Fielding Gem Lifts Batmen Past Siena, 7-6

by Paul Schwartz

It happened in the season's first game, when the Storm had to get back on their feet after a tough loss. The Storm had to play without star player George Stoner for the rest of the season, but Stoner returned in time to help lead them to victory. The Storm won the game, 7-6, and Stoner's return was a major factor. The game was filled with tension and excitement, and Stoner's play was the highlight of the match.

The Storm were down, 3-2, in the first inning, but Stoner drove in two runs with a double, giving them the lead. Stoner then scored on a sacrifice fly, and the Storm led, 5-3. Stoner was on base again in the third inning, and the Storm added another run on a sacrifice fly, increasing their lead to 6-3. Stoner's performance was the key to the Storm's victory.

In the fourth inning, Stoner was again on base, and the Storm added another run on a sacrifice fly, increasing their lead to 7-3. Stoner was on base again in the fifth inning, and the Storm added another run on a sacrifice fly, increasing their lead to 8-3. Stoner's performance was the key to the Storm's victory.

The Storm won the game, 7-6, and Stoner's return was a major factor in their victory. The game was filled with tension and excitement, and Stoner's play was the highlight of the match.

**Anti-Ghandi Plotters Freed**

NEW DELHI, India (AP) - Five who India saidJuly 2 was arrested on an assassination attempt on Prime Minister Indira Gandhi were freed on bail Wednesday in the town of Jodhpur, where they were arrested Sunday. The five were accused of preparing bombs inside a car to attack the prime minister and her party leaders. The prime minister was not wounded, but several of her supporters were injured in the attack. The attempted assassination marks the latest in a series of attacks on the prime minister and her political rivals. The prime minister is leading a campaign to win the upcoming general elections.

**Cuban Refugees Boats Seized**

Cuba said Wednesday it will continue its efforts to stop a group of American refugees trying to reach Key West, Florida, on a boat seized in international waters. The boat, carrying 31 refugees, was intercepted by Cuban authorities near the Caribbean island of Grenada, about 70 miles northeast of Key West. The refugees say they are fleeing political persecution in Cuba and are seeking refuge in the United States. The Cuban government has a history of intercepting American boats attempting to join the so-called "Freedom Flotilla," a series of voyages by American citizens attempting to reach Cuba to protest the Castro regime.

Larry Kinsman

American Woman

Foxes In Dogs'Clothing

Larry Kinsman's review of Madge's boyfriend's house in the film "Foxes" is quite critical. He mentions that Madge's boyfriend's house is "the most unremarkable house in the world," and notes that the film's advertising campaign "played up the suburban utopia of Madge's boyfriend's house rather than the ambiguity and uncertainty that is the heart of the film." He goes on to say that "the house is not a place of refuge, but a place of vulnerability and danger." Kinsman's review is a detailed exploration of the film's themes and the characters' motivations.

Inflated Cums And Related Issues

To the Editor: After the recent events at SUNY, it is clear that the grading system there is flawed. SUNY has been found guilty of manipulating grades in order to maintain a high ranking in the academic world. The grades that students receive are not only a reflection of their academic performance but also a result of the pressure to maintain a high GPA.

We are facing a crisis of over-inflated grades at SUNY. The current grading system is not only flawed but also misleading. The high GPAs that students receive are not a true reflection of their academic performance. The grades are inflated to maintain a high ranking in the academic world. The current grading system is not only unfair but also unethical.

We need to demand a change in the grading system at SUNY. The students deserve a fair and accurate assessment of their academic performance. We need to demand that SUNY adopt a grading system that is transparent, fair, and accurate. We need to demand that SUNY stop inflating grades and start providing an accurate reflection of academic performance.

This is a crisis that we need to address as a society. We need to demand change at SUNY and demand that the students receive a fair and accurate assessment of their academic performance. We need to demand that SUNY adopt a grading system that is transparent, fair, and accurate.

The students deserve a fair and accurate assessment of their academic performance. We need to demand that SUNY stop inflating grades and start providing an accurate reflection of academic performance. This is a crisis that we need to address as a society.

More Apathy

To the Editor: I am writing in response to the article "More Apathy" that was published in the last issue of the campus newspaper. The article highlights the lack of engagement among students and faculty in campus life.

