NEW MYSKANIA TO BE "TAPPED" TOMORROW AS 1200 MOVE UP

"How Many Will be Tapped?" Is Outstanding Question of Day; Works of Senior Specialties to End with Announcement. Marion E. Botto May Tap First 1931 Member.

When the senior members of Myskania choose their successors tomorrow, the suspense and mystery of the last few days will be ended. Marion E. Botto, junior, will probably be the first to receive the vote of a new member of the senior honor roll, and with her the suspense and mystery of the last few days will be ended. Many students believe that the first member to be tapped will be Marion E. Botto, junior, who has been one of the prominent students in the class for the past few years. She is an excellent student, and is well liked by her classmates. It is expected that she will be one of the senior members of the class, and will be a leader in the future.

BOOKS: BIBLE, DISCUSSION WAR AND DIPLOMACY

Herman Kessel

International Relations. Raymond Leslie Buell. $4.25

Henry Hall and Company.

Professor Buell of Harvard university has written a book that is a worthy addition to the Library shelf of any student of history or any of the social sciences.

Inasmuch as the present volume of the Five-Year Plan appears to be the first in a series of four, this is not a casual reading of the plan, but a careful study of the different parts of the world.

The book is a welcome addition to the Library shelf of any student interested in international relations.

Hiding Place Away, Freshmen Finders Say

For four days the freshmen had anxiously searched the College buildings, without success. Finally, on the morning of the fourth day, three members of the freshman class, Richard, Benjamin, and Andrew, were elected by the Sophomore class to join them in their search.

The search was conducted with great enthusiasm, and finally the freshmen were led to a small alcove in the basement of the Administration building, where they found the mascot, which they had previously used.

The Sophomore class, which had been searching for the mascot for the past two days, was delighted to find it. They had searched in all parts of the College, and had even looked in the basement, but had not been successful.

The freshmen were most enthusiastic, and congratulated the Sophomores on their success.

The Sophomore class expressed their appreciation, and the search was considered closed.

THE WEEK'S YALE PLAY

The committee appointed last week to draw up the manuscript for the constitution of the State college Student association has presented the results of its work in the recommendations that the "soup" rule, and the limit of sentences for constitutional conventions, be abolished.

The committee's work has already been considered by the student association, and the recommendations will be considered at the next meeting of that body.

The committee's recommendations will be considered at the next meeting of the student association.
FIFTY WILL TAKE PSYCHOLOGY QUIZZ

Representatives of Four Classes To be Tested For Research Work

A test will be given next Tuesday to fifty representative students from each class as part of a general research being conducted on problems of admission and guidance, according to Dr. Elizabeth H. Morris, assistant professor of education and head of the research department.

The representatives chosen for each class were chosen according to the needs of the curriculum in order to get the correct sample of students.
