CRIMSON TIDE BATTLES BERLIN HIGH TONIGHT

Tonight in the Page Hall gym, the CrusonIa will play its last home game of the season. Berlin High School from back of Troy will be the contestant. In our first game with Berlin, which incidentally, was the first of this season, Milne administered a crushing defeat, while playing on Berlin's home court. There is no reason to believe that the result will be much different this time, both teams have improved proportionately during the season.
PHASES OF SCHOOL LIFE

The next step to graduation, measurement of caps and gowns, took place during the Senior Class meeting on Monday.

Because of too many other responsibilities, Gifford Lantz resigned from his position as chairman of Class Night. The class elected Arnon Silvermore to replace him.

Seniors also discussed the matter of giving a donation toward the movies to be made on the various phases of school life during this year of Milne's fiftieth anniversary. The class will vote on the question at their next meeting.

The question of having a macabre service as part of the graduation was brought to the attention of the class. The vote favored conducting a service, and was put in the hands of a Student Council committee.

To The Student:

The Student Council has tentatively approved the plan of producing a movie film with synchronized recordings of the many activities of the Milne High School, including dramatics, athletics groups, etc., to serve as a record of Milne High School in 1940 on its fiftieth anniversary.

It is estimated that expert services in the taking, editing, and production of this film will cost in the neighborhood of $200.00. This amount will provide a talking film with running time of thirty minutes.

Very truly yours,

Arthur Bates
President, of Milne Student Council

GIRLS' VARSITY TO PLAY

The Milne girls' varsity basketball team will play St. Agnes, on February 23 at 3:30, P.M., and will play Mt. Pleasant, March 8, at 3:30 P.M. Both games will be in the Milne gym. Barbara Thompson, captain, urges a large attendance at these games.

MISS BETH HITCHCOCK

Miss Beth Hitchcock, instructor, announces that she will give the girls' basketball test on Wednesday afternoon, February 28, at 2:30 o'clock.

LE CARLE ELEGET OFFICERS

With the beginning of a new semester, Le Carle French society elected officers. Robert Laghrablian is president; Estelle Dilg, vice-president; Evelyn Wilber, secretary; Jose Salker, treasurer; Roy Williams, master of ceremonies; and Robert Zell, sergeant at arms. Several of these people held the same office during the first semester.

Members tried out for parts in the French play which they will present in May, after they had finished electing officers.
MOTHERS—WANTED FOR CARD PARTY

Although the annual Card Party is still two weeks away, we should not forget it until the last minute. The committees have been working on it for a week, and it is our duty to cooperate with them in every way as part of our share. The various ways we can help raise the one hundred dollars are lending card tables for that afternoon to the committee in charge of card tables, giving our noisy the "sales talk" until they make up a table just to keep us quiet, and having our mothers bake a cake or cookies for sale in the cake booth during the Card Party.

The one hundred dollars clear profit which is the goal of the Student Council, will be put with one hundred dollars appropriated from our budget for the mural that will be put in the library this summer. Our murals are well-known and many people, who visit State College, make a special trip to our library to see them. The artist, David Lighgow, is also very well-known for his work. He painted a mural for the New York State Building at the World's Fair and only last year painted a portrait of Dr. Sayles as the gift of the Senior Class to Milne.

The story of the building of the first steamboat is told in the new movie Little Old New York which takes place at the time when Greenwich Village was not the center of Manhattan, but the country.

Richard Greene plays the part of Robert Fulton; Alice Faye, the owner of the tavern hotel where Robert Fulton stayed while he remained in New York; Fred MacMurray, the sailor in love with Alice. This is one of the best examples of good casting that the staff of the Crimson And White have ever seen.

It is interesting to note that an actual replica of the Clarmont was made for the movie. Also several scenes were photographed on the Hudson River somewhere near Oatskill.

ATTENDING THE HI-Y CARNIVAL

The HI-Y Carnival which will take place in Page Hall Gym two weeks from tonight is an event that you will not want to miss. Your parents will also enjoy it, for the program is made up of many different events and there will be at least one thing that anyone will like. The proceeds will be used for several projects that the club has in mind.

TWO SIDES OF THE QUESTION

PIRACY IN NEUTRAL WATERS

Caught Taking Advantage of NEUTRALS
After a busy weekend, most Milmites staggered into school looking dazed and harassed Monday morning. The Quin-Sigma was responsible for this! Gene Pringle and his orchestra (minus Gene), supplied some very hot, swing music. It was surprising to note all the jitterbugs there are in Milne. Anyway they all showed up (or off), and managed to knock a few people around in the process.

After the first usual rushing around and matching of programs, and finding there had been some mistake, some people decided to forget the first six dances, as no one would get there 'til intermission, anyway. At least you can always be sure of variety at a program dance.

Howard Johnson's was swarmed with Milmites before the dance as well as after it. Phyllis Reed gave a dinner, and practically everyone and his brother was there, including Phyllis's guest from Glens Falls.

After being in a panic all last week, Mary Baker is again back to normal. Wouldn't you worry if someone said that your escort had the measles? (But it turned out to be a cold.)

Quite a few of last year's Seniors found their way back to Milne, for the dance. Una Underwood, Millie Mattice, Jane Phinney, Joyce Hurdick, Dot Shattuck and many others were reminded of other years and other Quin-Sigma's. However, everyone agreed that this was one of the best yet, and the girls showed that they can not only put on a swell dance, but support it too!

Did you know that Catherine Morris has left us for awhile and journeyed to Florida? She left Tuesday, January 30th, and will be gone until summer. The trip was made by train, and the family car shipped down, so there will be means of transportation in Florida.

From letters received from Catherine, we've heard all about palm trees, and orange groves, even if there have been some reports of quite cold weather down there. These things have still survived. This is not all vacation for her either, as she started school last Monday. She is attending the Key West High School, where she is studying the same subjects she took at Milne, only in much larger classes.

Upon arriving in Key West, the Morrisons moved into a small house, and will live there until their return to Albany.

As far as we know she has never been too much time to do a lot of sight-seeing, but some of the local "hot-spots" will be visited soon and until then there is always something to see or do in Florida.

As usual we have had our noses to the grindstone and our ears to the grapevine trying to find morsels of news which we know and you don't.

We hear David Conlin is one of these speed demons who race in the morning to get ready for school. The other morning he could barely get to school that he left his pajamas right on.

We hear that many little femmes wore foot-keeper-warmers last Saturday night that the snow wouldn't creep into their toes. Among the most original debbies were Bryna "Brenda" Ball who exhibited little wool booties and Sally "Cobina" Beveraux who displayed fire-red wool socks.

Milne was a desolate place last week when the snow crept up about her brick walls. Every once in a while, a student would meet a fellow Milnite in the hall and both would give each other a through finger nail, and even the soul survivors of some terrible disasters.
