**FRENCH CLUB**

**HARRIOT POOLE TO WED ASSEMBLYMAN KENYON**

**Wedding Will Be Nov. 26.**

Announcement has been made of the engagement of Miss Harriot Poole, daughter of Mrs. Carrie Poole, of Port Henry, and Assemblyman Raymond T. Kenyon, of Essex county. The wedding will take place November 26 at the home of the bride in Port Henry. Miss Assemblyman Kenyon, who is brother of Miss Doris Kenyon, the celebrated stage and movie actress, has served in the lower house of the State legislature since 1913. He has been a practical dentist in Anadale Forks for the last fourteen years.

Miss Poole, who was graduated from State College last June, is a student in the Fine Arts Department. Many of the clever drawings in the last numbers of the "Pothook," the return of a letter of the work of Miss Poole.

**HARRY MASSON RETURNS FROM SERVICE**

Has Served in A. E. F. Fifteen Months.

Corporal Harry Masson, whose return from France after fifteen months’ overseas service was announced in a recent issue of the College, has returned to State College to complete his course. He was in the last major engagement, serving with the replacement infantry, after the armistice he was assigned to the Central Record Office Battalion where the history of every soldier

**HARLEY'S LIME**

Harley's lime was sixteen and two-thirds seconds greater than that of last lap in the mile and three-eighths run; then Bentley, spirited almost winning the race with a time of 5:32. Neuner followed Bentley with a time of 5:34, and Masson came third in 5:34. Bentley's time was sixteen and two-thirds seconds behind Kenyon of Sutherland, '19, who finished the same time as Harley. Neuner's time was 5:32. This Continued on page 4

**FRENCH AND SPANISH CLUBS TO ENTERTAIN**

Program to Be Given in Auditorium.

A joint meeting of French and Spanish clubs will be held Saturday evening, November 8, at 8 o'clock, in the auditorium. A corollary initiation is extended to those interested in modern languages.

1. A series of tableaux representing French and Spanishproved, 
2. An appropriate prize will be given to the person who submits first a perfect list of these proverbs in either language and in the order of the tableaux presented.

**INTERSORORITY TEA**

The Junior class is planning an Intersorority Tea will be held Saturday evening, November 2, by the Junior Class, presented '23 with their class colors, wound about a toy broom. "This," Miss Ball exclaimed, "is the way by living through Dante. Father Slattery, who has been a practising dentist in Anyadale Forks, is an excellent orchestra, and at intermission was spent in dancing, for which there was little room. "There were three, from picknickings to wild men. The major part of the evening was spent in social dancing, for which there was an excellent orchestra, and at intermission was spent in dancing, for which there was little room. The audience was still humming "When Your Eyes Fall in and Your Teeth Fall Out, "—the audience was still humming it on the way home.

DURING the course of the evening, Katheryn Ball, president of the Junior Class, presented '23 with their class colors, wound about a toy broom. "This," Miss Ball exclaimed, "is the way by living through Dante. Father Slattery, who has been a practising dentist in Anyadale Forks, is an excellent orchestra, and at intermission was spent in dancing, for which there was little room. The audience was still humming "When Your Eyes Fall in and Your Teeth Fall Out, "—the audience was still humming it on the way home.

The audience was still humming "When Your Eyes Fall in and Your Teeth Fall Out, "—the audience was still humming it on the way home.

**SPECIAL ASSEMBLY**

Last Saturday morning a special Student Assembly was held to continue the voting on the items of the 1919-20 budget. A majority of the students was not present, so no final vote could be taken.

However, some detailed discussions as to the worth of the various organizations receiving student tax money took place. Ethel Rooney, '20, of the Student Board of Finance, presented each item as requested and as balanced at the basis of a seven dollar tax. Each item was discussed separately. The "news" budget was reduced to its requested amount; the "Quarterly" budget approved an increased appropriation raised to $1,000; basketball approved as read; hockey increased to $800; track approved as read; tennis approved as read; Mykons budget raised to its requested amount of $150, and the budgets for contingencies, secretarial hire and house cleaning, and all other items all approved as read.

As to raising these various items a nine dollar tax will be necessary. A table was maintained in the hall that Monday so that the entire student body might vote for or against each budget, as approved by the vote of the special assembly.

It was noted that nearly every man in College was present last Saturday morning, while there was Continued on page 4

**BENTLEY WINS CROSS-COUNTRY RUN**

Neuner Second in Close Race

Bentley, '21, was first to cross the finishing line in the annual cross-country run which was run Saturday morning, November 2, Bentley, second, and Neuner, third.

The race was close. It speaks to the fitness of the course. He was in the last months’ overseas service was an engager in the A. E. F. Fifteen Months.

Corporal Harry Masson, whose return from France after fifteen months’ overseas service was announced in a recent issue of the College, has returned to State College to complete his course. He was in the last major engagement, serving with the replacement infantry, after the armistice he was assigned to the Central Record Office Battalion where the history of every soldier

**NOTICE TO ALUMNI**

**FROSH LOSE TO JUNIORS**

Fast, Clean Game

The Juniors evaded up for the defeat which they suffered from the Frosh two weeks ago by winning the game 29 to 13.

It was a clean, fast game, and, though the Juniors kept on the long end of the score throughout, there were many exciting plays. And, undoubtedly, two of the greatest features were the record crowd present and the spirited cheering of the Juniors and Freshmen as they surged on the players.

The game started with a rush, and the ball had been in play a few seconds when Huthorn found the opening, giving the Juniors a two-point lead. And from that time Huthorn and Cassavant standouts increased the score while the rest of the Junior team gave them fine support.

