STUDENT COUNCIL PASSES
NEW RULING ON MILNE M

The newest law passed by the Student Council is that a Milne M cannot be worn unless it has been won. The small Milne banners, however, may still be worn.

The new ruling will make it more of an honor to wear the M as it will signify some achievement. At present, the letter may only be won through some sport.

SOCIAL SCIENCE CLASS PLANS
TRIPS TO JAIL AND COURT

The 7-A social science class, in connection with its latest unit on crime, is planning to make visits to some places pertaining to crime. Although the usual procedure is to go first to the court and then to the jail, the class voted just the opposite.

The students going on those trips will bring back reports to give to other students.

COUNCIL ANNOUNCES CARD PARTY

Mr. Hotaling announced this week that there would be a card party in the Milne Library on Friday, May 22, at 2:30. It is being conducted to raise funds for the library murals. There will be a charge of 50¢ a person which will include prizes and refreshments. A special request was made to those expecting to play bridge to take a whole table.

At the Student Council meeting, Mr. Norvell announced that there would be cup awards for the winners of contests in the seventh, eighth, and ninth grades on Field Day.

Donner Atwood questioned Dr. Frederick regarding the taking of candy and gum out of the Annex and was informed that none was to be taken out.

LIBRARY TO GET NEW MURAL

A new mural will be put in the library next year. The name and design is not known at present, however.
FIELD DAY COMPlications

Milne High School will have its field day on June 6 this year, and the pupils will be transported to the site by busses. It is necessary to have the permission of our parents to relieve the school of any responsibility. Letters have been passed around which should be taken home promptly, signed, and returned. Please cooperate with the faculty by handling these in on time. The Boy Scouts will again have to miss the annual trip if they wish to go to their own outing. These people have paid their portion of the expenses but will be deprived of the fun. We hope that in the future the dates will be arranged as not to conflict with some other meeting.

**RAMBLING REPORTER QUESTIONS**

STUDENTS ON COUNCIL ACTIONS

The Rambling Reporter put the following question to a number of Milne students and received the subsequent answers: Do you think that the Student Council officers of Milne should pass laws without consulting the homerooms which they represent?

This question was asked the following people and their answers are; Betty Schriner, 227, no; Margaret Chase, 121, no; Fred Regan, 127, no; Otte Schaller, 326, no; Ruth Mann, 305, no; Kingsley Grigg, 224, yes; Robert Emerick, 320, no; Leah Einstein, 135, no.

The majority of the people that said "no" gave their reason that laws should not be based on the opinions of a few, but the officers should consult their homerooms and find out the opinion of all. The person who said "yes" stated that the majority of laws passed during the year are of so little importance that they do not need much consultation, and that the Council member himself can say whether or not it should be passed.

**HOMEROOM 126 LUNCHES IN PARK**

Homeroom 126 went for a walk in Washington Park Tuesday and then ate lunch in the lakehouse. The pupils had an enjoyable time playing with the amusements there.
