STATE COLLEGE TO OBSERVE "WIN THE WAR DAY"

Student Attendance to be Required at Patriotic Celebration

April 6th has been named "Win the War Day," being the first annual observance in the history of the school. The day falls on Saturday, April 6th, and is to be regarded as a day for the encouragement of patriotism. It will be marked by special exercises and a general program of activities.

Other features of the observance will be a War Inventory, giving the status of the war as far as possible up to date, in men, munitions, and supplies. There will also be war poetry and war songs. Since the real Liberty Loan campaign will open on that day, appropriate reference will be made of the financial obligations of the nation.

The college meeting will be held at noon, following the lecture, and student attendance is required.

Dr. Hart spoke at the invitation of Dr. A. N. Brubacher, president of the college, and Dean Warren H. Horner, president of the association.

We have been saturated in peace for so long that the realization of what war was until we were in the midst of it," said Dr. Hart. "Peace, by some, means no war, and this is true, or, at least, the opposite of patriotism, and rightly so, although peace is the thing))) (Continued on page 4)
