, looking at his latest, a bandaged arm.
