Farrell Mansion May Open As Students' Union

Sayles States House to Open If Student Financial Aid Tax Probably Necessary

If the financial problem can be

solved by then, the President stated

that the Farrell Mansion will be

opened to students. The possible

cost of $3,000 a month for the

operation of the house will be

billed to the student body.

So far, there have been no i

decisions made on the matter.

Finance is the principal stumb-

ler to the proposed opening of the

house, President John M. Sayles

states.

"Eight thousand dollars," Dr. Sayles

said, "is the amount of money

that is necessary to run the

house. It would be a financial

burden to the student body if

this amount was needed."

Dr. Sayles said that there would be a

trial program of procedure, but Dr.

Hicks would do the job.

"There has been a lot of talk about

the matter," Dr. Sayles said. "But

as yet, there has been no decision

made on the subject."

"The students are the ones who will

decide whether or not the house

will be opened," Dr. Sayles

stated.

"If the students decide to open

the house, the President will

make the final decision.

The President of the Student

Union will be in charge of

the house.

The house will be

a caretaker and a resident dean, Stoddard is an accom-

plished psychologist, and has

been a leader in the field of

education.

Dr. Stoddard has been a

professor at the University of

Wisconsin, and is a member of

the faculty of the American

Psychological Association.

Dr. Stoddard is no

millionaire, but he has made

more feasible by the recent

increase in the rate of interest.

"The increase in the rate of interest

has made the house more

feasible," Dr. Sayles said.

"But the students will have to

make the final decision on the

matter."

The house will be

And the New Sun Rose...

The past two years have seen the phenomenon of student disrespect and deUMANity of our student life. As an example of such an attitude, the President set the example for the student-faculty relationship.

...in the student-faculty relationship.

The faculty, through its spokesman, Dr. Carver, was quoted as saying, "The present day preparedness of the student-faculty relationship means," the NWS announced then.

To the freshmen he advised, "Use the work of the Class of 1918."...we have means in our college, he looked as if he had been stepped into the college, he looked as if he had been a musician- tour...or you can loaf alone and think of waste baskets.

Vitamin F and Fraternities

Vitamin F and Fraternities are not the same, as demonstrated by the example of the Sigma Thetas without even an ink spot on it. They were placed at fifteen. This fusion in rushing didn't miss a thing. Why not a similar system for the college, they gave him with the presented, or the prepared girl in the rush? They gave him a bid of Sigma Theta without even an ink spot on it.

Van Kleek at Jubilee Banquet Pays Tribute to Dr. Brubacher

Dr. Van Kleeck also made the following remarks:

"Dr. Van Kleeck last Saturday. Dr. Van Kleeck also made his presentation, concerts, and other activities. They would receive all the benefits that a tax ticket would provide, and the intensity would be reduced.

And how they tried to get him..."

Newman Club Plans Novel Steak Roast

The Newman Club is planning a novel steak roast to be held on Friday evening. The roast will feature a variety of steaks, including rib eye, sirloin, and filet mignon. The menu will also include a variety of side dishes and desserts. The cost of the roast will be $5 per person, and reservations are required by Tuesday.

SEB Considers Draft Problem

Recent Complex Confrontation From English Junior

The recent complex confrontation from the English junior has led to a debate among the students about the draft. Some students believe that the draft is necessary to ensure national security, while others believe that it is an infringement of individual rights. The debate is expected to continue in the coming weeks.

State Acquires Setof Tymp. For Orchestra

Washington Park Courts are closed

Inclement weather has all but closed Washington Park Courts, making it difficult for tennis players to find a place to practice. The courts are scheduled to reopen next week, weather permitting.

Alumna Recalls Years at State

Late arrivals at school

Kay Peterson declares that the late arrivals at school are a result of the students' desire to have a good time. She suggests that the students should focus on their studies and avoid unnecessary distractions.

College Will See Chekhov Players

Word has been received that State will see Chekhov players. The players will be performing in the upcoming winter season. The college plans to host the players and provide them with a warm welcome.

Along Faculty Row

National Honor Society presents poster

The National Honor Society has presented a poster to the faculty to recognize their contributions to the college. The poster includes photographs of the faculty members and a message of thanks. The faculty is encouraged to view the poster and support the National Honor Society.

State Educators Speak

The State Educators' Conference will have a panel discussion on the theme of "Issues Confronting Higher Education." The panel will be moderated by Dr. John Smith, the president of the State Educators' Conference. The panelists will include representatives from various colleges and universities across the state. The discussion will be held on Thursday evening.

Four Appointed to PTEB

As Board of Directors

Four members have been appointed to the PTEB as board of directors. The members will serve a three-year term and will be responsible for overseeing the operations of the PTEB. The new members are: John Brown, Jane White, Mary Green, and David Black.

Faculty Urged To Register

Students urge the faculty to register for the fall semester. Registration is scheduled for next week, and all faculty members are encouraged to attend.

State's NYA Funds Probably Will be Increased—Chauncey

"We cordially welcome back all the students who have been away," he continued. "We have been working hard to make sure that the college is as welcoming as possible to our returning students."

For the second year in a row, the college has seen an increase in the number of returning students. This year, the college received over 100 applications from students who had previously attended the college. The college has also seen an increase in the number of students who are interested in enrolling for the first time.

President John M. Sayles and Miss Cheeseborough were present at the ceremony and congratulated the students on their return. "It is wonderful to see our students returning," said President Sayles. "We are excited to welcome them back and see them succeed in their studies."
