LET'S SUPPORT THE NEWSPAPER

This year the Milne Junior Weekly is trying out a new system. The purpose is to interest more people in the paper and make closer the connection between the two. You are asked to report any news of importance to the reporter of your homeroom or of your English class. We urge all of the students to cooperate with us in this plan. If this is done, we are sure the system will be a success and make the paper more interesting to you. W. S.

PAY YOUR STUDENT TAX

All of you who have school spirit should pay your student tax. Is it basketball games or is something else the reason? The basketball and baseball teams that represent us have to be financed. We have parties and they must be paid for. When you pay your tax, you are helping to enlarge the baseball teams. You are helping to pay for things for the Gymnasium. Do you realize that in paying your tax, you are not only helping yourself, but the whole school? So all of you pay it as soon as possible so that we will get our equipment that much sooner. M. C.
