Judgement Day

The first order of business facing the new representative legislature will be the much-discussed, controversial debate over the student council's rule changes. Some members feel that any new resolutions may be found in its entirety on page one.

The Student Council defeated the second proposal by a vote of twelve to two. Casting their votes at the negative willingness to support new resolutions move. They also felt that the entire move was unrequired. However, it must be pointed out that on the same day, the council passed the motion to alter the rules of the organization.

The new resolutions may be found in their entirety on page two.
