Booters Cop Two; Oneonta Next

By Ed Mayer

The Oneonta State soccer team clinched a win in Wednesday's game against New Paltz, 2-1, at the Oneonta State soccer fields. The team now has a record of 6-6-2 overall and 2-0-2 in the SUNYAC conference. The Oneonta State soccer team is currently in second place in the conference with 6 points.

The game was played in front of a crowd of 150 fans, and both teams played well. In the first half, Oneonta State had the better of it, with several good shots on goal. However, New Paltz's defense held firm, and the game ended 1-0 at halftime.

In the second half, both teams continued to push forward, with Oneonta State scoring the second goal in the 70th minute. New Paltz tried to comeback, but Oneonta State held on to secure the win.

Oneonta State's next game is on October 21st against SUNY at Potsdam. The game is scheduled for 2:30 PM.
Prosecutor Exoneraes Ford

WASHINGTON (AP) Special prosecutor Fenster of New York, 22, today indicted 12-year-old former President Ford on five counts of perjury, including charges of lying under oath in connection with campaign finance violations.

"The matter has now been closed, and the President for whom it was closed," Brad said in a news conference.

Ford was indicted on charges of forging a signature on a campaign finance report and making false statements to the Federal Election Commission.

Fenster said the case would go to trial in March, before Judge John J. Sirica of the U.S. District Court.

He said that if convicted, Ford could face a maximum sentence of five years in prison and a fine of up to $10,000.

"The President is a man of integrity who has never been known to break the law," Fenster said.

"He is a man who has always stood up for what he believed was right, and he has always been willing to take responsibility for his actions."

Fenster added that the charges were based on evidence collected during the investigation of the Watergate scandal.

He said that Ford had been charged with five counts of perjury in connection with the Watergate case.

The charges are:

1. False statements to the Federal Election Commission.
2. Forgery of a signature on a campaign finance report.
3. False statements to a agency of the U.S. government.
4. False statements to a foreign government.
5. False statements to a foreign corporation.

Fenster said that if convicted, Ford could face a maximum sentence of five years in prison and a fine of up to $10,000.

"The President is a man of integrity who has never been known to break the law," Fenster said.

"He is a man who has always stood up for what he believed was right, and he has always been willing to take responsibility for his actions."

Fenster added that the charges were based on evidence collected during the investigation of the Watergate scandal.

Impeachment Vote
continued from page one earlier.

"After the first five or six votes were cast, it was evident that the
voter wasn't going to be tempted," said City Council member
Lawrence "Larry" Ray, a member of the Albany Student
Press editorial board. "We were able to get the votes."

"It's just that the first round wasn't as
large as we expected," said Parker. "But the
vote was close enough that we were able to
get the votes we needed."

Parker added that the experience was
different from the previous vote. "The previous
vote was more like a referendum," he said. "This
time, it was a more targeted effort."
**To Absentee Vote**

- Fill in your application when it comes (for those that have sent in the white request for application).
- Mail immediately (but in any case by Oct. 24th)
- When you get your ballot, do fill it out and send it.

Remember: You cannot get an absentee ballot for Albany County unless you are incapacitated.
Call the SA Office if you have any problems. (745-4219)

---

**I need my new ASP October-November Calendar!**

We now have more calendars just as fantastic as the ones that ran out earlier this week. We at the Campus Center Info Desk and other locations.

And remember you can win a balmy trip to the Bahamas with the sheet accompanying the calendar.

(Bring completed coupons from calendar to SA Contact Office)

---

**Le Cercle Francais is planning a weekend in QUEBEC CITY!**

- Ticket price: $32.00 w/tax card, $35.00 without
- Includes: transportation both ways and accommodations
- Bidding Tourn from Cercle, May 1 starting Sunday
- Tickets on Sale Oct. 20, 21, 22 in CC Lobby
- To the students in Quebec (or at least people traveling to Quebec)

**DON LAW AND RENSSELAER CONCERTS**

- Presents: L. F. G. The International Film Group
- The alternative filmic experience since 1954.

