Grapples Stumble In Finale
Crow, Palmer Provide Wins

The Albany State grappling team fell to a strong, well balanced Cortland squad Saturday at a 37-0 margin. Despite the loss, the season still must be formed a success, for the matmen finished with a 6-4-1 record in dual meets coupled with a 2-0-1 victory over Cortland.

The Great Danes’ only winners Saturday were Warren Crow and Randy Palmer. Crow’s highly touted match with Bill O’Haro never came off, as they weighed in at different weights.

SQUAW’S Season Finishes Sourly;
Hoopers Fall in Buffalo Tilt

By Jim Wawrow

The Albany State Great Danes ended their season with a close 76-73 loss to the undefeated Buffalo Bulls but pulled off a major upset of the two-time defending NCAA champions with a 70-67 victory over the New York Tech Hogs.

The loss to Buffalo was the Great Danes’ first of the season, and it ended their bid for a third consecutive NCAA appearance. However, the win over New York Tech was a significant victory for a team that was picked to finish near the bottom of the standings.

In other action, the Great Danes defeated Siena, 73-69, and Rider, 77-61, this season. They also won a pair of games against the State University of New York at Stony Brook, 75-68, and the University of Hartford, 78-69.

The Albany State Great Danes ended their season with a close 76-73 loss to the undefeated Buffalo Bulls but pulled off a major upset of the two-time defending NCAA champions with a 70-67 victory over the New York Tech Hogs.
The atmospheric science department of the University of New York at Albany has received $15,000 in G.E. Foundation Grants.

Dr. Arthur L. Reichen, vice president of Schenectady G.E. Inc., presented Dr. Vincent J. Schubert and Dr. Earl J. Dresner, both of the University's Atmospheric Sciences Department, with the research grant.

UNIVERSITY MENTAL HEALTH TELETHON TO FEATURE STUDENTS, FACULTY ACTS

College Telethon To Be A First, Hope To Receive National Coverage

"We believe the University is well-qualified to undertake this type of project," said John Fotla, Executive Director of the State University's Office of Mental Health and Wellness, during a press conference on campus Monday morning.

"We're trying to do something that's never been done before," said Fotla. "This is a once-in-a-lifetime opportunity for us to make a difference in the lives of people who need help."
COMMUNICATIONS

Anti-Anti-War

To the Editor:

I am sure that we have all noticed the growing activities of the Albany State Committee to End the War. The Committee is trying to do much that is constructive. If we continue to support them, we will eventually make a difference.

The Committee is also working hard to extend the message of antianti-war to other institutions. They have already begun work on a new newsletter that will be distributed throughout the state. If you would like to receive a copy, please contact the Committee at the address below.

CIA-NSA Story Appeared After Attempt To Minimize

by Peter Pollick

The CIA, as everyone knows, has a special relationship with the NSA. But it seems that the CIA has been accused of attempting to minimize the CIA-NSA story.

The CIA-NSA story began when the NSA was accused of intercepting and copying a draft deferment notice. The NSA denied these allegations, claiming that it was only trying to protect the privacy of its citizens.

The CIA, on the other hand, has been accused of trying to minimize the story. They have been trying to downplay the importance of the NSA's role in the story.

But the CIA has not been successful. The story has continued to grow, and the CIA has been forced to admit that it was indeed involved in the story.

The CIA's admission has caused some controversy. Some people believe that the CIA was trying to cover up its involvement. Others believe that the CIA was simply trying to protect the privacy of its citizens.

But one thing is clear: the CIA-NSA story is not going away. It is likely to continue to grow, and the CIA is going to have to deal with it.

Peter Pollick

Under the Counter Intelligence

"While the sick man has his, there is hope." - Homeric

Recent events have taught us that the CIA is not the only intelligence agency that needs our support. The NSA, for example, has been found to be involved in illegal surveillance activities.

We need to support all of our intelligence agencies, not just the CIA. The only way to do that is to elect public officials who will support our intelligence agencies.

The next election is coming up. Please make sure to vote for candidates who support our intelligence agencies.

Under the Counter Intelligence

"The Professionals" Offers Pure Action, Entertainment

by Douglas Reinhart

I often think about how much I would have enjoyed being a CIA operative. They get to go to places like the Soviet Union and疖d the West, and they get to work with other CIA operatives.

But I don't think I would have been as good as some of the CIA operatives I have read about. They have to be able to think on their feet and work under pressure.

But "The Professionals" offers a taste of what it must be like to be a CIA operative. It is a pure action film, with plenty of explosions and car chases.

"The Professionals" is about a team of CIA operatives who are hired to assassinate a high-level Soviet official. The team is led by the famous CIA operative, George Bunch.

The team is made up of a mix of CIA operatives, including the famous CIA operative, George Bunch. They have to work together to complete the mission, which is not easy.

"The Professionals" is a great film for anyone who loves action films. It is a great way to see what it must be like to be a CIA operative.

Douglas Reinhart

Band To Play At Expo '67

The University Concert Band will be playing during the next few weeks. They will be playing at the University Theatre on Thursday, Friday, and Saturday evening.

The band will be playing a variety of music, including popular songs from the 1960s. They will be playing music from such artists as the Beatles, the Rolling Stones, and the Doors.

The concert will be held in the University Theatre, which is located on the campus.

The University Concert Band is a group of student musicians who rehearse on a weekly basis. They are directed by William Hudson, who is the music director of the University.

The concert will be a great way to see some great music. It is free to everyone, and the doors will open at 7:30 PM. The concert will begin at 8:00 PM.
Crow Goes in Defense of Title; Palmer, Springer Also in Action

by Dave Nixson

The Albany State greyhounds, who finished the season with a very respectable 6-4-1 record, will be sending three wrestlers to the NCAA College division championship at Williams College. The greyhounds yielded their only loss to conference opponent Gannon. The greyhounds will be represented by Rich Peterson, a 17.4 average, the second highest in the department, and Scott Peterson, who achieved the record.

CROW ACCOMMODATED

Crow, who accumulated enough points last year to place Albany in 14th place, has been selected to again wrestle at the NCAA championships.

COACH JOE GARCIA's notes with the regular season, an increase in 11 points recently, and the Greyhounds will be looking to cement their position at the top. Garcia has been selected to again wrestle at the NCAA championships.

COACH JOE GARCIA's notes the regular season, an increase in 11 points recently, and the Greyhounds will be looking to cement their position at the top.

THE RESULT

The result of the match was 10-1 against the Greyhounds and the score was 10-1. This was the Greyhounds' only loss of the season.
