State College News - October 3, 1952
Today in assembly the much-debated Big-4 motion was made and passed. Since SA has expressed the desire to review its decision, we hope that the executives will insist that the All-State Revue become the better simply because it is a change. Likewise, vote intelligently—your decision will affect many.

By virtue of its size most everyone his motives or pressed by the friendly atmosphere should be able to carry on an in-often than not, malicious. Gossip can be injurious and, more Malicious prattle has hurt many something better to occupy their day's tallowing yet not you personally, but in the long run, every election will affect many.

STATE COLLEGE NEWS. OCTOBER 3, 1952

Ruslan is a friendly college, though and people become aware of their action. We can only hope that this slop be put to good use. There is another manner to do things, and we hope that it will be adopted. By setting up a system under this plan, which could improve and add to the already good, we may be able to do something useful.
