Reorganization Committee Suggests Bicameral Legislature, Other Changes

The Reorganization Committee, a joint group of state legislators, has proposed a bicameral legislature and a series of other changes to improve the state's government. The committee, which includes representatives from both the Senate and the House of Representatives, has suggested changes to the current unicameral system, arguing that a bicameral legislature would provide a more balanced and effective governance system.

The committee's proposal includes the creation of two legislative chambers, the Senate and the House of Representatives. It also recommends the introduction of a budget and finance committee, a standing committee on natural resources, and a standing committee on the judiciary. The committee further suggests the creation of a standing committee on education, a standing committee on health and human services, and a standing committee on transportation and infrastructure.

The Reorganization Committee has also proposed the establishment of an Ethics Commission to oversee compliance with state laws and regulations, and the creation of a Legislative Research Commission to conduct research and provide legislative information. The committee's proposal also includes the establishment of a Legislative Technology Commission to provide a technology infrastructure to support state legislative operations.

The committee's recommendations are intended to enhance the effectiveness and efficiency of the state's legislative system, and to ensure that the legislature is better equipped to address the needs of the people of the state.
Frosh Unaware of Appeal Board

This past semester we saw many very unfortunate events with regard to the marks given out by new faculty members.

A fresh was asked in 1963 because his term paper was "too short." He wrote well, did research, and was remarkably and committed few, if any, grammatical errors. But the student was frustrated due to failing to try anyone who seems to understand what enough.

A fresh was asked in 1963 because he was "unresponsive." He reported in his outline that all his information was taken from the magazine. Because he didn't mention or write the idea of the magazine, this was plagiarism.

In a French course, a fresh was dropped from a "B" to a "D" with no rational explanation. (An explanation was requested.)

A grad student was given a "C" in a course where all his marks, on exams and papers, were from "A" to "B." This mark was changed on appeal.

Unfortunately, not all the freshs do not know about the appeal procedures or the appeal board. The result is often unfair mark.

We do not condone our new faculty members. Most of all are fully competent, but we feel that they are not given any instruction about the marking standards of this university.

We hope that the great increase in faculty members will be initiated with regard to the usual purposes of institutional change.

We hope that the orientation programs for the future will begin with fresh attempts to change the procedures.

Winston tastes good like a cigarette should!
Stream of Consciousness Novel Criticizes Materialistic Concerns

Charlie B. Baker

The novel's main character, Tony (a variation of a name known to all), is a young man who lives in a wealthy suburban neighborhood. Tony is troubled by his materialistic lifestyle and begins to question the values he has been taught. He starts to see the flaws in the way society operates and begins to look for a more fulfilling existence.

Discussion Outlines Possible Action For Transition From College to University

President John Doe of State University presented a proposal to the faculty and student body outlining possible actions that could be taken to improve the transition from college to university. He emphasized the importance of establishing a comprehensive plan that addresses the needs of incoming freshmen and prepares them for the rigors of university life.

BE SURE YOU GET PUBLICITY NEXT YEAR

To: The Editor

Subject: Publicity for Upcoming Events

Dear Editor,

I am writing to remind everyone about the upcoming events that will be taking place on campus. These events are important for the university community and it is crucial that we spread the word to ensure a high turnout.

POTTER TOPS POTTIES? TO SNARE ANNUAL AMIA CAGE TOURNAMENT

The AMIA basketball tournament came to a climax on Monday as Potter and Potties played for their respective championships in basketball.

Potter, which proved too strong for Potties, featured a remarkable performance by John Howes, who scored 29 points to lead the team to victory. The game was played in the beautiful gymnasium of the State University, with the sun pouring in through the windows. The crowd was whipped into a frenzy by the Potter team, and the cheers reached new heights as the final buzzer sounded.

Potties, on the other hand, put up a valiant fight, but were no match for the powerful Potter lineup. Coach Mike Smith, who has been coaching the Potties for the past five years, expressed his satisfaction with the team's performance, despite the loss.

The AMIA basketball tournament is a prestigious event that has been held annually for the past 10 years. It features teams from the top basketball programs in the state, and is considered one of the most exciting events of the year.

On Campus

GLAD RAGS

The bonds of spring are six inches' thick. Then comes the week-end, and the first signs of spring are seen in the form of flowers. The students of the campus are dressed in their Sunday best, with daffodils in their pockets and tulips in their hair. They are ready for the first sign of spring, and they are photographing every moment of it.

CLUB AND EF!P ENGAGED IN NATIONWIDE TOURNAMENT COME TO A close-up view of the campus, with every student dressed in their finest. The weather is perfect, with a light breeze blowing through the trees. The student body is out in force, and the campus is abuzz with activity.

AAI CAGE SEASON COMMENCES

The season is set to begin on March 11, with the annual AAU CAGE season. The season is expected to be as exciting as ever, with teams vying for the championship.

The season opens with a match between the local library and the local park, which is expected to be a closely contested match. The library team has been preparing for the season, and the park team is looking to make a strong effort.

THE ROOTS of an educated person, whether in or out of college. intellectual satisfaction and happiness, not mere triumph. The question we must ask ourselves is this: what will be new to the freshman, varied and ever right to be there.

Aims

The Debate Council is planning a special day for its officers and the members of the ichy. The Committee of the Debate Council Members Attend Debaters’ Congress.

By hopeful, we mean totally overjoyed. We made reference to the fact that the members of the Debate Council were going to be attending the Congress, which is an annual meeting of all members of the Debate Council. The members of the Debate Council are from various high schools and colleges across the state. The Congress is held to discuss the rules and regulations of the Debate Council, as well as to elect new members to the Council.

The Congress is a very important event for the members of the Debate Council. It is an opportunity for them to meet other members of the Council from different schools and to discuss the issues that are important to them. The Congress is also a chance to elect new members to the Council, which is an important role in the Debate Council. The new members will help to ensure that the Debate Council continues to be a vibrant and active organization.

In conclusion, the Debate Council Members Attend Debaters’ Congress is a very important event for the members of the Debate Council. It is a chance for them to meet other members of the Council, to discuss the issues that are important to them, and to elect new members to the Council. We hope that this Congress will be a successful event and that the members of the Debate Council will continue to be an active and vibrant organization.

Finishing Society

The finishing society will hold its last club luncheon on Tuesday, March 5, 1963, at 12:45 p.m. in the college cafeteria. The theme of the luncheon will be "The Roots of an Educated Person, Whether in or out of College." The purpose of the luncheon is to provide a forum for discussion and to bring together students from different backgrounds and experiences. The luncheon will feature a guest speaker who will discuss the roots of education and the importance of intellectual satisfaction and happiness in the lives of educated people. The luncheon is open to all students and faculty members and is free to attend. We hope that you will be able to join us for this important event.
