Music In The Morgan Manner

By Lois Ambler and Marcia Bisikummer

I still like the coal mines," Russ Morgan revealed to the two Crimson and White staff reporters after a few minutes of the interview. Morgan has been working in the mines for months and the coal has given him much happiness.

As your reporters walked into the hotel, the orchestra had just finished playing.

In a minute, part of the orchestra came wandering out into the lobby, dressed in brown tuxedos and brown trousers, and the cute, petite, blonde vocalist, dressed in a light blue wool dress, came walking out with one of the players. As we pushed through the crowd and made our way into the ballroom, we saw Mr. Morgan sitting at a side table with three gorgeous girls. Jane, Betty, and Marj, He said, "Hee, girls!" He was very willing to oblige us with some interesting facts and incidents of his successful life.

It seems that Morgan started his career in the coal mines of Pennsylvania working for his father. However, his father fired him, not because his work wasn't up to the standards, but because he was eager for him to have a musical career. He tried to insure this by asking the young man if he really liked the coal mines. Morgan, who plays every instrument except the violin and harp, which he once formed his own band. At that time, the trombone was his specialty and the little little black notes that he played were world champions. Imagine that!

Scanton, Pennsylvania was his hometown, and at the age of thirteen, he had no special ambition. If a fire engine came clanging down the street, he wanted to be a fireman. And if a train went roaring by, he wanted to be a trainman. He was very changeable and undecided as to his future, but with time, he was much different than we are now about such things. In his spare time, he collects stamps and coins and has one of the largest personal collections of records in this country. Pretty nice! How anyone could find time to fill all of his extra time to fill all of his life is a question.

He loves to fish and hunt and is one of those famed "gentleman farmers" in Allentown, Pennsylvania. Russ Morgan is indeed, a versatile person.

The annual Zeta Sigma Literary Society Rush for girls of the sophomore class will be held on November 10, in the Little Theatre from 3:45 to 4:15. After this they will adjourn to the home economics room for refreshments.

For the rush, President Miranda Boice announced the following committees:

Music committee: Alice Van Gaasbeek, chairman, Corrine Edwards, Marilyn Potter, and Marjorie Wright.

Entertainment committee: Misses Edith Mapes, Margaret Kirk, and Rita Pavigar.

Rush committees: Chairman, Elizabeth Mapes, Margaret Kirk, and Rita Pavigar.

The mural in the window opening adjacent to the art room is a panorama of life in Milne and was done by Marjorie Wright, senior.

The murals in the main corridor flanking either side of the trophy case are entitled "Science and Industry" and "The Good Neighbor Policy" and were painted by Olga Townsend, juniors, Lee Mapes, Rita Favorsky, Eleanor Gutterson, seniors, and Mrs. W. S. Wilson, supervisor of mathematics, all decisions concerning the pictures were taken care of," Grace stated.
Echos of the Fall Festival

Couches now, and we used to lean against the wall if we wanted to sit down... Duncan Crooks, "I won't miss you, Miss Milne. Why didn't you tell me about the wedding?... Orchestra taking an intermission every other dance... I kept the pump going and by the time someone opened the window... Who's that man above the fire-place?... People should put names on their pictures... These songs are better... Pres. Wilson dancing with Pres. MacMahon... Have you heard about the clay youth packs?... Let's see if interest is not renewed and attendance... Rinnamon kept back in town for the weekend... What a La Conga change to do it more often... Did you see Marnie Horton's diamond? It's real, too... Congratulations, Marnie... Bill MacGregor, '40, Helen Chulp,... "I'm going late so they won't find me on the dance floor... The floating pumpkin in the fireplace... It walks every time you look at it... "Bright Yesterdays," the week was Wilson (Mrs. Wilson) (Miss Palmer). "Where's Mr. Palmer this evening?"

The Juke Box

By "Book"

Two In Love—A Sinful Kissed An Angel—Tommy Dorsey—Frank Sinatra. It studies the vocals of these tunes and does his usual fine job, Sinatra has been acclaimed as the finest male vocalist in the business, and he certainly lives up to his reputation on this platter. The band does a mellow job in backing up the vocals. The saxes are sweet yet solid and they round out a four star platter.

