BASEBALL POSITIONS ARE OPEN

The Junior High School will have to give up their hopes of a team if more boys do not come out and try-out for open positions. The Coach stated that there is always more room on the varsity for those who want to work. This is a good opportunity to get experience, so all boys ought to come out.

ELECTIONS HELD YESTERDAY

Elections took place yesterday for the presidency of the student council for the year 1933-1934. Professor Sayles gave a talk on what the incoming president of the Junior High School Student Council should know. He then introduced Dr. Fredricks, and Dr. Fredricks introduced the campaign managers. Roger Orten, the campaign manager for Foster Sipperly, gave the good points of his nominee, and told all the things that his nominee would do if elected. His platform was as follows: he wishes to raise money by giving more plays, and to put more murals in the library. He also said he wanted to have dancing at different times during the week. He finished his speech by saying he would do his best if he were elected.

Dr. Fredricks then introduced Robert Gilson, the campaign manager for Thomas Parran. Robert Gilson also pointed out what Thomas had done for the school. Parran believed in more social work in the school. He also gave other things he believed would improve the school.

The votes were then counted and the presidency was won by Foster Sipperly.

NEW STUDENTS FOR MILNE

Milne Juniors will see 36 new faces next fall. Last Saturday the seventh and eighth graders had their tests as did the new seventh graders. This Saturday the unfortunate will have some more tests. These tests are being given by Dr. South of State College. There will be about 65 seventh graders, 10 new eighth graders and 9 brand new ninth graders.

SHOP WORK COMPLETED

Mr. Raymond announced that all projects that the seventh and eighth grade boys have been making through-out the year are completed. He also said that those who have not received their projects, should please call for them.

NO SCHOOL TOMORROW
First of all, how that the tennis courts at
school are ready for use, and
the weather is so fine, it would be
a good plan to get out in the open and
practice. We can't all be Helen Mills,
but we can improve our game. The
school is too inviting, for us to stay
in school after work is finished, and
when it is a very healthy and enjoyable
sport, leave your homework until after
supper, and in the afternoon get
the full benefit of old soil. It
doesn't necessarily have to be tennis
that you play, any sport will do as
long as you stay active. After school
something, get a foursome to other and
rush over to the courts and play a few
toss, make sets and then try and tell
me you don't feel better than you
would if you had sat in the library
in your homeroom all afternoon.

**Question:** Should the Junior high
school have its own budget?

**Alice Wadler:** Yes, because the Jun-
ior in a school should be able to handle
their own budget without the help of
the senior high.

**Alice Jones:** Yes, because we know
what we want to spend the money for.

**Virginia Harris:** Yes, because they could
use it for Junior high school things
anyway.

**Dorothy King:** Yes, so that there will be
money for Junior high school sports.

**Muriel White:** Yes, because we know
what amount of money we want to spend
on our own things.

**Lois Holbrook:** Yes, as it would give
the Junior high school a greater feeling
of independence.

*Song of Green Tables*, a set of
an old woman and her brother. They
had been for a boy to help them with the hard
work, but instead they were sent out
by the man in town, who had vivid red
hair and a veryloving personality.

They were sent to tend her back, yes,
indeed, they were to be very fond of
her and stay with her in every way.

This book tells of her experiences
