We Came, We Saw, We Conquered
We the students of the Student Government. Our organization has been elected to positions of great responsibility. Others have felt that we are capable of handling these positions. But we, too, are capable of handling these positions.

We will establish the policy, yes, but we will not be able to play the role of a dictator. We will not be able to simply enforce the policy without considering the opinions of others. We will be responsible for the success of football, but we will not be able to do it alone. We will need the support of the Student Body to make our decision.

There are only a few of the numerous issues that may confront us. We must be prepared to handle them. We must be prepared to make decisions. We must be prepared to take responsibility. We must be prepared to be leaders.

We will be handling thousands of dollars belonging to the Student Association. This is a great responsibility. We must be responsible in our spending. We must be careful with our money.

If Student Association is to have faith in us, we must be able to do our job. If we do not, they will lose faith in us. They will lose confidence in us. We must be able to handle this responsibility.

If Student Association is to have faith in us, we must be able to handle the responsibility of handling thousands of dollars. If we do not, they will lose faith in us. They will lose confidence in us. We must be able to handle this responsibility.

New Constitution Changes Council To Radio Guild

A new constitution for Radio Council, an organization established last May, was approved by the Student Council on Tuesday night. The new constitution has been drawn up by Radio Council and its purpose will be to provide radio experience for students and to inform the public of college and community activities.

The governing body of the club will be Radio Council and Radio Associates will be a minor body acting as a try-out system for candidates for the Council. The Council shall consist of no fewer than six and no more than fifteen active members, who will be required for the coming year to function as an organization under the Student Association budget. New members shall be elected by active members of Radio Council from the list of students fulfilling the Associates requirements.

The Radio Associates will function under a point system and candidates must have a minimum of 15 points within two school semesters automatically become members of Associates. The officers of Radio Council: president, vice president, secretary and treasurer shall be elected by a majority of all active members of Council.

Don't you want to try a cigarette with a record like this?

1. THE QUALITY CONTRAST between Chesterfield and other leading cigarettes is a revealing story. Recent chemical analyses give an index of good quality for the country's six leading cigarette brands.

The index of good quality table—a ratio of high sugar to low nicotine—shows Chesterfield quality highest

...156% higher than its nearest competitor and Chesterfield quality 316% higher than the average of the five other leading brands.

2. First to Give You Premium Quality in Regular and King-size...much milder with an extraordinarily good taste—and for your pocketbook, Chesterfield is today's best cigarette buy.

3. A Report Never Before Made About a Cigarette. For well over a year a medical specialist has been giving a group of Chesterfield smokers regular examinations every two months. He reports...no adverse effects to nose, throat and sinuses from smoking Chesterfield.
