State College's basketball team,
Complications?...

Station Association and Student Council meetings in the past have often been derailed with referenda on the floor or the recognition of as many organizations as possible from the community and the problem is not new. This often more complicated than one may realize, for the question of using as a principle of motion, or the understanding of an organization from the council and the problem is solved.

But when the representatives from each organization have been united to the problem of or if they do not deal in, its not always easy to understand this complicated.

This week Student Council received a resolution from the Student Association that would be in order about the question of linking up with the student's union for the purpose of increasing the effectiveness of the student's union. This would mean an immediate resolution by the Student Council for its own organization in order to make it more effective.

Last year a Student Council member was given the resolution to make it more effective. Now a Student Council member is given the resolution to make it more effective.

This resolution was submitted to the Student Council for consideration and it was referred to a committee for study. The Student Council will make the decision shortly.

Some interest has been expressed in the idea of linking up with the Student's Union but this would depend on the interest and participation of both organizations.

The budget also received a resolution from the Student Council to correct the name of the Student Council from "Student Association" to "Student Council" for the purpose of making it more effective.

The resolution received from the Student Council to make it more effective was referred to a committee for consideration. The Student Council will make the decision shortly.

Class Chairmen Complete Plans for Entertainment

Make Tickets Available At Commons Entrance

SATURDAY, JANUARY 26

FACULTY FOOFOOT BASKETS

Dr. Opal L. Pellerin and Dr. Opal L. Pellerin, Professor of English, and Arthur L. Smith, Professor of Math, and Dr. W. F. Rees, Professor of Chemistry, have announced that the Faculty will give a banquet at 8 p.m. in the Baskerville Dining Hall. The banquet will be followed by a dance in the Baskerville Ballroom. Tickets will be sold for $1 per person at the ticket booths in the Commons. The proceeds will be used to defray the cost of the banquet and to provide seed for the annual Faculty Foonfoot Basket sale.

Sorority Council Releases Rules for Rush Period

Collins Requests Student Opinions on Campus Air Force ROTC

The Sorority Council has announced new rules to govern the rush period. The new rules, which will be in effect for the next two weeks, will include the following:

1. No student will be permitted to rush after 10 p.m.
2. Students will be required to be in their rooms at 11 p.m.
3. No student will be permitted to leave the campus.
4. No student will be permitted to have guests in their rooms.

The rules will be enforced by the Sorority Council and will be strictly adhered to.

Myskania Clarifies Query On Money-Making Clause

Unwelcome Visitor Howls in Albany

Myskania has further interpreted the money-making clause in the campus constitution. The clause reads: "No money-making enterprise shall be established on the campus," and Myskania has stated that this clause applies only to enterprises operated by students. "We are not concerned with money-making enterprises operated by outside organizations," Myskania has said. "Our concern is with money-making enterprises operated by students."
