DR. FREDERICK TO CROSS COUNTRY

TO TEACH IN WASHINGTON

The following from the seventh grade will model various things: blouse, Ruth Lavino; pyjamas- Eleanor Mc Fee; pin-tucks- June Welsh, Belcore sets- Miriam Steinhardt, Helen Levine; Skirts- Elaine Nitz, Muriel Welch.

From the eighth grade are- house coats- Barbara Rosenthal, overalls- Edel Nitz, Skirt- Corrine Edwards, Blouse, Holly Bissell.

Elaino Drees and the junior high orchestra will supply the music.

Joan Lovenia is in charge of props, and Priscilla Simpson, the program.

On or around June 1 the principal of Junior High, Dr. Frederick, and his family will leave for a trip across the country. Dr. Frederick is going to teach at Eastern Washington College of Education at Cheney, Washington. Dr. Frederick is going to be gone with his family for about three and one half months.

"I am not taking the trailer, but just my car," said Dr. Frederick.

"I plan to take in the Rush Memorial in the Black Hills, Yellowstone National Park, Glacier National Park and the famous Grand Coulee Dam on the Columbia River," Dr. Frederick will be back at Milne in September.

SOCIAL STUDIES SPONSORS

JUNIOR HIGH WRESTLING DANCE

Social Science class 7-4 is sponsoring an event. It will be held in the Little Gym, Tuesday, May twenty-fourth from 3:30 to 5:00 P. M. The purpose of this dance is to raise money in order to plan a party for an orphanage. The admission is ten cents for one and fifteen cents for a couple. Refreshments will be served.

Miss Halter will act as chaperone. You don’t have to dress up, the main idea is to come and enjoy yourself. You can let yourself go, do the big apple or just dance quietly. Don’t forget to come. Everyone is welcome.
The nominees for student council president are James Kirk, Marvin Posenstein, John Peale and Joe Hunting. Home-room voted on when they wanted next year's parties. The average vote was October, March and June; these were not yet determined. The Student Council representatives were asked to find out if Junior High wants 2 or 3 parties next year.

JESSIE J. CORNPLANTER

The Junior High Crimson and White secured an exclusive interview Wednesday with Jessie J. Cornplanter on his visit to State College. He is the last descendant of the Cornplanter of Washington's time.

He set out pencil and notebook in hand and found a large man (six feet, two inches) with an excellent vocabulary who spoke rather hesitatingly.

"What do you think of Albany?" He replied accurately, but politely that it was very nice.

(Cont. in column 2)

LEGENDS OF THE LONGHOUSE

BY JESSE CORNPLANTER

SAW-NEE-WAH

Mr. Cornplanter wore brown khaki pants and a white shirt. On his head was a red silk cap with large feathers in it. The feathers in the nape stood up straight. He wore a bandoleer and a silver band across his chest. On the band were a sign: He had silver bands around his arms. His feet were covered with beaded moccasins.

When I asked if he had traveled much outside of the reservation he answered quite a bit. He often went to New York and Georgia. The Indians on the reservations live practically the same way as the back woodsmen. They are mostly farmers and live in log cabins. A few have radios and cars. The children are driven by bus to neighboring cities for schooling.

Mr. Cornplanter has just written a book, "Legends of the Longhouse". This book is about Indian myths and legends. In this book he is supposed to be writing to a friend (he was with Mrs. Hendricks, who was present at the interview). Mr. Cornplanter and Mrs. Hendricks supplied Carl Carson with information about the Indians for his recent book, "Listen for a Lonesome Drum".

(Cont. from column 2)
The coming election of the Junior Student council president is near. Now is the time to think seriously of who you'd like to see as president next year. When you nominate someone, don't put him up just because you like him or he is your best friend. First, he should be a responsible person, someone you could rely on, he should know parliamentary procedure, and if possible, should have been on student council and know something about it. He should be rather good in his studies so that he can devote more time to the duties of the president. If you know someone that has these points, and you honestly think he would make a good president, do your best to see that he gets nominated, and then support him.

**STUDY**

Isn't today, May 18. (And Friday at that!), and don't we have very important tests coming in June? Do you expect to get above 70? Which would you rather have a hand to your parents, a 96 or a 50?

