Senior High Aids
In Beet Harvest

The students of the Milne senior high school lent a hand to the much needed help shortage on the farms by working on the farm of Harvey Holmes’ father, picking beets.

At a senior high assembly last Wednesday, it was decided that the whole senior high, some 200 students, would go to the farm off Western Avenue on Friday and pull beets. There was no school for the senior high Friday. Dr. R. W. Frederick, principal, presented two plans to the students. The plan not accepted was that forty boys should do all the work on Thursday, Friday, and Saturday, and even Sunday if necessary. The plan which was accepted was that forty boys should do all the work on Thursday, Friday, and Saturday, and even Sunday if necessary.

To the sophomores—after last year fun begins—Senior High dances (new to just the fellows) and societies . . . To the juniors—Implement Algebra, and your chance to run initiation . . . To the Seniors—the Senior Room . . . !!!!

The senior room faces a crucial test as to what little time the room has been open.
Tanno, New Coach Outlines Gym Program for 1943-44

Football, Basketball, Wrestling and Boxing Included in Program

For the third time in as many years, Milne has a new coach. Two years ago Milne had Mr. Kooman to outline the Army Air Corps. Last year Mr. Milne had Mr. Grogan to outline the U. S. Navy. This year Milne's new coach is Mr. John Tanno. Mr. Tanno comes from Patchogue, Long Island, where he taught physical education in the elementary school.

Balanced Course

This year Coach Tanno expects to have a well balanced gym program. This will consist of exercises followed by sports. Those sports probably will be football until it gets too cold; then basketball until it gets warm enough to go outside to play softball. Other sports contained in the program will be boxing, wrestling, and tumbling. If the weather turns cold again, the boys will be able to go skating in Washington Park. The commando course the Milne boys used last year has been taken down. Therefore Coach Tanno expects to improvise course which the Milne boys used last year has been taken down. Therefore, Coach Tanno expects to improvise a course. During the gym class the boys will participate in football and basketball; then at the end of the season the winning team from each class will play the other classes.

When asked about this year's basketball team, Coach Tanno said, "Every effort will be made to develop as good a team as possible."

Coach Tanno is married and has two children, a girl 7, and a boy 4. Incidentally, his wife teaches physical education in Patchogue.

Milne Class of '44 Elects Bingham

The senior class elected Alvin Bingham, president at their first meeting Monday, September 27 in the Page Hall Auditorium.

Working with Bingham this year will be Kenny Stephenian as vice-president, Janice O'Connell, secretary, and Bruce Hansen, treasurer.

Retiring President Paul Distler-Hurst presided over elections. Other retiring officers are: Janice O'Connell, vice-president, Sue Hoyt, secretary, and Sanford Bookstein, treasurer.

Bingham stated, "I want to thank those who elected me and I hope that the class of '44 will have a successful year."

Intra-Mural Mural Formed by Coach

The Milne School boys have started an intramural football program under the leadership of Coach John Tanno, boys' physical education instructor.

Teams have already been made up in each grade and a few games have been played off. They are played on the front lawn during the regular gym classes. They are two-handed touch contests. Of course, exercises precede the football contests.

This will be kept up until snow or cold weather keeps players from the gridiron.

The schedule is of the round robin type and it is easy to continue for any length of time.

The following are the teams: 12th grade: Dodgers, Bull Busters, Hawks and Gunners; 11th grade: Bulls, Scholls, Hillbillies, Woodpeckers, and Murderers; 10th grade: Clinkers, Grapes, Cherries, Lemons, Stars and Blackouts; 9th grade: Warriors, Bees, Blackouts, Black Hawk, and Hellcats; 8th grade: Hopeless, Termites, Cardinals, Tigers, and Bears; 7th grade: Lancers, Spiders, Rabbits, and Giants.

Wilfred Allard
Recently Wed

Wilfred P. Allard, language super­visor in Milne school, was married to Miss Constance Tessier on August 28.

Miss Tessier was born in Cohoes, N. Y., as was Mr. Allard, though they did not meet until two and a half years ago in the Milne halls. Miss Tessier, who received her A.B. degree at the College of St. Rose and her Master’s at St. Joseph, is now teaching at Ticonderoga and will continue to do so, at least for the remainder of this year.

The bride is twenty-six years old. Her father is the Cohoes city librarian and one of her brothers is an ensign in the navy. Her second brother is Father Tessier, who performed their marriage ceremony at St. Joseph’s Church in Cohoes.

A cruise aboard the RICHIELEIU had been planned for the first week of the honeymoon, but it was cancelled, the reason being the Rich­lieieu had crashed the preceding week. They, therefore, spent the first week of their honeymoon in Montreal. The newlyweds thoroughly enjoyed the races, night clubs, etc. of that city.

The second week they spent at Lake Placid, where the couple, appropriately enough, stayed in “Mon Amour Lodge.”

