CORRECTIONS: FOSTER!
The newspaper wishes to extend sincerest congratulations to Foster Sipperly on his receiving the presidency of the Junior High School Student Council for next year. We are sure that with Foster to guide us we can and will go through another successful year and will enjoy doing it. If Foster carries out his platform promises, we shall certainly have a most wonderful year. The Student Council this year under Barbara Birchenschuh, has accomplished a great many good things and with a supporting council like the one this year, Foster has hopes of doing many things. However, he needs the support of the students to accomplish anything. And so in closing we wish Foster all sorts of success on his new job.

CONGRATULATIONS, FOSTER!

It is called to our attention that a error has been made in the home room chart. Home room 123 had an average of 8.2 in its last home room chart. This room ranks second, room 121 leading the rest with highest percentages.

DOES SPRING DO THIS?

Oh yes, even Milne High is afflicted with Spring Fever. It’s really sad to think what this baking weather can do. Yes, it’s true, for everyone you go it’s very plain. A certain 8th grade girl has turned to childhood

days by wearing orchid hair ribbons (imaginary). Others sit in a lonely corner (yes-alone) and talk of the beauties of nature, while others can be found strolling in the park (no names). Some regain lost friendships or flounder with new ones.

While a group of girls indulge in baseball on the lawn, the boys stand by with an air of superiority. If the fielders miss an easy catch, is it lack of judgment or a boy awaiting her at 3:00? The seventh grade girls have another fad—t.g. Did you ever hear of anything so silly, as playing tag? (we faintly remember doing something of the sort ourselves—many years ago). Well, as long as we have a good time, what’s the difference?

QUESTION BOX

Question: What do you think would be the greatest improvement for Milne Junior High School?

Edgar Miller: I think we should have more and better assemblies for educational purposes.

Roger Orton: I think the school would be improved a great deal if we would make so much noise during lunch period.

Helen Tyndall: I think that Milne would be improved a great deal if we didn’t rush to and fro in the halls and if we wouldn’t stand in the halls and talk when going to and from classes.

Martha Gordon: I think that the greatest improvement in Milne would be to have more girls’ and boys’ sports in the school next year.

Gordon Carvell: I think the greatest improvement in Milne would be to make the appearance of the homerooms more cheerful for ourselves as well as outsiders.

Herbert Smith: I think we should have a swimming pool to improve our school.

Jack Beaglo: I think we ought to have more good books to fill the shelves in the library.

BOYS NEEDED FOR PRACTICE.

There was a practice game Wednesday and there will be one next week if there are enough boys to make up two niners, Coach Baker announced this week.