Swingin' On Nothin'—Harlem Speaks—Charlie Barnet—This great crew sounds more like a colored band every day, and this new release is a knockout. Swingin' On Nothin' offers a real "Yes, Indeed," with Ford Leary handling the sax section and the maestro doing a terrific solo job on the sax. The reverse side develops into active competition between the band and Butter's sax. The whole band literally soars and zooms in unadulterated "staff." The Juke Box Part 1-2—Tommy Dorsey. The name Dorsey is constantly popping up in this column through no fault of mine. He's simply recording very good numbers in his own versatile way, which in my opinion is tops. Chuck Peterson and the Pied Pipers do an inspired. Armon Livermore, '40, is an active voice in the business. He sends out Eddie at the drums. They've got a four star platter.

Record prices have gone up due to the defense tax. Columbia, Victor and other fifty-cent records are now fifty-five cents. Columbia, Victor and other fifty-cent records are now thirty-seven cents. Columbia, Victor and other fifty-cent records are now thirty-seven cents.

To-The Editor:

To the Editors of The Crimson and White:

Just how does the change from the mimeo­graph to the Linotype printed paper affect the staff of the Crimson and White?

ANS.: The Crimson and White, which is this season a composite publication of both the Junior and Senior schools is, we should say, about twice as much work, as it was in its mimeographed form. The amount of material which is used to fill these seems­ingly small four pages is practically doubled. The former was a high school paper; these are college papers. The former was mimeographed, now printed.

In Tune With Our Time

We asked for it, and we got it! After five short weeks, the Milne A Cappella Choir made its first appearance at Wednesday morning's assembly, together with the Double Quartet.

A few weeks ago, on this page, we said, "We're waiting to hear from you!" What we heard Wednesday morning was representative of Milne's quick, progressive step.

A Change for the Better

One of the many innovations in the Milne School program this season is the after schedule of club and society meetings which was necessary because of the increased scope of the daily schedule which now includes music, ceramics, and an augmented boys' physical education program. Attendance at these meetings was a good idea, but it isn't working out satisfactorily. Attendance is small, interest is lacking, and other tasks, which were not necessary for the mimeo­graph, now includes music, ceramics, and an augmented boys' physical education program.

Today, there will be many heated arguments in the halls. Some have reverted to their early child­hood songs, while others are sporting some of the younger girls are sporting?.... Seems strange to have Bill MacGregor, '40, in a high school in Rome, New York. Where is the Union let them play for the school?... Mary Whiting, '39, who is enrolled at the College of Home Economics at Syracuse University, is a member of the Hendricks Chapel Choir, the Staff Librarian, and other correspondence to the Staff Librarian, and other correspond­ence to the Staff Librarian, and other correspon­
Basketball Team Starts Practice Today in Gym

Athletic Director Boycheff Urges Milne Boys To Try Out For Varsity and Junior Varsity Positions

The contest for position on the varsity and Junior Varsity basketball teams will get under way this afternoon at three-thirty P. M. in Page Gym.

Coach Kooman Boycheff expressed his wish that all boys interested in basketball should attend. "I don't want any boy to feel that he doesn't have a chance to win a position. After all, good competition will go a long way towards making a team," pointed out the coach.

Milne Girls to Play At Delmar, St. Agnes

Milne is to have two hockey play days during the month of November. They will play with Delmar and St. Agnes.

The Delmar Play day will consist of just the Milne Varsity team on November the 8th at Delmar.

The St. Agnes School has invited the Milne School to play on Saturday, the eleventh, Armitage day on the St. Agnes playing fields. There will be a team from the freshman, sophomore, junior and senior classes. The play will start at 2:30 at St. Agnes. Miss Hitchcock has arranged for a bus to take the four teams to Loudonville.

Sigma Decides On Gabardine Blazers

Zeta Sigma Literary Society decided upon gabardine jacket bearing the society seal at the meeting on Tuesday, November 4. At this time, member of the Beta Zeta Sorority at State will model the BZ blazer, which is similar to Sigma's.

Jansing States Traffic Rules

Jansing, 42, captain of the Traffic Squad, wishes to remind all Milne students not to pass through Page Hall on Friday at 11:00 A. M. because of the State College assemblies at that time.

