students will be dressed as babies or children and carrying dolls or rattles. The meeting will be in the auditorium at 8:00 p.m., and the competition is expected to last two hours.

SMYKANA PLANS FOR EVENTFUL CAMPUS DAY

Myknans is making plans for Campus day, one of the most colorful events of the fall season.

College students will vote on the campus queen shortly before Campus day. Last year the queen was Marlene T. W. C. A., who was also voted into the National Hereford Association.

SENIOR ASSEMBLY TO BE HELD WEDNESDAY

The seating charts for both senior assemblies will be posted on the main bulletin board this evening.

Was Lecturer in Summer School Education Several Years

TONSILITIS IS CAUSE

Death Shocks Entire Faculty, Greatly Missed by Students

Professor Howard D. Rocks, instructor of history at the College, was killed in a car accident last night on the campus. The College administration is trying to raise enough money to cover the cost of the funeral.

ALL BUDGET ITEMS MUST BE IN TODAY

Finance Board Reports Friday

Says Katherine Tanner, New Secretary

"All organizations must have their budget requests to the director of finance on hand by four o'clock this afternoon," said Katherine Tanner, who has been elected as secretary of the Finance Board by the student association.

FROSH “GET WISE” NOT HAZED TONIGHT

Entering Students And Faculty Members To Be Initiated By Sophomores

With old-time' hazing tactics eliminated, freshmen are expected to “get wise.” The annual meeting, given by the sophomores to the freshmen, will be held at 8:00 o'clock in the gymnasium. It will be a “hazing” free event, according to Professor F. Tolkien, president of the sophomore class. The program will include singing of the songs of initiation and explanation of traditions and rituals. The ceremony will be a matter of Myknans; reading and explanation of the sophomore rules by a member of the sophomore class; a series of questions to be answered by the freshmen.

MUST DRESS AS BABIES

Rules And Traditions Will Be Read, To Dance After

Professor P. Tolkien presided at the meeting.

"Dresses and caps by which the freshmen will be identified during the two-hour and one-half hour between the freshmen and underclassmen must be worn," said Professor Tolkien. Faculty members included: Ralph A. Miller, Miss Elizabeth G. Anderson, Miss Katherine E. Wheeling, Miss Mary Good, Miss Margaret H. Meyer, all of whom were added in '26. Milton G. Nelson, Dr. S. B. Brammer, Miss Mary Ann Stain, Miss Julia Cortene Troy, Miss Kay Ogg, Miss Beulah Good, and Miss Mary Ann Stain.

The committee in charge of insurance included: Mrs. H. G. Miller, Misses Margaret H. Meyer, and Miss Hilda Allison, Misses Mary Ann Stain, Miss Julia Cortene Troy, Miss Mary Ann Stain, Miss Mary Ann Stain, Miss Julia Cortene Troy, Miss Mary Ann Stain, Miss Julia Cortene Troy, Miss Mary Ann Stain, Miss Julia Cortene Troy.

BACHELOR SCHEDULE REMAINS INCOMPLETE

Men's basketball season will open December 3 according to announcement by Cleve Steere, 28, manager. Team practice will start November 12. Coaches Erwin B. Breden, 26, said the team will be composed of seven players, according to the rules of the league. The season will start on January 1.

SAFEGUARD HEALTH IS FACULTY ADVICE

Poor Housing, Outside Work and Unsuitable Food Called Menace to Students

If you would be healthy at State Col­lege, watch these three things: Where you live, What you do in your spare time, How much outside work you do.

This is the advice of the special faculty committee to improve the health of students. The committee worked through most of the second semester of the last term, and incorporated its findings in a bulletin to parents of the freshmen. The bulletin contained the following statement:

"As I send a boy or girl away to college, it occurs to every thoughtful parent is 'will the health of my child be well guarded—be sure that he can accomplish nothing.'

College faculty realize this very clearly and State College is eager to safeguard the student health in every possible way.

"We know from past experience that the conditions most likely to offer seri­ous menace to students are poor housing, unsuitable food, and outside work. The attempt on the part of the student to do work which is not on the outside in addition to study.

"In view of these facts the faculty committee on student health endorses the following:

1. That no more than two students should ever be made to share a room and that it should be of sufficient size to offer a reasonable amount of comfort for sleep and study.

2. The same is true of food the student should feel, the best food he can be, his body being the chalice of his mind. It is impossible to avoid this entirely, but we must in every case serve the student must be of good and varied nutritive value, and should be mixed in sufficient amount to give the student two meals a day in the dormitory.

3. The committee also recommends that the student should eat his meals and that the student should be under a plan which will not interfere with his studies. In the case of girls, the meal plan should provide the meal at whatever time will be the most convenient for the student to return from her various activities.