Both Helen Huntington and Mar­cia Leake, who ran into Mr. Allard at Lake Placid, reported that he looked extremely happy.

Figarsky Awarded Prize
For ‘Old Albany’ Essay

Each year Mr. Ledyard Cogswell, Jr., presents a prize to the junior who writes the most interesting essay on Old Albany. Last year Jean Figarsky won the prize of five dollars.

Miss Figarsky’s essay was about the social life and customs of Old Albany. In this she told of the old theaters, streets, and the history of State Street. In mentioning State Street Miss Figarsky pointed out a wall located between the National Savings Bank and Huyler’s restaur­ant which might possibly be an old Dutch house.

Five New Supervisors

(Continued from Page 1)

From Tunkhannock, Pennsylvania comes Miss Gladys E Herrick. Miss Herrick received her Bachelor of Science degree at Cornell. She then went to Columbia University to secure her M.A. Cohoes claimed her first three years of teaching experience. However, she has spent most of her time at Tunkhannock High School, where she taught Physics, Chemistry and Biology. As to her thoughts of the Miss Herrick stated, “I like the students and think they are about the best they come.”

Discussions by Elinor

Fewer and fewer grow the record­ings. Yesterday I overheard one young lady pleading for even the oldest of Frank Sinatra’s recordings. By the way, can anybody ex­plain the mystery to me? Why does one particular crooner merit so much individual attention? Believe it or not there’s an excellent re­cording of “I Heard You Cried Last Night”—so not by Sinatra but by an equally good, if not better singer—Dick Haymes.

Fats Waller’s Piano

Fats Waller has come up with a commendable number called “Up Jumped You With Love.” It has good solid rhythm plus flashes of solo work. Al Casey’s guitar and Gene Sedric’s clarinet have good moments but the vocal and lyrics are off. The reverse side is “Your Socks Don’t Match” and has an excel­lent chorus on the piano in Waller’s impeccable style.

Hits from “Oklahoma”

Most of the better sweet tunes that are floating about come from the season’s smash hit “Oklahoma.” “People Will Say We’re in Love” and “Oh What a Beautiful Morn­ing” are two excellent examples of good music. But we dare you to try and find recordings of them—they aren’t to be had.

Benny Goodman’s “Mission to Moscow” is a clever number in the Russian style. Chief solo highlights are, of course, provided by Benny, with some fine piano collaboration. When we say “that’s all” this time, we more than mean it. If Petriello’s ban isn’t lifted soon, we’ll find “I’m Only a Bird in a Gilded Cage” number on the Hit Parade.

Saturday, Jan. 22 7:00—Basketball, Schuyler—home.

Friday, Jan. 29 7:00—Basketball tentative—Gym.

Saturday, Jan. 29 7:00—Basketball, Mont Pleasant—Gym.

Friday, Feb. 4 7:00—Basketball, St. John’s—away.

Saturday, Feb. 5 7:00—Basketball, Albany Academy—away.

New Pupils Enter Upper Classes

The population of the Milne stu­dent body this school year exceeds that of any other year. There are 461 students tramping the halls of Milne. The freshman class is the largest in the school with 79 stu­dents. Of these, fourteen are new to Milne this year.

The eighth grade has been in­creased by four girls and four boys. These are: Arlene Blum, Elizabeth Rockenfeller; Donald Mayer, Joan Pellissier; Norman Stump; Donald Tal¬bot; Shirley Paine. Toward Ecel; Ecel. The total students in the eighth grade now is 74.

Freshman Class Large

In the exceedingly large fresh­man class the newcomers from school 16 are: John Taylor, Gates Barnet, Donald Smith, Grani Talbot, David Brind, and James Spandesu. School 19 contributes Alanson Gransdale and Claire Mosch. The out-of-town students are: Joan Minnock, Coeymans High; Marie Schmidt, Bethel; Helen Huntington; Homer Ford, Merchantsville; Homer Hull, Voorheesville; Sally Gaus, Ticonder­oga; and Ellen Fletcher, St. Agnes. The sophomore class turns to the number of 78. The Philip Living­ston Junior High school has turned the talents of William Newton and Ronald Bowers over to us. In the tenth year also is Vera Boker from Sycroec Central High School. The student who has come the farthest to enter Milne is William Haywood from South Chatham. Returned after a year’s absence in New Orleans is Eve Morgan.

Juniors Total 73

Sanford Duncan is the only new student in the junior class. He hails from Brattleboro, Vermont. With Sanford, the number of the class of 1945 is 73.

This year’s senior class is the smallest class in the whole school. There are only 63 students in it. Three of these are new. Jacqueline Bovee has come from Bethlehem Central; Frances Hendley from Holy Names and Janet Brady from Albany High.

In these first few weeks the old students will welcome the new students.