Chem Club Elects Leaders

The Chemistry Club elected its officers for the first semester at their second meeting on October 15. The officers of the club, under the campus supervision of Lothar Schulz, are the following seniors: Walter Grace, President; Robert Rinn, Vice President; Ellen Wilbach, Secretary; and Arnold Goldberg, 43, Treasurer.

New members at the third meeting on October 22, were John Poole, Sanford Golden, Ethel Baldwin, seniors, and Stanley Heidenreich, 43. At that meeting it was decided that the club would visit the Blue Ribbon Potato Chip Company, on the corner of Church and Lansing Streets, in Albany, on their next meeting day, October 29. They expect to have an entertaining time, for free samples will be given out, Grace announced.

Tenth Grade Wins Intramurals

Semi finals of the intramural football team were played off on Page Hall Campus last Tuesday, October 27, and were won by the 10th grade.

Jamb of the 10th grade was the tackle for the team. DeMure of the ninth grade Cardinals three passes to Detwiler who outran the opposing team to secure a touchdown.

The Hoboes scored the extra point after the touchdown. This put the 10th grade team out in front by a score of 7 to 0.

Marion Horton accounted for the only goal the Milne team made.

Horton Scores Only Tally

Horton is interviewing seniors this week.

In order to facilitate the sending of college applications early enough to be accepted, Dr. Ralph B. Kenny is interviewing seniors this week.

Milne and the State College freshmen battled furiously for 40 minutes Friday, but they were unable to break the tie score of 1-1 in their annual hockey game.

Marion Horton accounted for the only goal the Milne team made.

BAC Gives Money For New Uniforms

The Boy's Athletic Council appropriated fifty-five dollars for much needed basketball equipment at their meeting Monday afternoon, October 27. The money will be used to buy new uniforms for both the varsity and the J. V. teams, which have done without for a long time.

The season tickets that have been talked about so much will go on sale in the near future.

"It has long been felt that Milne parents have not been as school-conscious as is desirable, and the season ticket plan is an excellent opportunity for parents to get better acquainted with Milne and incidently, have a wonderful time doing it. One dollar will admit both of your parents to all home games. The Council hopes that all Milnites will take the matter to heart and will seriously urge their parents to come and enjoy the games with them," stated Alton Wilson, 42, president of B.A.C.

Plans were discussed at the meeting for having a ten-dollar emergency fund to be kept on hand during basketball games. The money will be used for any extraordinary expenditures which might arise while the game was in progress.

Sophomore representatives of the B.A.C. will be elected in their gym classes either this week or next. The lack of tenth grade members on the Council has handicapped it for the past month.

Timers for the basketball games have not yet been chosen. "All those who are interested should see me immediately," announced Sanford Golden, 42, Basketball Manager.

Kenney Interviews Seniors

Most colleges require applications to be submitted well in advance of the applicant's graduation date.
Recalls Milne

By Inez Warshaw and Betty Bashin

Milne can point with pride at a most distinguished alumnus, District Attorney John T. Delaney. This gentleman took time from his busy routine to grant an interview to members of the Crimson and White staff in his office at the County Court Building. The District Attorney related how he was graduated from Milne in 1921.

It was in a reminiscent mood that the District Attorney told about the good old days in Milne. "In the days when I went to Milne, it was located in the main college building. Of course it was much smaller and not so well known as it is today. The majority of the subjects were taught by students at State College. As today we have some regular teachers and supervisors and it was known for practice teaching. I like to call it the Model High School. "I can remember when Miss Johnson taught me and when Miss Johnson had just been graduated from State and had become a supervisor at Milne."

The District Attorney, looking at the latest issue of the Crimson and White, exclaimed that he had worked on his high school newspaper. "It was in a reminiscent mood that he called the latest issue of the Crimson and White."

The paper was more like a magazine with an attractive outside cover.

Opportunities for sports? "Well there were very few. I remember playing baseball. The coach at Milne was the one and only for all the schools in the city. Then too, I recall football, in a vague way. Sports activities were never a great deal."

It appears that Societies were in existence when the District Attorney attended Milne for he was a member of Theta-Nu.

From Milne, to District Attorney; will this be you thirty years hence?