GRATZ WANTS TO BE CONSIDERED AS M.D.

"In Who's Who?"

Eat Plenty of Cereals, Fruit and Vegetables: Meat

Suitable choices for the meals of the college freshman have been pre­ pared by the recently organized faculty committee on student health. The advice given the students contained in the 1920-27 freshman handbook which has been mailed to the 325 freshmen.

The advice says:

"The following days meals are sug­ gestive of suitable choices:

- Breakfast—Orange, orange marmalade and toast; wheat bran, shredded wheat with milk, cocoa, rolls; bacon, eggs.
- Lunch—Lunch: orange, orange marmalade and toast; wheat bran, shredded wheat with milk, cocoa, rolls; bacon, eggs.
- Dinner—Dinner: orange, orange marmalade and toast; wheat bran, shredded wheat with milk, cocoa, rolls; bacon, eggs.

26 SUMMER SESSION HAD 800 ENROLLED

Twenty Visiting Instructors Added Regular Faculty

Nearly 800 attended the college's summer annual session which ended last month. More than 100 of these were college undergraduates. Ex­ perience high school and grade teachers, superintendents, principals and music teachers made up most of the remainder.

Professor Althof C. Elsinger, head of the German department, was director of the session. The members of the regular faculty, which includes this summer were supplemented by about twenty visiting instructors and lecturers from various institutions and communities. A series of four readings by Miss Fawkes Fellows, college director of drama, was, as usual, a notable feature. There were weekly teas, with visiting faculty and students. Principals organized in discussion clubs. Two student dances were held.

When the sun goes down

More than 350,000,000 incandescent lamps, with a combined light of nine billion candlepower, make city streets, stores, and homes brighter than ever before.

In bungalow, house, or house of light, dormitory or auditorium, there is no excuse for dim illumination. We have cheaper and better lighting in the electric lamp than ever before; for the dollar that bought a 1,115 candlepower-hours of light with the carbon-filament lamps of 1895, now buys 16,300 candlepower-hours of light with the Mazda lamps.

Not only more light, but correctly applied light, is the order of the day. The electric light, with its flameless yet highly concentrated light source, can do away with our cheeky shades, and screens. It is controlled light—safe light. And illumination becomes an exact science.

During college days and in after life, correct lighting must ever be paramount importance to the college man and woman. Good lighting is the worthy handmaiden of culture and progress.

With the beautiful intensified interlacing carbon filament gives light formation and distribution. These interlacing filaments are practically applied to improve our service illumination.

The General Electric Company is the world's greatest lamp manufacturer, the world's largest lamp manufacturer, the world's largest manufacturer of lamps and lamp parts, the world's largest manufacturer of electrical appliances, and the world's largest manufacturer of motor trucks.
First Days Most Important, Dean Pierce Declares; Hard Work Best Success Recipe Says Dr. Metzler

The decisions and actions of a freshman during the first few days of his college life are among the most important of his career. Miss Anna E. Pierce, dean of women, declares in her official welcome to the institution's largest entering class included in the 1927 hand-up.

"At college—best the greatness to which you have looked forward to all your life, and perhaps the greatest book of the collection."

Miss Fay, of the NKWS, was editor-in-chief, and the student body, Miss Helen T. Fay, was editor-in-chief, she was offered for sale last year. There are no limits to the class they are to be used for. I also provide for new books as soon as possible. Our librarian is a credit to its contributors, its compiler for the past year, is a most popular student. Eater this fall, Dorothy Davidson, Martha Beth Beckwith, Marion Bessette, Alice Rowland, Katherine Saxton, all of '28.

We receive calls, for umbrellas from every state in the union and can certainly be of service to those who need one.

"Many will find in this book of verse a pleasurable experience," says "It is a Credit To College's most popular student. Eater this fall, Dorothy Davidson, Martha Beth Beckwith, Marion Bessette, Alice Rowland, Katherine Saxton, all of '28.

WELCOME FRESHMEN AT FACULTY PARTY

Undergraduates describe work in athletic departments and clubs.

Three hundred freshmen were guided through the long line of faculty members by freshmen captains and their brothers. Following the introduction of the freshmen into the gym, Dean R. Frieze introduced several speakers who represented the college's larger organizations.

President A. R. Hothammer welcomed the class of 1930 in behalf of the faculty of this institution. In his remarks, he expressed the hope that each of them would do his best to make the college a happy place to be in. His final words were: "I wish you all the best of luck."

Edwin Van Knoek, 27, reviewed the school year and said that the college had put every effort into keeping the students up to date on the latest developments. He closed by saying: "I feel that we have done everything in our power to make this a memorable year for all involved."

