There will be no club meeting next Thursday, January 28, because the club sponsors are having examinations at that time.

All students who wish to stay in the same club they are now in for the next semester are requested to report to the room in which their club is now meeting.

SENIOR JOURNALISM CLASS PRESENTS ASSEMBLY PROGRAM ON WEDNESDAY

The members of the senior high school journalism classes were in charge of the program which was presented at the regular assembly Wednesday morning at the ten o'clock period.

Ruth Miles, '32, a member of the senior class in journalism, directed the play. It was a skit concerned with the activities of a newspaper office.

Samuel Dorrance, a senior at State College, was coach for the program.
We think everybody knows about the change they are having in Student Council, as it was there was only one member from each home room. They have changed it so that there is a boy and a girl representative from each home room. We think this is a good plan because as it was there were mostly all boys on the council. Now there will be equal amounts of boys and girls making it so that the girls can have their say in the things they do in Junior High School.

It has enlarged the council quite a bit making it so that there are more people running the government in Junior High School.

There is another thing they are doing in Student Council for the first time this year. They want it so that they have tickets for poodle who are not obeying the rules of Milne. Such conduct as running, shoving, throwing erasers, etc are punishable. Usually these tickets help the people because if you get too many you have to go to the office. We hope that the new members of the council will help out and that the tickets also help keep order in Milne.

Don’t waste those last few minutes of your class period by putting away your books and talking to your neighbor or making a grand rush for the door.

Your teacher may announce something very important just in this last few minutes and you will miss it. It may be about a question you will have on a test and you won’t be prepared for the question because you didn’t hear about it. It might be something that will make the assignment easier to do.

So don’t waste those last few minutes!!
