Miss Eaton spent her vacation traveling. On the 26th of December she left for St. Petersburg, Florida, where she remained a week. It was quite cool there, and she went swimming only once.

Miss Eaton remarked that trains in the South were very slow and extremely rough. Miss Eaton returned to Albany in time for the reopening of school.

The New Year has been welcomed in and with it the always present New Year resolutions. Here are some of our own students’ resolutions. Marilyn Potter—not to diet in a day again. Tommy Dever—to grow up. Dr. Fredericks—(he’s made this one annually, so he says, and it’s broken after the first week). In every way, every day, to go slower. Arthur Ferguson’s resolution is not to date girls this year. We wonder if he keeps this? Jem Hevener’s resolution is already broken as he is back, but here it is, “Not to talk so much in English class, until he gets back.” Joyce Steenber’s is not to eat so much candy. Laura Ry Dancy is not going to make any more New Year’s resolutions. We hope all these resolutions will last and everyone will have a very happy New Year.

PLEASE TURN OUT

About every week the Milne basketball team ventures or stays on the home court to play an opposing high school. The pupils of Milne are expected to turn out and support the team. There are cheer loaders there ready to cheer, but there isn’t anyone to cheer with them. How can you account for this? If you have not already made too many New Year resolutions I suggest that you resolve to come to all the home games, and if possible go to the games at the high schools away.

Tonight Milne will venture to Rensselaer to play Rensselaer High School. Let’s support them and turn out a victory.

IMPORTANT FOR EIGHTH GRADERS

You know that next year one of you may be editor of this newspaper. You will be responsible for putting out a good Junior High paper. You have to know quite a bit about writing and managing a paper. After being in Milne for a year and a half you know that this is true.

Yet there is not one eighth grader on the newspaper staff. Without experience you will not be able to have a good newspaper every week.

The beginning of next semester gives you a grand opportunity to join the newspaper club and get experience for next year.
