Yearbook Gets C.S.P. 1st Prize

The official report by the Columbia Scholastic Press Association, announcing the results of the annual yearbook competition, has just announced that the Bricks and Ivy is the winner of first place in the Columbia yearbook competition this year. As stated in the report, the Bricks and Ivy team has been working on the book for four weeks in preparation.

Betty Stone, editor of the 1943 yearbook, is assisted this year by Jean Pinnin and Jeanette Price, associate editors. Lois Masett, art editor, has successfully suggested and illustrated the theme of the yearbook, which is "as Dr. Floyd Hendrickson will photograph different backgrounds of school activities. There are to be used as dividers through the book.

Business and Photography Editors are Dick Greco and Gales Barnett, respectively. Literary Editor, Barbara Bogardus, has made assignments for every organization that is to have a writer, and of those, one will have a representative on the yearbook staff.

The Bricks and Ivy pictures are being taken now under the direction of Betty Stone and all students in costume. The art staff is to make the appropriate costumes for the dolls. The art staff will be working on the pictures.

Senior High Art Classes Make Red Cross Posters

The Senior High School Art class under the supervision of Miss Grace Martin have finished the posters for the Red Cross Sale. The value will be at a price of a dollar each in New York in the very near future.

The posters, which are 24 inches square, were designed by the Reprenentation 1 and are being painted by freshman and sophomore students. They portray famous characters from many of the children's stories. Among them are Snow White and the Seven Dwarfs, Bambi, Mickey Mouse, Mr. Bug Grass, Mr. Toodles, The Ugly Duckling, and The Wizard of Oz.

The Milne School is financing the posters which will be sent as a gift to the New York Public Schools. The whole will be a part of the program for the New York in the very near future.

David Packard of the class of '48 is the student in charge of arrangements.

Correction

We want to apologize to Dr. Senseman for the error in last week's edition. Dr. Senseman has taken over the Milne School and the name of the school is The Milne School, Albany, N. Y.

Society Council Begins Activites

The Inter-Society Council, governing body of the Milne boys' societies, remained its activities this year with meetings September 27 and October 15.

Because of the rotation of the presidency of the council, Ted Carlson, president of Phi Sigma, replaces Tom Dyer of Theta Nu.

The membership, composed of the representative, representative and faculty adviser for each of the boys' societies, includes: Jim Detwiler, president; Tom Dyer, president; Peter Hunting, representative; Harlan Raymond, faculty adviser for Phi Sigma; Ralph Mansfield, president; Herb Lucas, representative; and Dr. C. A. Moore, faculty adviser for Adelphi. Dr. Moore is permanent secretary, also.

Thus far the discussion concerns the boys' societies' formal wear to be held during November. Pete Hunting is in charge of arrangements.

The purpose of this council is to better relations among the boys' societies at Milne.

Junior School Holds Annual Reception

The annual Junior High reception was held on Saturday, October 7, from 7:30-10:30 p.m., in the State College Lounge. A Victrola supplied the music. The committee consisted of Joan Austin, Dan Westbrook, and Orson Selzibury. The members of the entertainment committee were Bob Clarke, Shark, Miss Evelyn Wells, Mrs. Genevieve Hauf, CRIMSON AND WHITE; Clark, Junior High Parties and Clubs; Ann Robinson, Senior High Parties and Clubs; and Dr. C. A. Moore, faculty adviser for Adelphi. The reception was a grand success.

Junior Class Holds First Meeting of New Year

In order to elect their officers for the year, the juniors held their first class meeting of the year Tuesday, October 10, at 12:30, in the Little Theatre.

The officers are: President, Dick Greco; Vice-President, Phillip Stoddard; Secretary, Mary Mapes; Treasurer, William Bull. Because of war-time curtailments and shortage, class rings are hard to get and it takes a long time to get them, so the class is starting as soon as possible. Dick Greco is trying to contact a man from the company that made last year's rings.

Students Must Keep Cafeteria Clean

The cafeteria, this year, has been kept somewhat cleaner than previously, but not enough so. Must be kept perfectly clean, at all times.

This year Milne students have made an attempt to be cooperative, but they might do even better. They have lost all privileges. The students are asked to cooperate.

Allotments this year will total $2,466.00 as compared with last year's budget of $2,520.00. This money comes from $6.00 student tax assessed each Milne pupil.

This year there have been no new additions to the budget. No organizations have asked for money for those already on the budget asked for additional funds. The CRIMSON AND WHITE receives the largest appropriation because of the one dollar addition to the student tax which initiated the printed paper.

Those speaking for the different items on the budget were: Janice Hauft, CRIMSON AND WHITE; Don Christie, Boys' Athletic Council; Dick Greco, Bricks and Ivy; Ted Carlson, Special School Activities, Senior High Parties; Bob Clark, Junior High Parties and Clubs; Ann Robinson, Senior High Cheerleaders and Girls' Athletic Council, and Elaine Sexton for the Music Council.

