Can you cross a bridge? Especially when this bridge separates a hill of free-thinking faculty from a conservatory of loyal students? Could you spend a week nagging at your group-mates? Would you change your professors for a few more dollars a month? These are some of the questions asked when the Intergroup Council met in person.

This week the Intergroup Council met for the first time under the leadership of Vista College. The meeting was held at the State College Campus.

Many students attended the meeting, including the Intergroup Council. They were welcomed by the Finance Committee, which prepared the meeting. The Intergroup Council was praised for its efforts to improve the status of the association.

The Intergroup Council is free and the concert is open to all. For more information, contact the Student Association.
