This And That...
With the probable innovation of January to January elections, many of the high-
lights of the present Moving-Up Day pro-
grame will be abolished. This year saw
the beginning of a new weekend on our
campus as the advent of Points Day. We
suggest that these two be incorpo-
rated into one weekend. The comple-
tion would affect our present student
body to the extent of winning a bigger
segment of our student population.
We have heard the statement that the
members of the Constitution Committee
have worked hard and tirelessly gone
in a government that will really meet
the intellectual needs of the student body.
They have done their work...now, it's
our turn.
