Miss Starbuck to Be First Speaker

Press club members and prospective members will meet Friday morning at 9:00 a.m. in Memorial Hall to elect officers and to make plans for the year. They want as many new members as are interested in newspaper work and who want to run. A petition for the office of president is to be presented for the board of editors of "State College News" to be launched. And they are going to plan a program fuller and better than the one of last year.

The first speaker of the year is to be Miss Kathlyn H. Starbuck, after whom Saturday morning, Miss Starbuck will be speaking. It has been announced that the date of her talk will be announced on the bulletin board.

Y. W. BAZAAR ON DECEMBER 5

On Saturday, December 5, the Y. W. C. A. will hold a bazaar in the college gymnasium. Everybody should be interested in this, for it will be remembered that last year's was a decided success.

The bazaar will be held during the afternoon and evening. A short entertainment will be given at both times. After the varsity basketball game in the Albany High gymnasium, everyone will be expected to attend the bazaar where there will be dancing. The admission is only ten cents. FOOTBALL GAME ENDS IN TIE

Sensational Playing Mark Game

With the first flurry of snow in the air and a cold north wind sweeping the field, the upperclassmen and underclassmen eleven battled to a 7 to 7 tie on the Riverwyck gridiron. In spite of the indifferent showing, the game was well attended by the students, who cheered the teams on to greatest efforts.

The two teams were evenly matched, and all gains were hard earned. The strong wind pulled nearly all forward passes and kicks so that the aerial attack was out of the question. The result was a hotly contested series of fumble which made a struggle well worth seeing.

The first two periods were scoreless, and in the third period T. Cottman broke through the underclassmen for a brilliant thirty yard run, after which the underclassmen did not want to kick the goal. This was the only scoring in this period.

The fourth period resulted itself into a desperate attempt on the part of the underclassmen to score and an equally desperate attempt on the part of the upperclassmen to hold them. It looked like an upperclassmen victory when they were still holding the underclassmen eleven scoreless fifteen yards from the goal line with less than a minute to play. At this critical moment, Snively received the ball and made a dash for the goal. He was tackled behind the goal line for a touchdown. Snively kicked the goal and after the pick-ups finished the whistle blew time-up. It was a sensational play, well executed, that snatched victory from the hands of the upperclassmen.

Both teams are confident that with more time they would have been victorious. Kathlysiasm is so great that a second game is being planned. This game will undoubtedly be the sensation of the year.

NEW LOCATION FOR HOCKEY RINK

Class Teams to Be Formed

The time is fast approaching for the preparations for men's and women's winter sports will be under way. The hockey and skating rink will be located in a most convenient place on the campus, near the boiler house and Washington avenue. Preparation for men's and girls' class teams has started. This year great interest was shown in field hockey on the campus and it is expected that this same enthusiasm will be extended to ice hockey. The individual classes voted to support hockey this year rather than to have a college appropriation. It is not expected that State College will have a varsity hockey team this year since the desired appropriation was not given by the student body.

STUDENT VOLUNTEER BAND

There is an organized Student Volunteer Band at State College now. Frances Sitzl, '22, is leader, and Ruth Kimmer, '23, is secretary.

Some of the band members will attend the Student Volunteer Conference to be held at Wells College, Aurora, New York, December 3 and 4.

Perhaps you don't know what a Student Volunteer Band is? If you haven't come to our open meeting this week which will be held soon, we will try to answer this question.
WHY NOT?

Although student assembly is held in the auditorium and not in the gymnasium, great many students seem to be under the impression that the 11:30 period is designated as a general study hour. Why cannot this time be given freely and wholeheartedly to student interests other than study? Is not that the reason for student assembly? We realize that some people will say that many of the things discussed do not interest them, so they feel they must apply themselves elsewhere. If one goes to State, it is expected that he wants to belong to State and to make her the best college in the country. Consequently, her interests are those of every student — not only that she wins or loses, and win she will if we all determine that she shall and do all we can to help.

"THE ONE WHO GIVES IS THE ONE WHO GETS"

All you who are seniors and members of Ed. 2 will immediately recognize the above quotation as "old stuff." All you who are not yet seniors, get the idea now and by the time you do become seniors, you will be able to realize this favored axiom similarly. All of us, if we stop and consider a few minutes, can recall innumerable instances to which this axiom may be applied and the results of which are often Q. E. D. Isn't it so?

Now, for instance, let's take the Pedagogy. You give $3.50 and get what? Merely a good-looking book filled with pictures of excellence, friends, and fetus. Oh, no, much more than that. First of all, he gets something that helps make his Alma Mater known as a "regular college." We realize that there are some things other "regular places" have that we haven't — but the yearbook isn't one of them. Our Ped has always been able to stand a comparison with similar books of other colleges and it won't be any easier this year — in fact we're promising.

In addition, you have a "nostalgia," something which brings back to you reminescences of happy events that made your college a "life" and not only a thing of books and History 2 mid-semester; something to help tide you over an attack of the blues and help you through a "fussy date," on a rainy evening; something you can take home proudly and cherish and keep forever — and love.

That's what you are getting — and all that for $3.50. If you haven't already subscribed, do it now — buy a Ped.

THE MUSIC CLUB

How many of you asked if you belong to the Music club could look this afternoon straight in the eye and tell him "Yes!" Or are you one of those who would start stammering up the corridor and chase around wildly through your brains for an original excuse that would run something like this:

"Well, no-o-o, but I've been going to practice so long and I've always thought the club had been founded a hundred years ago and that see that I just haven't had the time and I'm so busy with practice teaching, if you're a senior, juniors, fall back on your commitments, those dreadful sophomore programs — they'll know better next year, and the poor swamped frosh.

Oh, well, just the same old tale.

But that isn't it. Busy or not busy, practice teaching or only the anticipations of practice teaching, the Music club needs your support, and the Music club deserves your support. The dues won't "break" you; that's certain, and you'll surely have an hour of genuine pleasure if you attend the bi-weekly meetings. You complain that State College needs more clubs — well, here's your chance to support one that does. It is more than just a Music club, too, you know. If you care for entertainment, if you are interested in the cultural, join the Music club and attend its meetings, help it "carry on." The more we think about it the more we are convinced of its truth. It is merely a simple little group of dodgeret composed by some brilliant mind and came to us in an exchange. If you don't believe that it expresses the truth, ask any of the editors.

The college paper's a great invention, the college gets all the fame; the printer gets all of the money, and the staff gets all of the blame.

SCHOLARSHIP CUP WON BY KAPPA DELTA RHO AT COLGATE

The Skull and Scroll Cup for excellence in scholarship during the year 1919-1920, awarded to the individual at Colgate who secures the highest general average in scholarship for the year, was won by Kappa Delta Rho.

The ratings are obtained by adding the total number of semester hours of the men in each group, for the year, in five columns, A, B, C, D, and E. The total number of hours is then multiplied by 3 for A, by 2 for B, by 1 for C, by 1 for D, and by 0. The results are added and divided by the total number of hours.

This is the third successive year that the cup has been awarded to Kappa Delta Rho.

The ratings of the groups are as follows:

The faculty and all students are invited. An invitation has been tendered to the Newman clubs at R. F. I. and Russell Sage college.