Johnson and Stewart, the Frosh forwards, who won the first game for their team by their spectacular playing, fought hard. The Junior guards, however, put up a defense which kept them from scoring but one basket each from the field. Consequently the Frosh remained on the small end of the count and the score-book at half-time read 16 to 0 in favor of the Juniors.

In the second half Cassavant and Huthorn continued to take the points for the Juniors while the Frosh forwards were held down. The Frosh played hard right up to the final whistle in an unavailing effort to stop the Juniors. The Red and White team by good, pass-work kept the ball where they wanted it, and the game ended with a total score of 29 to 13 in favor of the Juniors.

Huthorn and Cassavant were the basket getters of the game. Huthorn Continued on page 4

TRAFFIC

It has been suggested that a traffic "cop" be stationed at the landing of the second flight of stairs in the Science Building on Tuesday afternoons at 4.50. At this time the members of the class in Education 2 are attempting to get down the stairs, while Juniors in English and pre-engineering are trying to get up to class.

These stairs were evidently built with an idea of accommodating more than four people on one tread, or at least one car per flight of stairs. Push present with the movement of a number of people it seems most expedient to formulate a custom of "keeping to the right." If each of these two classes keep that idea in mind, confusion, noise and loss of time would be avoided. Observe regulation traffic rules — keep to the right!

EDUCATION AND DELAWARE

Down in Delaware seven thousand farmers have petitioned Gov. John Van Deusen to grant them a respite from the demands of the new school law required them to have the children out of farm work for eight months each year. The law has been described by one of the farmers as "foreign influence" and fourth, it would cause theDupes of the antiquated frame schoolhouses of their great grandfathers.

Judging from the above reason-

ing, we would have to characterize
these farmers as miserly, slave-
holding, and uncontrolled. The
word of a proper substance behind their eyes, but they are convinced of the
spiritual beneficence of their scheme, even, declaring that "our
friends are taught for less than this in the Revolution," have announced their readiness to adopt any man who will take their children away to school.

It is plain to the intellect that
inhabitants of one of the states in
the Great Brotherhood who have not
obtained the education which is of
one of the prerequisites in a de-
monstrating and the best measure of
saying: "life, liberty and the pur-
suit of happiness." It is almost
believable that they should set
forth as one of their arguments
regarding the citizens of their neighboring states as "for-

Jan. 10 — St. Lawrence at Albany. 17 — Colgate at Albany. 21 — Hobart at Albany.
Feb. 7 — Manhattan at Albany. 14 — Pratt at Albany. 21 — State College Alumnus at Albany.
March 28 — Colgate at Hamilton. 1 — Hobart at Geneva.
April 5 — Pratt at Brooklyn. 8 — Vassar at Poughkeepsie.
13 — St. Lawrence at Albany.

HOME ECONOMICS

Amy Reynold, ’20, who teaches at Glen Falls, was a weekend visitor in Albany.

Marguerite Adair, ’19, stopped off at State College on her way to New York City, where she has accepted a position with "Vogue." She is doing interior work in costume and design.

Madeline Searle, ’19, has accepted a teaching position at Wayne, Delaware.

Miss Josephine Stull of Skidmore College and at the First Methodist Church, is a recent visitor.

Miss Goldberg supervised the Priscilla Dance on Friday, while Miss Wilson spent a few days at Brownbridge, Conn.

Mr. Gladys Dobson Davis, ’15, visited the College last week.

Mr. Davis has returned from servicemen's overseas and are making their home in Canton, N.Y.

Mr. Arthur L. Underwood, ’19, of Oxford, N.Y., passed last weekend at Syracuse.

Plans for the H. P. party, November 2nd, are well under way and it promises to be the usual jolly time for the department.

DELTA OMEGA

A memorial service in honor of Gertrude Crissy Valentine was held at the Delta Omegea Fraternity. The reception was held at her home in Freeport, Long Island. The reception was held at her home in Freeport, Long Island.

Delta Omega extends its sincere sympathy to Miss Smith, the loss of her grandmother, Mrs. Smith, who died recently in Pleasantville, N.Y., a week at her home in Pleasantville, N.Y.

We are pleased to welcome Marion Tupman back after her absence caused by the death of her grandmother.

The "Constitution" of To-day — Electrically Propelled

The U. S. S. "New Mexico," the first battleship of any nation to be electrically propelled, is one of the most important achievements of the scientific age. She not only develops the maximum power and, with electrical control, has greater flexibility of maneuver, which is a distinct naval advantage, but also gives greater economy. At 10 knots, her normal cruising speed, she will steam on less fuel than the boat turbine-driven ship that preceded her.

The electric generating plant, totalling 28,000 horsepower, and the propulsion equipment of the great super-dreadnought were built by the General Electric Company. Their operation has demonstrated the superiority of electric propulsion over old-time methods and a wider application of this principle in the merchant marine is fast making progress.

Six auxiliary General Electric Turbine-Generators of 400 horsepower each, supply power for nearly 500 motors, driving pumps, fans, shop machinery, and kitchen and laundry appliances, etc.

Utilizing electricity to propel ships at sea marks the advancement of another phase of the electrical industry in which the General Electric Company is the pioneer. Of equal importance has been its part in perfecting electric transportation on land, transforming the potential energy of waterfalls for use in electric motors, developing the possibilities of electric lighting and other similar achievements.

As a result, so general are the applications of electricity to the needs of mankind that scarcely a home or individual today need be without the benefits of General Electric products and service.
