What, Me Cut?

The Saturday evening in progressive education was reached at State with the passage of an administrative ruling that only those on probation could have unlimited cuts. This is the first concrete step taken by the College to satisfy the felt needs of the students. The old custom of unlimited cuts was taken away by the College to satisfy the felt needs of the students.

A second innovation came with the passage of a bill to reduce the number of students on probation. The students are concerned with the elimination of State College's bureaucracy. Many students fought against the measure but no one will walk in their place. What will they do now?

In the case of the Bove, it was proposed to have a lack of interest. Again we congratulate the members of the Bove for their situation as very well and actually doing something worthwhile for the college as a whole.

Every Friday...

The history of the State College News is a full and colorful one. In 1929, the first issue was published on October 15, 1916, financed with the sale of subscriptions. The News has come a long way since then, and has always maintained an important influence on Student Government and extracurricular activities. It has been a leader on campus since its inception.

Since its initial publication, the News has always come out on Friday. This has been a tradition which each editor has had to live up to. It is a constant challenge, but no one has ever failed.

To many people on campus the News is considered to be a closed clique. In order to meet the challenge every week the members of the News Board and staff work under constant pressure to produce the paper that you are now reading. There are those who call back after this issue, What then, you think back, but while those who do not like the shape of it, have little chance for them. The hundreds of sons and daughters who are not only State College today with their presence, we dedicate this issue—

We hope you will find a few free moments sometime during this hectic day to glance through this issue, for the paper that you are now reading. There is no glory in editor has had to live up to. It is a constant challenge, but sensitive to progress.

STATE COLLEGE NEWS. SATURDAY, MARCH 15, 1958

And This Is Our Student Government...

An extra-curricular and organized club is an integral part of any college experience. Here at State College, there is a great number of fine organizations. The Student government is a vital part of the college experience. It is the representation of the student body and the means by which students can express their views and opinions. The Student government is made up of elected representatives of the student body. It works closely with the administration to ensure that the needs and desires of the students are met.

Religious Clubs

Honoraries

The need to protect is very acute in today's world. The need for a strong educational institution is even greater. The State College of Oregon is one such institution. Its dedication to extracurricular activities is evident in the formation of the Student government.

Our Traditions...

Most of our traditions and customs have a rich history. The traditions of our college are rooted in the past, but they remain relevant today. Our traditions are a source of pride and a way to connect with our heritage.

Sometimes We Goof

MISTAKES OF DAY is an occasional column dealing with the school year. Each class paper by a student who is not a member of the staff. The column is contributed by an expert on school life. The column is designed to provide a source of humor and entertainment for the students. It is written by students, for students, and it always has a light touch.
Autumn Leaves

The Association of Men's Intramural Activities and the Women's Intramural Activities sponsors the football, soccer, basketball, volleyball, and bowling tournaments. These events are held on the intramural field, which is located next to the Johnson Student Center.

The football season is held in the fall, and the soccer season is held in the spring. The basketball season is held in the winter, and the volleyball season is held in the fall and spring. The bowling season is held in the fall and spring.

The football season is the most popular of the four sports, and the soccer season is the second most popular. The basketball season is the third most popular, and the volleyball season is the least popular.

**Dramatics . . .**

In 1915, Professor Richmond Curtbond, Chairman of the English Department, organized a club in Dramatics, the first in the world on the campus of a state university. This club was a part of the Student Union and was open to both men and women. The club was not organized specifically for drama, but rather for the purpose of providing an outlet for creative expression and talent development. The club's activities were centered around the production of plays, musicals, and other performing arts presentations. The club was open to all students, regardless of their major or area of study, and provided a valuable opportunity for students to engage in quality, non-credit drama production work.

**The Open Mind**

By DIT POGONIA

Dorm Pogo. The name is to you. And as you went through the halls of the dormitory, you might have noticed a poster with the words "The Open Mind," and wondered what it was all about.

The Open Mind is a student organization on campus that promotes intellectual growth and critical thinking. It is a place where students can come together to discuss a wide range of topics, from current events to abstract philosophical concepts. The organization has regular meetings where members can present their ideas, engage in debates, and learn from each other. It is open to students from all backgrounds and majors, and encourages anyone interested in exploring new ideas to participate.

**State Offers Selective Test Opportunity**

New York State Colleges have announced that they will offer a selective test program, where students can choose to take the SAT or ACT. This program is designed to provide an opportunity for students to demonstrate their academic abilities and to show that they are capable of succeeding at the college level. The selective test program is available to all students who meet the eligibility requirements, and provides an alternative to the traditional college entrance exams. Students who choose to take the selective test program will have the opportunity to showcase their abilities and demonstrate their potential as college students.

**Sororities & Fraternities**