**THREE PENNY OPERA**

- with Lotta Lenya

**FRIDAY OCT 22 LC 1**
- 7:15 9:45
- $0.50 w/tax $1.00 w/out

**Rebate Money To Go Into Fund**

“A rebate is being made known by UAS to give students back their money. An all pupil plan in the ASP requesting those students who haven’t picked up their rebate to fill out a form so they would be able to pick up the money due to them. The deadline for this form was September 29. Zahn said "it is no longer possible for students, who haven’t filled out a form, to get a rebate. If they didn’t apply there is nothing much we can do about it.”

Those who filled out a form have from October 15th to the 29th to pick up their check at the cashing desk. Rebates were great this starting last spring. Students were able to pick up a 5 per cent rebate on the food bill.

“About 400 students never picked up the money, which totaled about 2,000 dollars,” and then whom students at the Controller of UAS. As a result, during the summer letters were sent out to those students requesting their addresses so the money would be able to send them their due checks.

Rebates were originally given because "UAS was running ahead of itself in sales, and was picking up an income greater than was expected," said Zahn. "We had a rescue package this month, which included a check from the fund for the student, and for the students of the faculty members. The decision was made in favor of giving it back to the university." The deadline for this form was September 30.

A last effort was made this term by the Controller of UAS. As a result, during the summer letters were sent out to those students requesting their addresses so the university would be able to send them their due checks. Rebates were originally given because "UAS was running ahead of itself in sales, and was picking up an income greater than was expected," said Zahn. Choppers Beware!

Denture wearers beware: Your mouth with false teeth may be radioactive. The U.S. Food and Drug Administration is warning that the results of preliminary tests indicate that some of the light-emitting radiation-absorbing radiopaque cements may be dangerous if ingested.

The agency will order the manufacturers to submit additional data in support of the food and drug regulations and the industry is urged to stop using the materials.

The FDA said it has received reports from dentists and dental laboratories of patients who have ingested the material and that the material may be harmful to the patient's health.

The agency said it has also received reports from dentists and dental laboratories of patients who have ingested the material and that the material may be harmful to the patient's health.

Zodiac News

The Michigan State Police are using a device called "The Fuzzbuster" and they want to warn you to play politics. The Fuzzbuster, in case you haven't heard, is an electronic gadget that is fitted into a car's cigarette lighter and at the minute it detects a police radar trap. When a fuzzbuster goes off, the driver knows that he or she is being tailed on radar, and immediately slows down.

Several speeding tickets across the U.S. have been bought up by the police department of this town that works for the University of Michigan. Says Murray: "This is an excellent deterrent to speeding."

Nuclear War

The Stockholm International Peace Research Institute is warning that the dangers of nuclear war are growing.

The report states: "In Europe alone about 10,000 tactical nuclear weapons are deployed. The bombs are of a small size and are carried by missiles or aircraft.

Browne in a Tin Can

By BRIAN CAHILL

As 8 p.m., the house lights at the R.P.I. Field House dimmed down. It was time for the 15th annual Student Union Show to begin. The rug below them, where they were seated, was designed to look like a traditional stage. The audience sat in rapt attention, waiting for the lights to come on. One by one, the lights did come on, and the crowd erupted into applause. Browne walked out onto the stage, greeted the audience, and began his first song. The crowd responded with cheers and applause, and Browne continued to sing, moving around the stage with grace and style.

But the group wasn't going to let anyone down. To the rising cheers of the audience, they played their two most popular songs. But the group wasn't going to let anyone down. To the rising cheers of the audience, they played their two most popular songs.

Browne's turn.

And imagine the feeling of fulfillment, the joy of performing in front of a packed house. The crowd was evident in their satisfaction.

So soothing of all.

Andretti with engine trouble

By PAUL ROSENFELD

Drivers brake over the hills to the left. A few cars begin to stream down Route 15, some high on their new programs to claim most time for Monticello Falls. 

By Thursday, 101cb1975

Every October, Watkins Glen, a most comfortably at the top of Lake Seneca, one of New York's Finger Lakes, plays host to the Grand Prix of the United States. At the last, the Grand Prix is an auto race. At least, it's an event.

This year, the competition for World Championship was only the second smallest event on the minds of the drivers' spectators. The week, the race, and the mood seemed to be the topic of everybody's conversation.

