C. DeSapio Delivers Dull Oration At Democratic Candidates’ Confab

State Democratic leader corralled his party’s candidates Thursday night into a dull, threeto-four-hour political address at the Empire Theater. More than a thousand of the party faithful were present, but DeSapio’s initiative was a disappointment to many.

The assembly was under the direction of large—octagonal—doors which gave the building a distinctive appearance. The hall was handsomely decorated with blue and white streamers and balloons. The large stage was filled with the candidates, the leaders and the politicians of the state. The atmosphere was generally formal and the mood was subdued.

DeSapio, who is considered a possible candidate for the governorship, opened the meeting with a brief introduction of the candidates for the various offices. He then proceeded to discuss the issues of the campaign, emphasizing the need for unity and cooperation among the Democrats.

The meeting concluded with a speech by Gov. A. D. Dell, who assured the audience of the party’s determination to win the election. The candidate for governor, Carl D. Sargeant, also made a brief appearance, expressing his confidence in the party’s ability to succeed.

The meeting lasted approximately two hours and was attended by a large crowd of Democrats who were eager to hear the words of DeSapio and the other candidates. Despite the long duration, the meeting was not particularly lively or engaging. Many of the candidates listened attentively, while others were preoccupied with their own thoughts.

In conclusion, the meeting was a political event that brought together the Democratic candidates and their supporters. While the atmosphere was formal and subdued, the candidates’ speeches were generally well-received by the audience. The meeting served as a reminder of the important role that the candidates play in the political process and the need for unity and cooperation among the Democrats.