On behalf of the student body and the faculty, the CRIMSON AND WHITE extends its most sincere sympathies to Bathnane Welsh, '45, on the death of her mother, Elizabeth Welsh, Saturday, October 14, 1944.

The staff of the CRIMSON AND WHITE, on behalf of the student body, wishes to express their heartfelt sympathies to John Mosher, '45, and Harry Mosher, '44, upon the passing of their father, John L. Mosher, Friday, October 13, 1944.
Buy More Bonds

This year there is a definite show of indifference among all students in the Milne School toward buying War Bonds and Stamps. Five weeks have passed by and only $2,457 in War Stamps have been purchased so far.

This is not the kind of record Milne wants. Last year, along with other schools in the city, we exceeded our quota, and we not only should, but must do so again this year.

Because the reports from the European battlefronts are heartening to all of us, this is not the time to quit. It is the time to exert ourselves a little bit more. Now is the time to take in C.B.A. at least six for the C.B. La Salle game and then dancing at Oster party at Wagars after school.

The junior and senior girls went to the C.B.A. La Salle game and then dancing at Oster- No man shortage there!

The senior girls have taken up the old custom of gathering at Wagars after school.

Pay That Student Tax!!

A surprising number of Milne students have not, as yet, paid their student tax. Ted Carlson, who evidently hasn't gotten over it yet, continued Ted. The bride is an Army nurse.

The bride is an Army nurse. The bride is an Army nurse. The bride is an Army nurse.

HELEN LOUISE HUNTINGTON

Hi Red—Hey Helen—yes, it is Helen Huntington this week. Born—yes, at Saranac Lake—when—April 11, 1927—first she said on a chicken farm—then she changed her mind—she lived in Saranac for nine years—now—Roseland Russell up there—moved to Albany—School No. 9—next school 4—then the glorious day came when she entered Milne.

Social Memoirs

In the seventh grade Helen was always late to class, and the last one to leave the cafeteria. This year brought forth her first formal, as well as Milne excursion. The eighth grade found Helen president of the Man Hiding Club (while she was going steady). The ninth grade held that glorious trip to Wapping Falls and Kinderhook, with the basketball team, also the Freshman Dance. Oh for the good old Junier High days.

Then came the Senior High and societies, not leaving out the rushes and proms—oh, no! Every promo-year were many parties. Last year was a great year, with the yearly bash, the T.N.T. (Everyone still wants to know what the letters stood for.) The Alumni Ball, and Senior Ball stood out as the high spot of the season.

Extra-Curricular Activities

Helen, besides being a “social-bug” is very active in extra-curricular activities. Sigma, sergeant-at-arms, is now President—Secretary of Dramatics Club—Ring Committee—Marshall for Class Night—Hostess at the Card Party—Cheerleading for the three years—Athletics, including hockey, baseball, basketball (in which she received a black eye)—Bricks and Ivy—Crimson and White advertising manager—Feature Editor.

likes of this girl are the city, Times was—tuna fish, Glenn Miller—Dennis Morgan—people—trolley—boogie woogie.

After that, if things continue, we shall have to send notices around to homerooms. The bride is an Army nurse.

Teams Turn Out at Games

Intramural football is now in full swing and games are being held until November 2. At the end of this time the respective champions of each class will be determined and thus will determine the team that is school champion. Coach Hathaway has said that any team that does not appear on the field with at least six men at the appointed time, will be forced to forfeit the game to the opposing team. If a team has to forfeit more than two games it is automatically out of intramural competition.

Seventh Grade Teams

The following is a list of the seventh grade teams and their captains: Team 1—"The Bunnies," P. Richardson, Captain. They have won one game and lost none. This team plays on October 12, 24, 26. Team 2 is the "Grenadiers," headed by A. Furman who has lost one game and won none as yet. It plays on October 10, 17, 29 and 31. The third team is "R. P. T." by G. Glavin and called itself the "Flying Tigers." They have won 1 and lost one and their dates of competition are October 19, 27, and November 2. There are no official scores available for the ninth grade teams at the present time. Their respective dates are October 26, 31. Team 2 will play on October 19, 31, and on November 2.

Sophomore Intramurals

In the tenth grade intramural games, Team 1, headed by D. Jarette, has won 2 and lost none. They play on October 19 and 24. The name of their team is the "Cal's Meow." Team 2 is headed by D. Angier and has been named the "Trojans." They have lost 2 and have not scored any points. Their respective dates are October 19 and 24, and November 2.

Like all the other grades, the Junior boys are working hard in the after school intramural foot- ball games. Team 1 is headed by D. Christie and have won 1 game and lost none. They play on the 13th, 24th, and 31st of October. Team 2 is headed by P. Huntington and lead them and they have dubbed themselves the "Bunnies." They have lost 1 and haven’t won any. They play on October 24 and 31. Dick Grube is the captain of Team which is called "The Possums." They play on October 27 and 31.

