PICTURES AND MONEY

Miss Hayes reports that the total amount of money received for the individual pictures is $90.96. Please bring in your picture money right away, for if it is in soon Student Council will get 15% for the Library Murals, but if brought in sometime in the far future, they will only get 10%. Please cooperate by bringing your money in promptly.

Miss Hayes also wishes to congratulate those who took care of the money. Not a cent has been mislaid, and the total is expected to be over $100. Most of the money has been brought in, so please hurry up and pay if you haven’t already done so. Let’s cooperate and help our Murals along.

THE RIGHT INTERPRETATION

The students of Milne have in a hot headed manner, misinterpreted Professor Sayles’ new rules. The rules are merely to stop people from loitering in the auditorium and nosing into other people’s business, stated Dr. Frederick yesterday.

For about two weeks a loud thundering noise from the construction work has been heard through the classes of Milne. It may be disturbing to some of us but we have to wait for the building to be finished. It is just as hard for the teachers to teach us with that noise giving them competition. We have been asked to cooperate with the teachers as much as possible. School has to be continued just the same and everyone is expected to do his best in carrying on.

SURELY GYM NIGHTS

ARE WE MILNE STUDENTS?

Do we represent Milne, outside of classes and school, as well as we do in them? Do we behave ourselves and act as students of our school should when we come in contact with our "outside of school" life? Do we use our learning to progress in citizenship outside of the Milne walls? You, and, only you, know the answers to these questions.

Now think, are you one of those people who wear Milne pennants on their jackets? While wearing them do you make a fool of your school and yourself? We have seen some instances of Milne students disgracing their school. They did it accidently—on the bus for instance. They acted as though they had an attack of wim-wams, and wiggled from seat to seat, all over the bus. It almost looked as if they just wanted to try out the seats. Then again on the buses we have seen instances where girls giggled and talk much too loudly and boys seem to think that that vehicle of transportation was a public tussle place.

When you go out for a soda after the basketball games, do you try biology experiments on glasses of water, by making solutions and suspensions with available things on the table? (We just know you have a guilty conscience.)

Lettcs consider this seriously now. Be a Milnite outside of schools just as you have in school. In case you have forgotten the qualifications of a Milnite are, we shall state them:

a. To uphold the honor of Milne
b. To behave oneself at all times
c. To study diligently
d. To be honest
e. To be a good sport
f. To be polite, kind and good in all respects.
g. To obey all Milne laws

These bright printed dresses fashioned from the Tyro were going to be as popular as the Tyrolean winter clothing. They look real gay worn under a tweed spring coat. You've probably seen this new color called St. James thistle. I think it's going to be very popular.

Well, girls, here we are again wondering just what our Easter outfit is going to look like. Maybe you'd like a suit, swagger or otherwise. Perhaps a new print dress with a tweed, tailored coat. Anyway, whatever you get, you're pretty sure of something very pretty.

This spring the suits are in all colors. If you'd like a suit by all means get one of those cute little hats that sit on the back of your head. With a dark blue suit, wear either a contrasting color or brown.

For your coats and suits you may want something to brighten them up so get a boutonniere of pretty little flowers or fruits and vegetables.

This year the shoes are going to be worn a little higher than usual. There are some very pretty styles of shoes which I'm sure you will find out.

So now, girls, from the top of your head to the tip of your toes you're beautiful.

English Class Sees Indian Exhibit

One of the seventh grade English classes visited the Education Building on Monday. They went to see the Indian exhibits in which they were interested after they had studied the poem, "Hiawatha", by Longfellow.

This class recently finished studying about Irving's Sleepy Hollow. For project work on that, some students wrote poetry. The following is an example. It is by Dexter Simpson.

"Sleepy Hollow is very solemn; All its trees are in a column, It is very spooky there at night And all the women stay out of sight. The men ride through there very fast And always think this is their last. Ichabod Crane was full of fear When the headless horseman was very near"

Do You Know

This is not the "Did You Know" but "Do You Know" the character for this week? He or she is a ninth grader and is a pirate captain (can you imagine it?) Blue is his or her most becoming color and he or she has a hobby of collecting pictures of ships.

Try to guess this character even if you don't hand in an answer.

Choral Speaking Club Studies Pantomimes

The choral speaking club, under the direction of Miss Moore, studied pantomimes during club period on Tuesday.

Miss Moore stated that some of the best were done by Helen Gulp, Borden Mills, and Elaine Broco. Other members who did them were Shirley Smith, Marilyn Timmer, Leal Einzen, Joan Hunting, Jane Spratt, Lawrence Mapes, and Selvica Mintline.

At the next meeting they will make speeches.

Stamp Club Goes Visiting

Some of the boys of the stamp club went down to the Fort Orange Club to see stamp exhibits. Among those on display were stamps from Zululand and the Sudan. Carrell Boyce gave a report on the trip this week.