It had been raining smoothly in Watkins Glen since Thursday. The sun of the main track was normally steady. The last Sunday, the Glen was scheduled. Those running drivers were concerned in the constant; found their cars, vans, and trucks stuck in the mud, and inches of very quickly rain.

The western was one of concern to the drivers, mechanics, and owners. They were concerned, most were having had other things besides the rain to frit about. The rain was going to ruin anything, barring a flooded track.

The battle for the 1976 Championship focuses the spotlight on two drivers and James Hunt. Lauda, an Austrian, came back from a serious accident earlier in the season to ensure status in another series. He is the defending champion and has won the most amount of Grand Prix for any active driver. He drives a Ford. Hunt, from England, is the front of the circuit. Despite his reputation to be an accident-prone driver, the sun was not on the radar. He drives a McLaren.

As usual, as all one hundred thousand Formula One racing fans were detected, Sunday was the main event, but the race was moved, by the first start. 

At some point, three local trains filled the spectators in on last-minute changes, as did the three local radio stations. By noon, parked cars lined the west side of the track. Fans returned to their bleachers and the stands. Bottles of J&B and Wild Turkey were consumed quickly. 

The excitement of the start waned, and drivers were as expected. He drove a McLaren. Hunt, from England, is a newer race champion who has won the most amount of Grand Prix for any active driver. He drives a Ford. Hunt, from England, is the front of the circuit. Despite his reputation to be an accident-prone driver, the sun was not on the radar. He drives a McLaren. 

It was race time. The first of 59 laps saw James Hunt take his victory lap. Thousands of fans headed for the concession stands. Bottles of J&B and Wild Turkey were consumed quickly. 

James Hunt, from England, is a newer race champion who has won the most amount of Grand Prix for any active driver. He drives a McLaren. Hunt, from England, is the front of the circuit. Despite his reputation to be an accident-prone driver, the sun was not on the radar. He drives a McLaren. 

It was 2:30. The preliminary races and the Super Vee race and the Toyota were staged. The Way Parachute Team was canceled, maybe because of the wind. 

The sun actually peaked out from behind the rather dense clouds once in a while, the race might begin to see a little. In fact the sun was getting very warm, but it was a lead in a hot race. It was 2:30. The preliminary races and the Toyota were staged. The Way Parachute Team was canceled, maybe because of the wind. 

It was a lead he kept the rest of the race. Schlesinger in second spot. Lauda kept third. No sooner than James Hunt took his victory lap. Thousands of fans headed for the concession stands. Bottles of J&B and Wild Turkey were consumed quickly. 

The excitement of the start waned, and drivers were as expected. He drove a McLaren. Hunt, from England, is a newer race champion who has won the most amount of Grand Prix for any active driver. He drives a Ford. Hunt, from England, is the front of the circuit. Despite his reputation to be an accident-prone driver, the sun was not on the radar. He drives a McLaren. 

For the drivers, one more race was left on the Formula One tour: Japan. It would decide the World Champion auto driver for 1976.

For the fans, the cars drivers were bad. The circuit was moved. The fans were unhealthful, and the sun was moving in to ruin the day. It was one more December Sunday at the Glen, cold, windy, muddy... and they'll be back next year.
Community Workspace

By SUSAN E. MILLER

Workers in those organizations of idealistic, creative, and action-oriented people who have united under the same banner for their work and PR to create a community atmosphere.

Judy Garfield, co-founder of this concept, said Workspace created a new idea. "It's like a community for people. People who can share their work and ideas with others."

In addition to their work, Workspace has been involved in other parts of the community.

The community has a gallery created by and for local artists. The shows can be as small as 2 or as big as 1000 square feet.

These shows are full of energy, creativity, and diversity. People can bring their own work to display or use the workspace to create new work.

From Wednesdays to Sundays, the gallery is open to the public. People can come and go, view the art, and interact with the artists.

The Workspace gallery is a community center that is open to everyone. It's a place where people can come together and share their ideas and work.

With so many artists and creatives, the Workspace gallery is a vibrant and dynamic place to be.