Servicemen Write Alma Mater

There is such an accumulation of letters from Milne service men that it is not possible to publish each one in its entirety; however, we will publish excerpts from each letter in the column below:

From Dick Bates

"Hello there. Another year has rolled round and I can imagine you in the midst of preparing for another successful 'chapter' in Milne's history. You know, Dr. Frederick, I've thought all along that such for really nice chapters, six was really too small a number. Perhaps the Student Council could organize a 'How to Stay in Milne Longer' committee. Seriously, though, those six years were the best ones of my life (how I wish I could go back!). By the way, I could name dozens of GIs and sailors who would support such a committee as the one suggested above.

"My life in the Infantry is gradually becoming second nature. After months of just sitting around and raving, etc., I find myself wondering just what field I'll be able to support you in. I'll try to get away and help out 'talents' after the war. (Suggestions will be deeply appreciated)"

From Bob Pinney

"The Navy is swell, but I wish that I was back there in Milne. You really miss it when you leave school. The food is darn good up here, and when they give it you, you can barely hold it."

"We were told yesterday that we have ten weeks of training instead of the twelve weeks we should get. I have just nine weeks to go."

From Bert Freeman

"I decided that I would like to keep up with the doings of the school and thought that the best way to do so was to ask you to send me the C&W whenever it comes out. I was always proud of the paper, and had loads of fun working on it."

The Rolling Stone

The hockey season is moving right along now. Hockey captains have been elected from each class and teams have been formed. The only team which has not been formed as yet, and is perhaps the most important, is the Senior Hockey Team. Just because there are so many new classes it is felt that there is no reason why the seniors can't play after school. Practices are held every Wednesday and Friday after school, so come on out seniors! How 'bout a team? G.A.C. has scheduled a few playdays, the dates of which are tentative. However, the schools are St. Agnes, Girls' Academy and Kenwood. They will be our guests at a date which is still undecided. A day with Emma Willard is also in the offering. A large number of schools will take part at the Emma Willard playday and the Tri-State Field Hockey Association. Umpiring conference will do the umpiring.

Each person will bring a box lunch; the school will furnish the beverage. An all-star game will follow the regular game in the afternoon. Working with Mrs. Teizan on the seventh and eighth grades and also acting as a hospitality committee during some games will be: Marilyn Arzt, Margie Bookstein, Barbara Breakman (president of G.A.C.), Barbara Richardson, chairman of the committee.

The seventh and eighth graders play soccer after school and Captains Helen Bigley (7th grade) and Barbara Breakman (6th grade) want as many girls out on Monday afternoons as possible. Last week’s games were won in a tie of 3 to 3. Junior Life Saving and all other swimming classes will start next Thursday, October 26, at 3:30. These classes are being held in the pool of the Y.W.C.A.
**Allard Assigned As Vice Consul at Panama**

Mr. Wilfred Allard, formerly French supervisor in the Milna School, returned for the first time at a German course in Milne. He has been in Washington, D. C., for the past two months, training for his duties terminated in the latter part of July.

Mr. Allard has been assigned a new post as Vice Consul at Panama, by the United States government. He has been in Washington, D. C., for the past two months, training for this post.

The former French supervisor and his wife expect to fly to Panama from Miami, Florida, in the early part of November. His present address is 1213 17th St., Washington, D. C.

"School here is really wonderful. I am working a lot harder than I did in high school, but I wouldn't have to do much to say I'm happy." Dr. Bertram Friedman, 712 Comstock Avenue, Sigma Alpha Mu House, Syracuse, N. Y.

"I am going to see Milne. I always looked forward to the first day of school when I greeted all of my old friends and made a lot of new ones. I had my ups and downs in school, but there is nothing like it to keep a fellow in shape. I hope to go to college after the war is over."

V-Mail from Sgt. Davis

"Wow! I am awfully late in answering your migragraphed letter of June 8. (C'est la guerre!) I have taken on a new job at the Supply Line and now I have all the Signal Corps equipment. I am much busier in new work. It is more interesting than sitting at the radio ground station all day. Anyway, I am glad to hear that Milne is still on the ball. I certainly will pay you a visit after this terrible mess is over. Give my best regards to everyone."

"I was shocked to hear about the death of Jack Beagle on the Anzio beachhead. My wife and I informed him. Jack and I were comrades in arms. After making the rounds of all the other camps, I was shocked to hear about the death of Jack Beagle on the Anzio beachhead. My wife and I were very close friends. We shared the same ideals and always had a good laugh together."

Give my best regards to everyone.

**From Leonard Benjamin**

Your letter of June 8 finally caught up with me the other day, after making the rounds of all my previous stations. I am finally settled in an outpost, so feel I can belong to one club. Member­ships are by choice but will remain the same throughout the year.