The Trinity Methodist Episcopal Sunday School entertained its collective members with a special performance in the gym. The program was to have the college's combined alumni and the members of the Sunday School under the direction of the college's staff.

GRADUATES ACTIVE AT THREE MEETINGS

Northern District To Convene At Potsdam Thursday

And Friday

State College graduates are playing an active part in the three conferences of the State Teachers Association, which will be held during October 4. The northern district will hold its conference at Potsdam, October 4, and 5. Miss Teresa Owens, of Franklin Academy, Malone, and Miss Tryphon H. Flanders, of Herkimer Academy, however, will address the middle language section. A demonstration lesson in English will be given by Miss Alice Den- nius, 1909, of the State Normal school at Potsdam.

The primary section will be addressed by Miss Frances Leitl, 91, of the Potsdam Normal school, and Miss Dennis.

The conference of the northeastern district will be held at the Hotel Pough- keeping, New York city, October 14 and 15, and A. E. Prentice, 1901, superintendent of schools at Potsdam, will speak. Miss Ruth J. Gannett, 1907, of Plattsburg, chairman of the elementary-children’s section. Dr. George Willey, assistant superintendent of schools in northern section, will speak in 2 o’clock Thursday, October 14, on “The junior high school as a factor in education.” In the evening, Mr. Arthur Z. Roswell, 1909,superintendent of schools in Saratoga county, will speak.

The conference of the state central district will hold its convention Thursday and Fri- day, October 19 and 20. Miss Mabel H. Harris, 1907, principal of Franklin school, Utica, is president of the central district. Vincent G. Brown, 90, and Charles F. Fisk, ‘90, are the financial and advisory committee.

Miss Clara H. Springle, 1900, assistant superintendent of schools in Amer- sterdam, will visit in 2 o’clock Thursday, October 21. Friday afternoon, Douglas Purdy, 94, will speak on the state’s achievement in part-time education, will speak.

FATHER COLLINS WILL ADDRESS NEWMAN CLUB

The Newman club is planning to invite the Rev. Jean Beaumann, ‘29, Virginia Baxter, ‘29, and Charles V. Kookboin, ’29, as special adviser to Newman club, will address an early meeting of the club.

FATHER Collins will also act as chair- man of the Catholic infant home and as diocesan director of Catholic drive

The new director was born at Gleno Falls, Aug. 12, 1895. Educated at St. Mary’s academy, Gleno Falls, he went from there to Holy Cross college, Win- ceter, Mass., where he remained from 1912 to 1916.

In 1916 he entered St. Joseph’s seminary, Dunwoodie. He was ordained Dece- mber 22, 1919, by the late Rev. Dr. Thomas A. Stock, 91, of Utica. They are assisted by Rev. Raymond, 92, and Doris Robinson, 97, of Utica, and by Rev. Douglas Laid- ley, 97, Katherine Terpening, 97, John C. Petersen, 97, and Rudolph Stevenson, 97, of Utica.

The Newman club is now on the rise and is growing in strength and leadership in the national movement.

Houdini Comes Oct. 11

Fear of lake mediums, spiritualist, phony clairvoyant and fortune teller because of his exposures in the past, Houdini, in- ternationally famous magician and psychic investigator, will continue his campaign against this fraud. He is scheduled for the Capital theatre where he begins a limited engagement of three days on Monday evening, October 11, with mother Wed­nesday.

A feature of Houdini’s performance, which has been decided into three parts to give what is called the most complete exhibition and satisfactory results, will be the exposure of some of the famous mediums who have tricked many of the country’s greatest scientists and inves- tigators.

No News Inspection

“News club has voted not to inflict this fate on its members,” said Thomas L. Bloom, 77, president of the club, said yesterday. The club met Tuesday noon.

Committee inspects approved boarding and rooming houses

All the houses that are on the approved list of rooming and boarding houses for College students, have been inspected by the faculty committee at an amount of time, Dean Anna S. Pierce announced recently. Standards that the committee members held in judging whether a place was suitable for the students involved the location of the place, its nearness to College, its sur- roundings and the pavement and clean- lines of the street. They observed the lighting facilities of the houses, the size, furniture, and number of windows in the sleeping rooms. They also noted the corner of the house had a piano and if the students might use it and insisted that there be a reception room in which the women students might receive guests. The committee members de- termined that it was the duty of the ladies to look after the moral life of the students. Students are allowed to live in only approved house, which have no rowdies or boarders.

“The committee’s aim is to have only rooms for all of the students,” Dean Pierce said. They are rendering this aid to see that the house is clean, the rooms are in order and the families are in harmony with the students.”
