Europe Through Jackman’s Eyes

"Far away places" . . . Paris, France; Florence, Italy; Madrid, Spain; Amsterdam, Holland; Mont St. Michel at high tide.

Sounds like Miss Jackman’s travel log, doesn’t it? Miss Jackman, a Milne librarian, spent two glorious months across the high seas this past summer. Her travel took her to France, Spain, Italy and Holland. Miss Jackman had been to Eastern Europe before, but this trip was an adventure by itself. She said it was...”

Assembly Elects Don Milne

Hi-Y, Tri-Hi-Y Send Delegates
To Convention

Donald Milne, president of the Milne Hi-Y, and Chaplain of the state assembly, moved up from vice-president to president of the Northeastern area of the New York State Hi-Y clubs. Don was elected unanimously. This event climaxed the annual area bills assembly of Hi-Y and Tri-Hi-Y clubs at Gloversville, New York, Friday, November 5, 1954. At this meeting, the Milne organization sent seven delegates. Representing Hi-Y were Don Milne, Tripp May, Paul Howard, Arthur Bruce, and Steve M. St. John. Representing Tri-Hi-Y were Sheila FitzGerald, Jerry Kane, Alice Gossell, and Mary Killough.

The assembly is held every year to give youth practice in government. Before the bills pass to the next legislature, they must be approved by a bills committee which meets in Amsterdam, New York, two days before the assembly.

Upon arriving at Gloversville the delegations registered were assigned to committees, and received folders of bills and name cards. Next on the agenda was a general meeting in a nearby church where the area president explained the plans for the assembly. The morning session consisted of committee meetings which reviewed the bills according to subject matter. The purpose of the committees was to look over, amend, and pass the bills to appropriate bills committees, and to the bills in question the assembly. The assembly is held every year to give youth practice in government. Before the bills pass to the next legislature, they must be approved by a bills committee which meets in Amsterdam, New York, two days before the assembly.

Hi-Y’s bill was to provide for compulsory rifle safety instruction for those wishing to obtain a license. The Milne bill was introduced by Alice Gossell and Mary Killough. The bill also received a majority vote. After the afternoon session, a banquet was held, which was followed by a dance. The highlight of the evening was the election of officers for the coming year. All of Milne’s delegates returned from the assembly convinced that their experience had been stimulating and valuable.

Sara Slote, president of Milne’s Tri-Hi-Y, congratulated Don Milne on his recent election.

Pep Assembly Launches Team

Dr. York Posts Milnetes Roll

Pep assembly Monday, November 22, 1954 started the basketball season with a great deal of school spirit. The Varsity cheerleaders did their part to contribute to the enthusiasm. "We Will For The Crimson," their first order, was heard throughout the halls of Page Hall auditorium. Cynthia Czarnowski, captain of the Varsity cheerleading squad, introduced a new cheer to the students. "Tap It Off At Center." This was performed by the cheerleaders, and repeated by the student body.

"Our team this year is divided nearly equally between juniors and seniors. "

"and that the hillsides are covered with olive trees. Spain is really a beautiful country, but strikingly different from ours."
Count Your Blessings

From the recent Hollywood production of "White Christmas" comes Irving Berlin's sentimental musical number, "Count Your Blessings Instead of Sheep.

Now that we are engaged in the Thanksgiving season, we turn to thank God; each in our own way by the act of expressing gratitude for our blessings and mercies.

The custom of setting aside a day of thanksgiving, dates back to that memorable occasion at Plymouth Rock in 1621. The day is usually celebrated on the last Thursday in November. The Pilgrims thanked God for an abundant harvest and for the humble sheds which were their new homes.

We, who have so many more blessings than did those Pilgrims, should be as sincerely thankful as they were. Quite frequently we find ourselves adding our sheep or thinking of profits which we hope will prevail in the future.

Let us all try to think of the true meaning of Thanksgiving and count our blessings instead of our needs.

Red Raiders In Action

--Your '54 Team--

Milne basketball teams have been working out at practice held daily since November 1, and are battling vigorously to produce teams of which Milne can be proud. With the first game of this year's season already played, it might be a good idea to get to know the players on your teams.

Varsity Club Has Height

This year's varsity squad has all the prospects of a winning team. Six-footers Russ Peck and John Howard, the two returning varsity lettermen should add the needed height and experience. The return of the big 6'5" senior, Tom Fogg, after a year's absence will also add height. Joel Berman, John Brennan, Larry Genden, Pete Hopper, John Houston and Fred Steiner are the seniors moving up from last year's jayvee squad. Also advancing from the junior varsity are three experienced juniors, Bruce and Larry Berman, Jim Cohen and Bob Krouse.

The freshman club sports some new faces too. Bob Hardy and George Kamara are with a Milne team for the first time. These trained players include set-shooter David Barm, Steve Greenbaum, who is another outside man, Ron Killelea, Dave Quickenton and Carl Epelmann. Two juniors are on the team for the first time. These are Tripp May, an ace set-shooter and talented inside man, Paul Rissberger. Coming up from the past year's freshman team are sophomores, Larry Berman, Jim Cohen and Bob Krouse.