It's about time we realized that May is here and May brings exams.

**PUT VOTE HERE**

**MOVIE REVIEW**

One of the outstanding movies of the year is "The Adventures of Robin Hood," filmed in technicolor, which is now playing at the Strand Theatre. This picture contains the delights of the book as well as a few added touches. The role of Robin Hood is played almost to perfection by the tallishman Errol Flynn while Lilac de Havilland lends a perfect performance as Maid Marion. The other important parts are played by well-known actors. For an exciting evening "Try" to see "Robin Hood." He'll love it and so will you.

"Robin Hood" is one of the most expensive pictures that Hollywood had made this year.

**RESERVATION**

Well, vacation is over at last, and we're all back to school with expenses to the grindstone. No more vacations until after exams. I wonder how many of our faithful readers read Peter Rabbit for Easter.

Spring certainly is here to stay. Trees are budding, birds are singing, and with this fresh spring weather, it's just swell to sit in your favorite apple tree and read "Under the Elms" by Alcott.

You've probably all heard that Judy Garland is going to play Dorothy in "The Wizard of Oz" by Baum, so you'd better borrow a copy and read up about it. If you can't get it, try one of the other Oz books. They're all good if you always had a little space left in your heart for a fairy story.

As long as Spring is here I might as well mention Hapetion Hawks. It's an splendidiferous book about a circus girl and her adventures. This story will appeal especially to girls who are tall and sensitive about it. It's just waiting for you in the High Library.

Here's a hint to all nature lovers, the trailing arbutus is blooming! In the Spring a young girl's fancy lightly turns to how many wild flowers she can transplant in her book garden. Don't be surprised if you find everybody reading seed catalogues. They're really interesting (to some people). Probably the best one would be "Seemly Garden" by Louise Eastman. We'll leave that up to you or whatever plant you prefer.

I'll leave you now to your spring planting and hope that the weeds aren't the only things that come up.
The Game Club played Checkers, Chess, Charlie McCarthy, and Juries Rire, which are sow with bom new boys, at their last meet-down the halls. This week she presents. Smarty won the chess tournament, 

Hunting. There is a checker tournament going on now.

The Boy Scout Club is planning a hike this tray. Boy, did everyone jump. Even to take place Enley 14, the weather permitting. They are going out the Fuller Road. 

The Boy's Cooking Club made a real spring dinner. At their last meeting, strawberry shortcake. It tasted excellent. 

The Game Club played Checkers, Chess, Charlie McCarthy, and Juries Bar, which are son with their new boys, at their last meet-down the halls. This week she presents, Smarty won the chess tournament from you with some of her largest snoops. 

The Game Club played Checkers, Chess, Charlie McCarthy, and Juries Bar, which are son with their new boys, at their last meet-down the halls. This week she presents, Smarty won the chess tournament from you with some of her largest snoops. 

Last week I wonder if you were in 

I suppose that you have all heard about the accident Shirley Smith had at Beverly Park last Wednesday. It seems that the other team was afraid that Shirley's team would win the same so they tried killing off Shirley's team. Their efforts began and ended when Shirley fell and sprained her arm quite badly. All we can say is "More baseball to you Shirley and next time be careful.'

The boy scouts of Milne High School seemed to be out shining itself. John Dyer came off with high honors by winning first prize in the Boy Scout harmonica contest and Robert Mason won third place in the bugling contest.

In our midst we have a great actor, Mr. Neilen Brody, recently appeared on the stage of the Hall during a program by Kuda Box.

The eighth grade boys have made sailboats that they will soon race. The races will take place on Washington Park Lake, west of the bridge on the way designated. It will probably take place sometime within the next two weeks.

Each contestant will be allowed to practice one hour before the first race is called, which will start at 4:15 PM. The winner of the five heats will race in the final heat. A trophy will be awarded the winner of the race of the five heat winners, and all other winners will receive medals.

(continued from col. 1)

The course of the race will be from the north to the south shore west of the bridge. The first boat to touch the shore in each race will be declared the winner. In case of a tie boats will rerun the race.

Each eighth grade homeroom may elect one girl to act as one of three judges for the correct decisions of the judgments.