I completely agree with the author's concerns. The lack of engagement among students and faculty is a serious issue that needs to be addressed. We need to find ways to increase engagement and foster a sense of community on campus.

One way to increase engagement is to organize more events and activities. We need to create more opportunities for students and faculty to come together and interact. This will help to build a sense of community and encourage engagement.

Another way to increase engagement is to improve communication. We need to make sure that students and faculty are kept informed about what is happening on campus. This will help to increase their interest in campus life and encourage them to get involved.

We need to take action to address the issue of apathy on campus. We need to create more opportunities for engagement and improve communication. This will help to build a sense of community and encourage engagement.

The lack of engagement among students and faculty is a serious issue that needs to be addressed. We need to find ways to increase engagement and foster a sense of community on campus.

For more details on events, please refer to the schedule provided in the document.

Women Notch Second In Cortland Invitational

This weekend at the Cortland Invitational, the Albany State women's track team earned victories over Binghamton and Hartwick University. The team performed well in a variety of events.

- Cheri Gardner and Susan Kalled led the team with first place finishes in the spring medley relay and the 400 yard run, respectively.
- Lisa Notch placed second in the 100 yard dash.
- Kimberly Brinkman took third in the 200 yard dash.
- Patrice Garzone placed fourth in the 440 yard run.

Women's track team placed second overall, with a total of 114 points, behind Cortland's 136 points. The team is looking forward to upcoming competitions and hopes to continue their strong performance.

Respectable Finish For Women In Seven Sisters' Lacrosse's Motta: "We Have Nowhere To Go But Up"
Foul In Last Event Drops Trackmen To Third

by Paul Schwartz

Albany track and field again proved to be a bright spot for the Danes as they were able to claim third place at the New York State Track and Field Championships, held at the Carrier Dome last weekend.

The Danes, who were without a few key runners due to injuries, still managed to produce some impressive performances. On the women's side, Williams was a double-winner, capturing the 100 meter dash and the 200 meter dash. In addition, Shapiro came through with a personal best in the 110 meter hurdles (16.3 seconds). Williams was also able to better her time in the 200 meter dash, finishing in 24.5 seconds. Shapiro also contributed to the women's team with a strong performance in the long jump, posting a distance of 18.5 meters.

On the men's side, Ferretti (lane one) got the stick and was able to run with the leaders throughout the race, finishing in a time of 49.8 seconds. The Danes were able to capture the lead in the 1600 meter relay with a time of 3:22.1. In addition, Nemer was able to round out the meet with a strong showing in the 800 meter dash, finishing in a time of 1:57.4, 1.2 seconds off the winning time. Albright also added to the team's total with a strong showing in the 400 meter dash, finishing in a time of 45.9 seconds.

Despite Colgate's Division I status, the Danes were able to outperform them in several events. In the 1500 meter run, Williams was able to round out the meet with a strong showing, finishing in a time of 4:32.5. Albright also added to the team's total with a strong showing in the 400 meter dash, finishing in a time of 45.9 seconds.

Overall, the Danes were able to claim third place in the meet, ahead of Colgate and Binghamton, with a total of 104 points. The team was able to produce a number of strong performances, including Williams' double-wins and Ferretti's lead in the 1600 meter relay. The Danes were able to compete with the best of the best, demonstrating their strength and versatility.

Costly Error Turns Sweep Into Split For Batmen

by Paul Schwartz

Albany's baseball team was dealt a costly error in their final game of the season against Cortland, which resulted in a split with the Danes for the season.

The Danes were able to claim the first game of the series with a 7-6 victory, but were unable to repeat the success in the second game, which ended in a 10-5 loss to the Colgate men.

In the first game, the Danes were able to take control early, scoring four runs in the first inning. However, in the second game, the Danes were unable to maintain their lead, allowing Colgate to comeback and take control of the game.

Overall, the Danes were able to produce some strong performances, including Nemer's lead in the 1600 meter relay and Ferretti's lead in the 1500 meter run. However, the team was unable to overcome their costly error and未能 secure the sweep.

The Danes were able to produce some strong performances, including Nemer's lead in the 1600 meter relay and Ferretti's lead in the 1500 meter run. However, the team was unable to overcome their costly error and未能 secure the sweep.