Practice Makes Perfect

This year's teams are practicing hard to turn in a winning season. Coach Harry Grogan is working with the boys. He coaches the varsity and checks on his assistants who are coaching J.V. and Freshman. The jayvee is under the supervision of Tony DeBonis, a State College student. His job is to make sure the players are making a gain in their height and experience. The return of Tom Sterinfeld has strengthened the hopes of the squad, although Tom won't be able to play until the second semester because of eligibility rules.

Hoop Helpers

The Milne basketball team is again participating in the Capital District Basketball League. This league includes six local schools. The schools in the league are Shenendehowa, Bethlehem Central, Rensselaer, Albany Academy, Columbia and Milne. The league is run by a group which consists of the principals and the coaches from each of the member schools. Dr. Fossiek, Milne's principal, is president for the period which includes this hoop season. Coach Harry Grogan is secretary-treasurer.

Below is a brief summary of the teams that we play:

Academy: This team is an old rival, but new in the league. They have lost most of last year's first string backs.

B.C.H.S.: Although they lost most of their varsity players, they have a strong group of last year's J.V. moving up and a new tall pivot man.

Columbia: Their varsity has some height, but very few returning players.

Rensselaer: The boys are experienced and fast, but lack any great height.

Shenendehowa: They lost their two top scorers, but they have a wealth of material to choose from.

Clayton: Little is known about the varsity. They are back on our schedule after a year's absence.

Coleskill: The Red Devils should prove to be very powerful. They have their top two scorers back and a lot of new material.

St. Peter's: Their team should do well in their new gym.

HONEY'S HEADLINES

The pep assembly on November 22, featured the junior varsity and varsity cheerleaders. The girls led the cheers for the introduction of the members of the team as well as several other favorite cheers. The most popular, among the cheerers from last year was the pep cheer. Here are the words for those who are not familiar with them.

Good morning, everyone. The captain raised his head. The captain raised his head. We've got the pep. We've got the pep. We've got the pep. We've got the pep. We've got the pep.

Working along with the varsity squad was our "Happy Bear," who was first introduced in the season last year, and who is very powerful. Happy will be seen at all the basketball games this season, cheering with the varsity squad.

Songleaders Selected

On Monday, November 5, eight senior girls met in music room with Dr. York, Miss Murray and Bob Killough. Two girls were to be chosen as songleaders: Miss York and Miss Murray represented the faculty, as well as the music and physical education departments. Bob Killough and John Norris, the junior student council, represented the junior high. Ann Gayle and Sheila Fitzgerald were chosen to lead the cheerers at the pep assembly. The girls wore new uniforms of red wool jumpers and white blouses making a very pretty addition to the program.

Every One can Dance

Ballroom dancing has been featured in the girls' gym classes. Almost everyone who has stepped into a dance has been heard to say that it was fun. We've got the pep. We've got the pep.

Skating Party Coming

Every year the M.G.A.A. council has the annual skating party, otherwise known as the skating contest. This year as usual the party will be held at Hoffmann's Club, Central Avenue, December 4. All members of G.A.A. can get in free with tickets which entitle them to skate. Also, if you want skating and have a charge of about 35 cents will be necessary, or you may bring your own skate shoes.

Many of us are just amateurs but every year we have more and more Miline on the floor skating with professional ease. Even though it is a G.A.A. party, the rink is still open to the public and the boys are welcome. They, however, will have to pay the regular price. Tickets will be sold at the gym classes by Miss Murray.
Radio Station Gives Lecture

By Alma Becker

On Saturday, October 30, 1954, Connie Olivo and I were invited to radio station WPTV for an educational lecture on the operation of a radio station. After the lecture we were guests of the station for luncheon and a theater party.

At this meeting several schools in the area were represented. We were given the chance to meet many of the personalities at WPTV, and were really surprised at their appearance. They were not the same people we associated with their voices.

Prizes Offered for Stories

Prizes were offered for the best stories submitted reporting this meeting to the feature writers of the local schools represented.

The operation of a radio station is itself a broad topic and can be very confusing as we soon found out. However, the individual departments were summarized.

Purpose Is Appeal

The purpose of good programming is, of course, appeal to the listener. They should be informative and educational as well as entertaining. The appeal differs during different times of the day. For example, a disc jockey would not play a Stan Kenton selection at 9 o'clock in the morning. The results of broad casting this selection would probably be a few heart attacks or nervous breakdowns on the part of the listener. Instead, soothing music that wakes a person up gradually, and news and weather is broadcast in the waking hours.

Programs for Housewife

During the morning and afternoon the programs are directed toward the housewife. The purpose of these programs is to keep the housewife up to date on fashions, household hints and news of the women's world. At this time, the well known soap box opera creeps into the picture. "Will Marsha marry John or will they both commit suicide? Listen in tomorrow and find out. Meanwhile, here is our sponsor who wants to congratulate Carline Wood upon the announcement of her marriage to David Perry. Quite a busy boy!"

Evening for Family

During the evening hours, programs are broadcast that interest the entire family. Mysteries, musicals and comedies are directed at the entire family because it is usually the time when families relax and want to enjoy these programs.

The CRIMSON AND WHITE staff extends its deepest sympathy to Dr. J. Roy Newton upon the death of his father, James Newton.
