"Fashions of the Day" this week presents a preview of what the well-dressed collegiate will wear during the June summer days. What will be wearing now is the horizontal-stripe or vertical-stripe shirt. The mode of the summer seems to be one that assures ease of movement and the urban comfort. You will notice particularly that the sporty golfer will not stick so closely to his knickers as he has in the past, and that he will wear a hat instead of the usual golf cap. The shoes will be in the "casual" variety with crepe soles and soft tops.
