Campus Interviews on Cigarette Tests

No. 26
THE ROOSTER

Some of the crowing is off key!

Yours is the enviable position of being a smoker in the midst of a nation-wide health scare. When it comes to making "worthwhile" experiments of cigarette mildness, the student is usually far in the lead. More often than not, he stands out as a Benefactor of Science in the matter, and his expert judgments are eagerly sought by the marketing men of the tobacco industry.

The campaign against cigarette smoking, which has already succeeded in taking a little smoke out of the atmosphere, is now being expanded onto the campus. The purpose of this program, as set forth by the University Council, is to contribute to the nation's effort to reduce the use of cigarettes and to promote better health habits among students.

Union Board Releases Activity Room Rules

The Union Board has issued regulations for the use of the activity rooms, which include smoking areas. The rules are designed to ensure a safe and pleasant environment for all students using the facilities. Smoking is restricted to designated areas, and all individuals are expected to follow the guidelines to maintain a clean and tidy environment.

Soc Hop Decorations To Denote Fall Theme

A new theme has been introduced into the decoration of the campus for the upcoming social events. This theme, featuring fall colors and motifs, is intended to create a festive and welcoming atmosphere for all attendees. The decorations will be prominently displayed throughout the campus, highlighting the spirit of the season and adding a touch of elegance to the events.

Grad Students To Take Exams

All graduate students are required to take exams as part of their coursework. The exams are designed to assess students' understanding of the material covered in their courses and to evaluate their progress towards their academic goals. The exams are scheduled to take place in the coming weeks, and students are encouraged to prepare adequately to ensure their success.

Campus Greeks Continue With Traditions

Campus Greeks are scheduled to begin at 7:45 p.m. with preparations for the coronation. The event is expected to attract a large audience, with many students looking forward to the excitement and pageantry of the occasion.

The moment of the day's contests will be the moment of the afternoon, and the trip to the Annex for a sneaky attack, crouched, covered, and camouflaged, will be the first. To imagine their satisfaction at fooling over on Central? Oooo—spooky! You peek at the painted windows haunting Albanian streets. Who knew? Driving into the Boulevard Cafeteria, sporting a festive air with big jack-o-lanters, one beaming, and ran to the Annex for a sneaky attack, crouched, covered, and camouflaged, will be the first.

Rivalry

Today in Assembly the discussion of the Big Four was held. It brought out the fact that rivalry is the order of the day. The State and the College are in opposition to each other. The College has been criticized for its lack of spirit and its insufficiency of support. The College, on the other hand, seeks to be recognized as a university with a large student body and a strong tradition. The question of prestige and status is at the root of the conflict.

De Renum Natura

"By Joan Nightingale"

"To crown a hearty welcome, and as a demonstration of our appreciation of the efforts of our new president, the entire student body was gathered in Newman Hall to bid him farewell. The president, Dr. Kenneth S. Herman, was greeted with a standing ovation and a roar of applause. The students expressed their gratitude for his leadership and pledged their support for his administration."

Common States

"By: Dr. Dunn and Fern"

"The annual meeting of the Students Association was held today in the Student Union. The main topic discussed was the need for a more active role in campus affairs. The students expressed their dissatisfaction with the current organization and its lack of effectiveness in carrying out their duties. There was a call for a more democratic system of organization and a greater involvement of individual students. Our budget covers the cost of the publicity of the association. It is the students' responsibility to ensure that this organization has a publicity manager."

Students To Offer Aid At Neighborhood House

"For some of us who have been unable to get jobs, there are at least two things that we can do in the community. One is to volunteer at the Neighborhood House, which provides assistance to those in need. The other is to participate in the local political campaigns, where we can help to elect candidates who will support our cause."

Faculty Footnotes

The second lecture on "Courtship and Maturity" will be given by Professor of Commerce and Recreation Dr. Kenneth S. Herman. It will take place in Newman Hall at 11 a.m. Anyone interested is welcome to attend."