Phi Sigma Explores Thatcher Park Caves

The Phi Sigma Literary Society enjoyed a busy day at Thatcher Park last Sunday from eleven o'clock until seven o'clock in the evening. They packed the day with activities such as football, exploring Hall's cave, and gorging themselves on hot dogs and cider.

A little excitement occurred when the fellows were running around the cave. They dropped the candles which were the only means of light. President John Poole retrieved them from the three-deep water into which they had fallen.

To quote a few of the fellows, "Everything was swell!"

Frederick Addresses Meeting

Dr. Robert W. Frederick, Milne School Principal, will address the Plymouth County Massachusetts Teachers' Association Convention at Brockton, Massachusetts, today.

Junior Representative
At Red Cross Meeting

Corrine Edwards, Ruth Rosenfeld, and Marcia Schifferdecker represented Milne at the City Council meeting of the Junior Red Cross on Friday, October 24, at the Albany High School.

Mr. Phillips, counselor for the northwestern states of the Junior Red Cross, attended. This privilege was extended in appreciation of the activity of the Albany chapter.

At the meeting, plans for the annual roll call were made. There was an exhibit of Red Cross work from all schools. Milne displayed knitted beanies and sweaters. Representatives from all Albany high schools were present.

Acknowledgment cards in appreciation of their work will be sent to high school students active in Red Cross by the City Council.

Supervisors to Discuss
Junior Students' Books

Miss Mary Elizabeth Conklin, Miss Katherine Wheeling, supervisors of English, and Mrs. S. W. Wilson, supervisor of Mathematics, have scheduled a meeting of the Junior School mathematics and English book committees for the end of this week or the beginning of next week it was announced yesterday.

The money for the books and materials purchased by the committee will be paid for by funds raised through a special tax of $3.00 by each student to the English department, and 75e to the mathematics department.

The student members of the committees will be announced in the near future.

French Club Announces
Wednesday Meetings

Rita Figarsky, '42, president of the French club, reports that every Wednesday afternoon the club will hold its meeting in room 228. All those who wish to join must receive a formal invitation.

Miss Figarsky stated that sometime in the future the club will prepare for the annual French play.

Council Forms
Lunch Committee

Alton Wilson, president of Student Council, announced a committee to attempt to lower the prices of food in the cafeteria and annex.

The committee consists of the following: Chairman, Alton Wilson; '42, John Poole, '42, Jean Chauney, '43, and Kirk Lenning. These people are working with the aid of Dr. Taylor.

Guidance Group Elects Dr. Kenney
As President

Dr. Ralph B. Kenney was elected president of the Capital District Guidance Association at a recent meeting held in conjunction with their annual meeting.

This organization is composed of counselors and directors of guidance in schools in an area extending about fifty miles from Albany. Before coming to Milne Dr. Kenney was Executive Secretary of the National Vocationai Guidance Association of which the Capital District Branch is one of the sixty-five organizations which make up this national organization.

Dr. Kenney is a graduate of Union College. He received his Master's degree at Princeton and Doctor's degree at Yale University. His work experience includes a variety of activities in business and industry.

Before coming to Milne Dr. Kenney taught in a junior high school, counseled students for three years in a large city high school, and during the last two years an executive secretary of a national professional organization with headquarters in the Lincoln School of Teachers College, Columbia University in New York City.

In commenting on the difference between the Milne and the Lincoln School, a progressive school similar to Milne, and Milne, Dr. Kenney said, "Of course, the Lincoln School is excellent, but I prefer Milne. I like the friendly attitude of the Milne students."

Eleventh Year Students
To Assemble Today

An orientation program will be given on Friday, October 31, for the eleventh grade.

The speakers will include: Alton Wilson, '42, Student Council president, John Janasz, '42, head of the Traffic squad, Mr. Paul Buigler, assistant to the Junior High principal, and Dr. Ralph B. Kenney, Guidance Director. Mr. Roy York, Instructor in music, will supervise the musical part of the program.

It is requested that the eleventh grade students sit on the east side of the assembly hall.

Things To Come

Monday, November 3, 1941—
9:10—Faculty Meeting, Office.

Junior School Student Council Meeting.

Wednesday, November 5, 1941—
10:10—Senior School Student Council Meeting.

Thursday, November 6, 1941—
8:30—Red Cross Meeting.

Friday, November 7, 1941—
7:35—Junior School Assembly.
