1. Do you prefer Bach to Rock?
   2. Do you think rockets will ever outdo Hollywood
   3. Do you think marriage should necessarily void any
   4. Do you think good manners in a man are old-fashioned?
   5. Do you consider a pretty secretary?
   6. Do you think gentlemen's clubs will survive?
   7. Have a real cigarette - have a Camel

Lab animals have been trained to do some of the same things that humans do, such as catching a ball or solving a puzzle. They can also be used in medical research to study diseases and the effects of drugs. However, there are ethical concerns about using animals in experiments, and there are efforts to develop alternatives that do not involve animals.

Et Tu, Brute... 

Praise be to those that deserve and implore those that don't. As in the case of those demands. This section is the reality of the freshman class as we see it at the meeting last Friday evening. It is the last chance for the DEP to get together last week, we will let you in on the facts.

It seems that the newspaper is a newspaper and an editor. The only thing that seems to bother them is that they don't have too much paper for the printer nor the time for the office. We feel that nothing will come of this this business, but then the idea is it's bad for the class.

As a newspaper staff, we feel that we are pretty good judges when it comes to other newspapers, papers and their editors. We have printed this little paper in the past and we continue to do so. Granted, it is not the best we have ever seen, but for a class project we think it is excellent. The editor and his staff have done a very fine job and they deserve much credit, even if a little effort that doesn't seem to agree with our opinions. Your selection of an editor shows us that you do have good sense in all, but that somewhere along the way you see all. Just because you may happen to see something we have not seen, is not the reason why we deserve much praise for your writing ability and technique. We hope to see that in the future, that you just selected a President and by all means he is a very capable young man, and should do much for the student of your year. Now should he stop on campus, hurt their feelings, or break one or two of the rules, would you impeach him also? We think not. The paper of your paper is an elected officer. He and his staff deserve all our support and help. We do not mean that you should not criticize, if you feel them doing wrong, but to impeach some- one is a serious thing. Everyone can benefit by criticism once in a while, but not the extent that you have.
Sayles Hall Cops Top Honors; Ridge Eases Into Second Spot

By JACK LEWIS

On Wednesday evening, before a capacity audience in the Ridge Band Room, the Ridge students and faculty recognized students who have shown exceptional talents in their areas of study.

The night began with a special performance by the Ridge Band, which showcased their musical prowess. Following the performance, the principal presented awards to the outstanding students.

The awards were distributed across various categories, including academics, extracurricular activities, and arts. Each recipient was recognized for their contributions and achievements.

The event concluded with closing remarks from the principal, who expressed gratitude for the hard work and dedication of all students.

The evening was a testament to the exceptional talent and effort of the Ridge community, and it served as a celebration of their collective success.
Sorority Buys New House

Orchids Society Phi chapter has, with the aid of its alumnae, purchased a house at 412 Hudson Street. Mrs. Janice Graham, Renata Stein '61, Secretary; Shirley Stan of the following members: Carol Franck, Judy Swan '58, President, reports that Sigma Phi Sigma will hold an emergency meeting Monday, March 3: Florence Caputi, Anne O'Connor, James Loricchio '58, President, and Joanne Simons.

FRODUCTIOHS

Subority Buys New House

SUB has scheduled a Listening Hour for Wednesday, a Coffee Hour for Beta Zeta.

"House Howls"

Juniors Must Have Physical Exams

The play, known as the All College Production under the direction of Richard Feldman, Grad. in Fine Arts, will be presented by the Dramatics Club. This was a little old, but we thought it was funny.
