Statesmen Set Up Housekeeping At Luxurious Hilltop Apartments

The advent of the new school year has brought changes in housing. Due, too, to the desire of students to live in large rooms and to have more housekeeping facilities, William R. McCulloch, Dean of The College, and Albert T. McClelland, Assistant Dean, made arrangements for the occupation of Ridge House, the dormitory near Newman Hall.

The SLS men and some graduates from Cornell University, who were at the College on a temporary basis, moved into the dormitory. Earlier in the year, most of the students found other accommodations. As yet they don't have enough living quarters in the dormitory.

The men now live in groups of four, of course. As yet they don't know how they will work out the division of labor. The plan is to have a kitchen for each group and then have the dormitory housekeeping staff prepare meals for them.

When you smoke Chesterfield's it's so satisfying to know that you are getting the one cigarette that's low in nicotine, highest in quality.

A fact proved by chemical analyses of the country's six leading cigarette brands.

And it's so satisfying to know that a doctor reports no adverse effects to the nose, throat and sinuses from smoking Chesterfield.

The doctor's report is part of a program supervised by a responsible independent research laboratory and is based on thorough bi-monthly examinations of a group of Chesterfield smokers over a period of a year and a half.

Chesterfield is best for me — my steady smoke for 7 years.
