Wilson Thomas: Quietly emerging into a star

By Marc Haggard

No one seems to notice when Wilson Thomas gets his shot off or when he's moving in the lane. He is just another member of the Great Dane men's basketball team, but his quiet demeanor and unassuming nature are beginning to change as he becomes more of a household name.

Thomas, a 6-foot-5, 220-pound forward, has been a key player for the team this season, averaging 10 points and 8 rebounds per game. His presence on the court has helped the team maintain a solid record, despite the absence of some key players.

Thomas believes that his success this season is due to his focus on teamwork and his willingness to take on a leadership role. "I'm just trying to be a better player, a better teammate," he said. "I want to help my team win games and help my teammates win games as well.

His quiet nature has helped him to blend in with the team, but his contributions have not gone unnoticed. "Wilson has been a great addition to our team," said head coach Dick Sauers. "He's a smart player and a great teammate.

Thomas is grateful for the support he has received from his teammates and the coaching staff. "I couldn't do it without them," he said. "They've been there for me every step of the way.

Thomas's next goal is to improve his shooting and his ability to handle the ball. "I want to be a more complete player," he said. "I want to be able to score and make my teammates better.

Despite his success on the court, Thomas remains humble and focused on the team's ultimate goal: a trip to the NCAA tournament. "We're working hard to make that happen," he said. "We know that it's going to take a lot of hard work, but we're up for the challenge.

Thomas's quiet nature and his dedication to the team have earned him the respect of his teammates and the coaching staff. "Wilson is a great addition to our team," said Sauers. "He's a great player and a great teammate.

His hard work and dedication have paid off, and Thomas is looking forward to a bright future with the Great Dane men's basketball team.

Croulter’s shot sends Danes to the SUNYACs

By Marc Schwartz

Deane Croulter’s shot in the final seconds of the game sent the Danes to the SUNYAC playoffs.

Croulter’s basket gave the Danes a 59-57 win over the Pittsburg State Panthers. The Danes will now be in the SUNYAC playoffs, where they will face their conference rivals for a chance at the championship.

Croulter, who finished with 18 points, said that the win was important for the team’s confidence.

"It’s a good thing he picked up like that," he said. "I was very happy with the win and the team.

The Pittsburg State Panthers were no match for the Danes, who dominated the game from the beginning.

Hazard Hits Home

This is a true story of a real person. When I first met Robert Hazard, the lead singer for the band Robert Hazard and the Ants, I was struck by his unique personality and style. He is a true original, with a love for music that is as deep as it is genuine. I was fortunate enough to have the opportunity to interview him for a magazine article, and I was impressed by his wit and intelligence. He is a true artist, with a passion for his craft that is evident in every note he plays. I hope you enjoy this story, as much as I enjoyed writing it.

Robert Hazard

The Winded War

As the sun sets over the mountains, the wind begins to pick up, and the air grows colder. It is a perfect day for a hike in the mountains. I was lucky enough to be invited to join a group of friends on a hike, and we set out early in the morning. The trail was steep and rocky, but we were determined to reach the summit. We hiked for hours, our muscles aching and our lungs burning, but we refused to give up. Finally, we reached the top, and the view was breathtaking. We had made it to the summit, and we were so proud of ourselves.

Mark Rossier

Talk Around America

It was a hot summer day, and I was determined to get out and enjoy the outdoors. I decided to take a hike in the mountains, and I was glad I did. The view was stunning, and the air was fresh. I was so absorbed in my surroundings that I didn't notice the trail was leading towards a small town. I was intrigued, and I decided to explore. I was surprised to find a group of people gathered around a small building. They were singing and dancing, and they invited me to join in.

Robert Schneider

Candy for Ant People

I am a fan of Robert Hazard and the Ants, and I was thrilled to hear that they were playing a show in town. I had been following their music for years, and I couldn't wait to see them live. I arrived early, and I was surprised to find that the show was already in full swing. The audience was packed, and the band was performing with all their energy. I was so engrossed in the music that I didn't notice the time until the last song ended.

Lisanne Sokolowski

and

Meiin Ung

The truth is, I don't really know what to say about Robert Hazard and the Ants. They are a band that has always been a part of my life, and I am so grateful to have had the opportunity to see them live. I hope you enjoy this story, as much as I enjoyed writing it.
From bad to worse

The budget, once the SUNY proposal by Gov. Mario C. Cuomo was accepted, arrived at the SUNY system. The 90-member SUNY system has more than 200,000 students and 17,000 employees. The system's expenses totaled $4.2 billion last year, and $1.8 billion of that went to pay salaries. The change in the budget forced SUNY to cut $25 million in expenses. It was the largest cut in the system's history.

The cuts were spread across the system's campuses, but the ones that hit the hardest were SUNY's health sciences campuses. The cuts forced SUNY to lay off 1,000 employees, including 300 professors. The cuts also forced SUNY to eliminate 19 programs and close 28 other programs. The cuts were so severe that SUNY had to cancel classes at some campuses.
