At council meeting, the members discussed the possibility of organizing an Alumni Association. This problem is very important and will take much consideration. A committee headed by Saely Furth and consisting of Roger Craven and Bill Hotelle, is to consult with Miss Shearer on the question. There is a possibility that a committee from the senior class will also attend the meeting.

Kenneth Lascher, manager of the team announced that the bus fare will be 45¢. Only a limited amount of seats are available and so "first come, first serve." SIT AND LIKE IT

The cheerleaders request and implore you for some cooperation at the basketball games. They really work very hard and sometimes in vain. You support the games wonderfully. Now, support the cheerleaders.

The objection is not to the amount of noise that you make but rather to the movement. It is a standing custom for Milmites to sing school songs during the half of the game. However, this is impossible if you students do not stay seated. The minute that the first half is over everyone immediately jumps up and moves around. We realize that you may be staff but such strenuous exercise is not necessary.

Please oblige and put your new resolutions into practice tonight at the Milne-State Freshman Game.

ARE YOU READY?

Now that the worry of the mid-years is over and we can get back to normal again, let us think of the second semester and its outlooks. Many social events are going to take place this semester. The Hi-Y-G.A.C., the Quin-Sigma, and the Q.S.A. dances as well as Soctety Day, Prize Speaking, Class Night, Senior Ball and Finally graduation are to be.

All of these events will play important part to the pupils of Milne, and especially to the seniors who will graduate in June. This is their last year here, and these events build up the climax of their high school life.

Let's make these events huge success. Get into the spirit of the occasion and do your best to support each one of them. Of course many of you will not be able to attend all of them but try to support them anyway and go to as many as you can.

**WARNING**

For several weeks now you have been warned about the disorderly conduct of Milmites. Complaints have been numerous. If you cannot calm down on your own accord, the faculty is perfectly willing to help you. Remember this.

**STUDYING PAYS**

Well, now that we've all been either overjoyed, surprised or disappointed by our mid-year marks, we can put in enough hard work to make sure of our success in the finals. Constant and regular work, done every night, will insure an easier time when it comes time for the next exam.

Most of us spent quite a few nights burning the midnight oil in hopes of getting a whole semester's work in a few hours. Cramming is all right for those who are too stupid to learn the work as they go along. But there are not many in Milne who go into that class. Almost anyone can slip through his high school course without doing much work. But there isn't any satisfaction in that for the person or for the people who find that they can't admire a person who is constantly cheating himself.

We don't like the kind of people who just slip through. They are not the ones who succeeded in the real test of life. For are they the ones who have many true friends. Out of respect to yourself and to your associates, don't just get through the course in any old way. It's worth more than that to you in later life.

At the last business meeting, Dick Selkirk announced that the invitations for newcomers would be issued shortly.

FISH "TAILS"

Robert E. Emerich, a devout fisherman, went "ice-fishing" and returned with 5 pickerel and 2 pike, believe it or not. Bob, tell me the name of the fish market! I have had such bad luck in buying them lately.

THRU THE KEYHOLE....BY HIDE AND SEEK

Did you miss us? Or, didn't you even notice our absence?

One would think, what with a week's vacation and such, that we would have enough dirt to fill up two pages—but—we find ourselves with hardly anything of interest. But, here goes, anyway.

It seems that last Saturday was Bette Potter's birthday, and the kids gave her a surprise party. Bill H., Jack E., and Ginny S., went shopping for the present. Was poor Ginny's face red when the boys refused to go into the stores? We'll say it was.

From what we've been hearing there was a little mix-up after our last basketball game. And, the whole thing was caused by none other than our own captain—Foster. The gang got together afterwards and Sippy, not content with only one girl, had to have two; Margie F., and Pris L. That was a perfect example of our modern triangle.

Wonder what's happened to Vi B., Stevie K., they're both doing a swell job of disappearing as soon as the other one appears.

Speaking of Stevie—we wonder if Barbara S., had a nice time at the President's Ball? And did Lidge S., go with Lorry S., or is our star slumglimp?

No more for now—but—we'll be back again so-long.

ST. AGNES BEATS MILNE IN FIRST PRACTICE GAME

On Friday afternoon, January 29 the Milne Girl's basketball varsity met the St. Agnes team in a practice game in the Page Hall Gym. This is their first encounter of the year. The game was fast and quite exciting. The first half was quite evenly matched in the playing of the two teams; however, the score at the half was 16-12.

Due to the Milne girls' lack of endurance St. Agnes got the jump on them during the second half. Nevertheless, the game was well played with some well aimed baskets. Charles Lichtman was the high scorer for Milne with 14 points while Averyll was the high scorer for St. Agnes with 14. The final score was 31-19 in favor of St. Agnes.

The line up for Milne was as follows: Forward—Koper, Strother, Pink. Guards—Pottier, Hausman, Jones.

The line up for St. Agnes was: Forward—Lichtman, Stevy, and Averyll. Guards—Hartis, Fayerweather, Voelckel, and Naizglo.

40 to 25—Some score, eh what? Will the crimson tide build up a score like that in the game with Mohawk? The boys outplayed the visitors in the first half by a small margin and in the second half they really did click. The boys should be congratulated on their game. "Hawkeys" Crosby and "Mininer" Funk couldn't seem to miss from the center of the floor, making 15 and 10 points respectively, while Jackie Beagle played an excellent game.

The center position was handled very nicely by Gord Carvill who played in the absence of Bobby Toff.

The boys showed us what they could do, and we expect to see some more of it. Incidentally, attendance seemed to be falling off on Saturday night.

This week we play our annual rivals, the State Frosh, who beat us by a close margin earlier in the beginning of the season. It's going to be a great game and we want 100% attendance. The J. V. will play the preliminary game with the State Frosh gym class, who beat our J. V. last time by one point. Consequently this promises to be an exciting game.

THE COMMENTATOR

Well, the boys are back practicing again for their encounter with State Frosh tonight. We should do well against them now we have our exams out of the way. Maybe the results of their exams have left them nervous. The rivalry between State and Milne is very strong and there is promise of a rip-roaring game and now that you don't have to study so hard you can all support the game.

Members of the varsity that will graduate this spring will receive white sweaters with the crimson service stripe on them. The crimson M is woven in the sweater and the results are certainly favorable.

The girls varsity is just like the boys in that they start out their games fine but slow up and finally lose in the last half. However, the St. Agnes game was good and the girls put up a real fight.

Every school that has any kind of a team has to have some years that their team just can't win. This is because the young tutors are continually graduating our newbies more quickly than other years and it seems that we are not having that kind of a year in Milne.
