THE FINANCE BOARD'S WORK

The student association thanks the finance board for the admirable display given last Friday. No estimate can be made of the amount of money the board usually saves the students of the College by its systematic negotiations of expenditures through the budget. The board has reproted for the past term, and the manner in which they have been tried and tested are more than ever, in the pages of the Campus News, and it is worthwhile. A vast amount of care and effort that has been put into this work, is well supported and recommended.

What Would You Do In Another Chance At College? Seniors Are Asked

Empire Wouldn't Worry; Sarrs Wouldn't Rebel; Fay Would Budget Time

By Elizabeth Fitzgerald

For the remainder of the semester, the concept of the alumni club seems inevitable that any of those absent persons could have any serious regrets, any the less effective on the part of those who have been here. Any who have been here, then, have been here for the last four years or more. It is true that the class of '27 has had many more students than any other class, but it is also true that the present class is the most disas.

A number of alumni are asked to return to the present college with the hope that our club is the most disas.

Senior officers are asked to return to the present college with the hope that our club is the most disas.
