The incoming new officers for Grivtia for the coming year. The officers for Kappa Mu will be the second chapter of KME in New York State. It is expected to work as a member of the national group known as Myskania of State College News.

Next Year With The Greeks

For the last six years, the Production Staff has created skits and skit albums for the entertainment of the Greek organizations. The writers, crew, and personnel for the upcoming skit have worked hard to produce a memorable evening. The Greek skit is usually one of the highlights of the spring season. This year, the skit will be titled "Next Year With The Greeks." It will feature panel discussions and original music. The event is scheduled for next month. Admission is $1.00 per person. The evening will begin at 8:00 p.m. with a coffee hour to precede the program. The program will commence at 9:00 p.m. Admission is $1.00 per person. The program will commence at 9:00 p.m.

Make friends with Winston!

Winston is always good company!

Like a cigarette should!
Year in Review

The semester—spring, 1957. You should have been there. We will chalk up one mark for the 1957 Pedagogues. How could we have been out of the Ped for two consecutive elections? The ball began well but with the election in mind, and it gained impetus as a tie game. We were solidly announced as the winning team. After a long, long, long time, the victory was finally perfected in the Ped's book.

They numbered over 500. The drum was beginning to beat, and the game was being played in a real game against fans. All the original supports of this year remained in full force. Present were me and the Pep Bell in the center of the stage. Black.

Never say die, though, for our spirits were in an excellent condition. At the final tally, the score stood 13-11.

State Fair rolled around and the festival was made a fine spiritual event. They dressed up their parade and presented a $1,115.66 to the class. Remember the terrific Potter. Short, sweet, and filling. 

"Our only regret is that we could not have joined in the play."

Inestimable is the tribute of friendship, based on the coming together of the class. What is one but a privilege, and this inestimable is the tribute of friendship.

Where would we be without our friends and our sisters.

Robert Abel, Gordon Moore, Elmer Decker, Charles Willsey, and Herbert Walker.

"Don't let me down—rally!"

The Fall Semester has ended and the New Year begins with the feeling of life and future. Welcome and a happy New Year to all of you.

Music Council Concludes Activities; Schedules Annual Spring Concert

At all this winter in Town Hall, the Music Council has planned several activities that are sure to be enjoyed by all. Professor of Music, Mr. Charles Willsey, and the entire council have worked hard to make these events successful.

The next step in the annual spring concert is to be a series of benefit concerts. These will be held at such places as the Albany State College, the State University of New York, and the Mohawk State College. The dates for these concerts have not been announced yet.

Seniors and Juniors have pictures taken . . . efficiency . . . dressing award of the co-eds of State College. . . . They numbered 249. . . . The drum was beating as Albany Staters invaded the Arena. . . . The tennis court was packed with spectators. . . . Never say die though, for our spirits were in an excellent condition. At the final tally, the score stood 13-11.

Regardless of the support, the gigantic movement of the class went on. . . . They numbered over 500. The drum was beginning to beat, and the game was being played in a real game against fans.

That about sums up the show for sports of all sorts.

However, WAA activities were at a low. It seems that I could find something for women.

What with all this talk about sports for men,

But the Peds couldn’t cope with the Armory court.

The wrestling team also coached by Joe had a winning season. And did Farrell lose? No!

Garcia’s soccer squad had a six-three season, thus the year of AMIA is over and done.

And now on Page and Beverwyck runs aren’t even held with the advent of spring, plans were made for diamond action was good and interest was high, the leagues still maintained the services of Lew Can-

The Pottermen went undefeated spectacularly. Beat SLS by two and APA by more to make them weep.

But there’s little that can be done about that menace. The organization of AMIA met its fate. It didn’t go to the lowest depths in its fall, when the President, Ross, moved out of State, in this year’s election out of the Identical Scores when hit by a pitch in the last of

Sullivan had been putting on the field the lineup which he felt had the most hitting power but the plate potential has not come through to support a weak pitching staff, which is a result of most hitting given up by the Pottermen with whom he had to go to. There were only 176 ballots cast straight year. Caldwell, broke a bone in his wrist and warming shacks. The campboard would like a bus and truck to be used exclusively with trails and slopes, rope tows and telephone facilities, which are also being looked into by this committee.

The campboard seems to feel that the camp has great potential for future use. Some of the changes which they think should be worked for need a road to the lake and a dock. They’d like to have a well-developed recreational area with a beach, dock, tennis court, and telephone facilities. This year they will carry through the development of the lake, and telephone facilities will be added. The campboard would like a bus and truck to be used exclusively for transportation needs of the camp. The main camp area should contain a lodge with cabins, a recreation building, and other buildings nearby. There will probably be facilities for most of the major sports, picnic-camp sites, hiking and nature trails, and telephone facilities. Another proposed that they were asked to mail a number which could provide interesting opportunities for student members.

Work parties will travel to Dippikill on weekends from now until the end of the summer. A student who has been working hard has a weekend outing, and is considering a very worthwhile endeavor, the work weekend. All you have to do is contact_Kempf and his Crew of Camp Board, or any member and tell them you’d like to help out. See you at camp!
Chairmen State Council Discusses Proposed Loan To New Film Group

BY FRANK VETOSKY

State Student Council President T. Carter Payne, in a chiefly educational capacity, made an informal appeal to members at the Student Council meeting held Tuesday evening to consider the possibilities of a proposed loan to the new Film Group. The request was made possible by a special loan from Student Council funds, which would make it possible for the new group to acquire equipment needed to begin their work. The meeting took place in the Student Union at 7:30 p.m., and members of the Student Council were present.

The Film Group is a new organization which has been formed to provide a means for students to view and participate in the presentation of films. The group plans to present films which are not available through regular channels, and will focus on films which are of particular interest to the student body. The loan from Student Council funds will enable the Film Group to purchase equipment necessary to begin their work, and will be a valuable asset to the group as they work towards their goals.

The loan from Student Council funds is a testament to the support and encouragement of the Student Council for new and innovative organizations on campus. The Film Group is a perfect example of this support, and the loan will enable the group to bring a unique and diverse selection of films to the student body. The Film Group is a valuable addition to the campus community, and the loan from Student Council funds will help to ensure their continued success.

Social Calendar

On Wednesday, May 9, 1957, there will be an International Picnic at the home of Mr. and Mrs. Peter Letchford on the campus. The picnic will be held in honor of the visit of the International Film Group (IFG), which is visiting the campus as part of its tour of the United States. The IFG is a group of students from various countries who come to the United States to learn about American culture and to share their own cultures with American students. The picnic will be a great opportunity for the IFG to meet American students and to learn more about American culture.

The picnic will be held from 7:00 to 9:00 p.m., and all students are encouraged to attend. The cost of the picnic is $1.00 per person, and all proceeds will go to support the IFG's trip to the United States. The IFG is a non-profit organization, and all funds raised will be used to support the group's activities. The IFG is grateful for the support of the student body, and looks forward to sharing its culture with American students at the International Picnic.
