Graft Rumor Is False, Rises Say.

President Denies Charge That Southmorelles College Funds Disappeared

"The rumour to the effect that hundreds of thousands of dollars have disappeared from graduate scholarships for the summer of 1929," said President Washington S. Mather, president of the college, yesterday, "is absolutely without foundation."

The President denied that any such misappropriation and so far as he knows, the rumor is without foundation. (Continued in other issue)

TATE COLLEGE NEWS, NOVEMBER 22, 1929

STATE GOVERNMENT

No new state tax changes likely. I have opposed a new state tax this session and I do not expect it to pass. I have been in favor of fair taxation ever since I first entered office. It is my belief that any tax is a burden on the people of the state. It is my opinion that the state should be able to finance its own affairs without the imposition of new taxes.

THE NEW TENDENCY

The new tendency is for states to limit the amount of new taxes they propose. This is not to say that there will not be any new taxes, but the new tendency is to limit the amount of new taxes proposed. It is my belief that the state should be able to finance its own affairs without the imposition of new taxes.

If you want to know more about the new tendency, I would suggest that you read the report of the state tax commission. It is a detailed report on the state tax situation and it is a good place to start.

If you have any questions, please feel free to ask them. I will try my best to answer them.