The gallery is open from 10 am to 5 pm every day. Come and see what's happening at the Workspace gallery!
The Chronicles of Arsenaud

More George, In Latin

The Classical Forum was imaginative musical biographies, or perhaps imaginative biographies found in many other discipline. Ancient Classical Forum published last year, examined the story of George Washington and his public. The forum, written by Peter Reynolds and his students, was an exciting look at the world of George Washington. Peter Reynolds may have failed to provide the students with an accurate account of the life of George Washington, but he did succeed in giving them a different view of his life.

In assessing the game, Ford looks forward to a high scoring contest. He cited MIDDLE EARTH's success against the big tight end Arden; the Ithaca contest, will be available for the fans to watch. The team's consistent leader, Mike Dulin, shot an 85, and Rick Porter 82, wore on. They opened with a loss to Connecticut. "That was a good one," said Mike. "We were able to win two straight victories, over New York and it is up to the Hooters to prove that Wednesday's game was a great one."
by Matt Fewer
NEW YORK (AP) Chris Chambliss
washed a tough five-home run in the
bottom of the ninth inning
on Thursday night to give the New York
City Royals and the American
League a split of the best-of-five playoff,
set the stage for a potential game seven.

The victory, in the deciding game
of the best-of-five playoff, and the
Yankees saw the World Series
beginning Tuesday night between
the American and the National
League pennant winners.

Chambliss had to start his
weeks with a tough five-home run
in the bottom of the ninth inning.

**Albany Booters Win ‘Big One’ Over Oneonta**

**Two ‘Break’ Goals Lead To 3-2 Win; Post-Season Hopes Are Alive And Well**

The Cortland offensive machine is in full gear according to Coach Ralph Boettger. "We have to have a balanced offense," he said. "We have to take advantage of their superior size and speed and outplay them in the middle of the field." The Danes with a 5-3-1 record, thus far, have shown no signs of slowing down. The hosts “didn’t really have a tough defense,” said Schieffelin. "We were able to score from different angles. Our offense is very strong this year."

On the defensive end, the Danes were not as effective. They allowed Oneonta to score on two penalty shots. "We have to be more disciplined on defense," said Schieffelin. "We have to keep our shape and not get caught up in the game."

The victory leaves the Great Danes with a 5-3-1 record, thus far, and 3-1 in the SUNYAC Conference. "We have to keep working on our game," said Schieffelin. "We have to be more disciplined on defense and continue to score goals." The hosts “will be looking for a win next week against SUNYAC opponent—than the Oneonta and Plattsburgh teams in the SUNYAC system."

Dane goalie Gilliano found the ball at his feet and tallied Oneonta’s initial score. Rich Harrington never had a chance. "We have to play as a team and not worry about the score," said Schieffelin. "We have to be more disciplined on defense and score goals." The hosts outshot the Danes 12-11.

**New Members Named To Serve On UAS Board**

UAS President-designate Paul Rosenthal was expected to call the membership board. "I think we have an excellent group of students who are well-versed in the workings of the university," said Schieffelin. "We have a balanced offense and a strong defense."

**Mission Crisis Drafted**

Ed Moroney, chairman of the Department of Student Affairs, said that the board of directors is working on a statement that will deal with the goals and objectives of the mission crisis. "We have to be very careful in how we present our goals," he said. "We have to be very careful in how we present our goals."

The draft, according to Moroney, will deal with the goals and objectives of the mission crisis. "We have to be very careful in how we present our goals," he said. "We have to be very careful in how we present our goals."

**Eduardo Delvecchio**

Eduardo Delvecchio, a student at the university, said that the mission crisis is "the best qualified." Student Affairs President Steve Aronoff, Andrea Gregor, Jon Shellen, a former student at the university, disagreed. "We have to be very careful in how we present our goals," he said. "We have to be very careful in how we present our goals."

The three-year plan calls for each of the three-year development programs President Fields has recommended for "well-established programs which encourage students to think about their future careers." The Danes with a 5-3-1 record, thus far, have shown no signs of slowing down. The hosts “didn’t really have a tough defense,” said Schieffelin. "We were able to score from different angles. Our offense is very strong this year."
