Brendon Burke was just as playing in the fifth and sixth singles and, 7-1, Potsdam and Central Connecticut for a perfect day.

Tenth. The Great Danes also posted a victory last month when they took Utica 9-0, this past Saturday in a home match. Backus, "Chuck" Cairo, Jack Horgan, and a walk, Wright showed that some pitchers can hit as he lined a double to left-center, scoring Wright home with a single to right field in the seventh. Potter pushed across with one out in the eighth.

Individual scores, although this is not indicated by the final score, were only 85. Craig Luthor, the (n, however low score for the Capital City Golf Tournament. The tournament was held in the Old Campus where the Danes made their way to the final round.

Petterssen's duties will be in-- the Division of Science and Mathematics, and director. She expressed the view that the Danes were practicing against the Danes.

The left fielder reached on a fielding error, stole second, and was retired at the plate, then hit into a force play.

The team was in much better shape in the fourth, scoring off Ploeger. The Danes' only tally was the result of a single. The Danes made their way to the final round.

Rosenberg, Weinstein To Help Plan College
By Jill Franklin

Michael A. Rosenberg and Barbara M. Weinstein, Columbia alumni who have now been appointed to the faculty of the College of Education and Human Development, have been named advisors in the planning of a new education department which was announced recently.

Two new faculty members, observers in the daily life of the College of Education and Human Development, will be present in the planning process and will present the faculty's recommendations for implementation to the administration.

Mr. Rosenberg is a member of the faculty and was educated at Columbia University, where he received both his bachelor's and master's degrees.

Ms. Weinstein, who is a member of the faculty, also attended Columbia University, where she received both her bachelor's and master's degrees.

Both recommend new courses of study, and what seminars and courses of study will be included in the new department.

Capital Area Branch For School Development
To Hold Institute

The Capital Area Branch for School Development, a constituent of the New York State Association for Education, and the College of Education and Human Development, is to hold a first conference for area groups.

The purpose of the institute, which will be held in the College of Education and Human Development, is to provide an opportunity for the exchange of ideas and for discussion of problems.

The institute will be held for a few days in order to allow the exchange of ideas and for discussion of problems.

THE VIETNAMESE WAR IS RELATED TO OUR INTERNAL SOCIAL PROBLEMS

We, the undersigned faculty of State University of New York at Albany, fully support the effort of Dr. Martin Luther King, Leader of SCLC and Nobel Laureate, to point out to the American people the relationships between our relative importance in solving our internal social problems and the disastrous Vietnamese War.

We, with Dr. King:

a) Advocate the clear recognition that all the Vietnamese people should decide the fate of all of the country.

b) Wish to promote the recognition that this country engaging in the immorality of a disastrous war compounds the immorality that we allow to exist in the social structure of our country.

c) Wish to promote a continued open and working dialogue between those of us who view our involvement in the war as incongruous and immoral and those who wish to pursue the war. We feel that this dialogue must be promoted among all the young people of the country; and we especially want it to continue at SUNY Albany.

STATE FAIR was a day of games and fun as groups such as Phi Delta Phi and Sigma Alpha Epsilon held their own booths like this slave auction.

THE GOOD 'N' PLENTY Blues Project played several times last week at Gentle Thursday and State Fair.

KITES are a part of Spring and even though there might not be much Spring, there are still kites.

STUDENTS AND FACULTY watched and participated in the happenings with their faces smeared with paint, smiles showing and balloons in hand.

WORKMEN'S PLANS were discouraged by the annual "happenings" which took place around the Campus Center fountain.

UNIQUE PUBLICITY, signs and posters, exhorted on campus to inform students of the happening which took place last Friday.

WERNER BAUM played his electric flute for audiences at the Jazz Festival with his skilled drawing.

SALOONS were featured during all parts of Campus Carnival Week, State Fair and happenings last week.

JEREMY STEIG played his electric flute for audiences at the Jazz Festival held last week.

Mental Cruelty

The Editor:

As a representative of the A.S.P., I would like to address the issue of Mental Cruelty.

The recent incident involving [name] raises serious concerns about the mental well-being of students.

I believe that this behavior is unacceptable and requires immediate action from the university administration.

Thank you for your attention to this important issue.

Sincerely,

**ASPect on Sports**

Well, sports fans, this is the moment you've been waiting for! The good news that you have been waiting for since the beginning of the semester has finally arrived. This is the last "ASPect on Sports." A special Sports Editor Glen Steph has been handling the sports staff this year, and we're excited to see this piece and how it will improve against the old ASP tradition.

What kind of year has it been for sports this year? At the final week of Albany State's athletics season, they have had a successful year. Most of the athletes enjoyed winning seasons, and those that probably won't have this satisfaction (basketball and golf) have only one senior among them, so it looks like another banner year in Albany athletics. We hope this will coincide with the opening of the new physical education building in September. If the building is ready and the teams are as strong as it looks now, it could be the biggest year in the history of intercollegiate athletics at this University. All we need is football to make it a complete program.

The sports teams, with only three seniors and a handful of sophomores registered to date, have been more than effective. With only three seniors and an experienced group of sophomores, the Dawns will most certainly improve on their 1968 mark.

The cross-country team will be invincible this year. With only two graduates last year's 11-1 team, the future of the Dawns seems bright. As long as the schedule is not beyond the capabilities of the runners, the runners will have a strong chance to win another championship. As always, the Dawns have been extremely successful.

The seniors will be tough. The graduates of Mike Bloomberg, Jim Conlin, and Mike McNamee will be missed. Their return has been more than expected. As always, the seniors will be tough.

The Albany Great Danes played Utica College to a 9-9 draw Wednesday in a marathon 3 hour and 45 minute encounter. Walks and errors were numerous as APA soon bounced back to hang on into difficulty in the fifth. A single, two walks, and a hit to center. Two more walks forced in two runs. The Great Danes came right back, scoring on a single by Christian walked, forcing in a run. Christian walked, forcing in a run. Christian walked, forcing in another run and the Great Danes

**Great Danes Draw With Utica Will Host Adelphi Today At 3**

The Great Danes opened the scoring with a 2nd inning single by Jim Murley and a double by Bill Mazzaro to score the first run of the game. In the top of the third inning, the Great Danes added another run on an error. Andrew Walsh followed up with a single and Murley walked and Elkins tagged one deep to left for a home run, and a 3-0 lead. The runners were not successful at getting runners home. However, in the third inning, the Great Danes scored two runs on a single by Christian walked, forcing in a run. Christian walked, forcing in another run and the Great Danes

**APA Gains Victory Number 8, Potter A, B Notch Wins**

In games this past week, place APA number one, 8-0, scored 16 goals on a total of 23 shots. Six of the goals were scored by Potter A, and four by Potter B.
