Third Place Finish Makes Danes' DeMeo Proud

By Larry Blake

Syracuse wasn't on anyone's mind when they entered the season. The Huskies were not looking to make noise, but they were quietly going about their business. A Hull Davis touchdown and 97-yard return of an intercepted pass by Bob Schuster gave the Danes a 10-0 halftime lead. As it turned out, that motivation, "We needed that one," said DeMeo, "was the difference in this game."

Top performances were given by Alphonsus Santamaria, who scored three and had eight catches for 115 yards and a touchdown, and Schuster, who hit a wide-open Santamaria for a touchdown. "He is a red hot Bob Schuster," said DeMeo. "There were two people over there (in the flat) all day."

As a team, we have very good balance and our kids are all going under 150 pounds, and Tim Catalfo, a 158 pounder, notched it up when he hit the ground. Saxon Arango, forced the touchdown. Alfred had their season ended. DeMeo said, "The emphasis is now on the process of capitalizing." Alfred utilized the first of four penalties against them, and the Huskies continued on to score in one minute, seven seconds, and a 10-0 halftime lead.

Alfred Passes By Slumping Great Danes, 24-6

Saxon Air Attack Picks Defense

By Bob Blake

November 9, 1980

The Albany State running game was nothing short of dominant. The Danes were able to get the ball to wide receiver Alphonse Santamaria, who had eight catches for 115 yards and a touchdown, and Tim Catalfo, a 158 pounder, notched it up when he hit the ground. Saxon Arango, forced the touchdown. Alfred had their season ended. DeMeo said, "The emphasis is now on the process of capitalizing." **Soviets Conduct Nuke Test.**

STOCKHOLM, Sweden (AP) — A Soviet underground nuclear test was expected to be a Soviet bomb test that will have implications for nuclear arms control talks. The test, the 50th by the Soviet Union, is expected to have a yield of between 200 and 500 kilotons, said a U.S. defense official. The test is part of a series of seven tests conducted by the Soviet Union in the past two years. The tests are designed to monitor the treaty that limits nuclear weapon testing to the atmosphere, underground and in space.

There is limited space and a $40.00 deposit due.

For information on this trip or any other Ski Club events call: Steve at 463-1750 or Skip at 482-3482.
OPEN LETTER TO SA FUNDED GROUPS

As group leaders we have become concerned with the lack of unity, the duplication of programs and conflicting schedules among all of us.

We do have the potential to share our resources, to increase programming and to end the senseless waste of student money.

We cannot begin to cooperate until we start to communicate.

We ask, yes, challenge you, to join us in our efforts to form a means for us to cooperate, by attending a meeting; for an hour November 12th at 6:30 pm in the Fireside lounge for or so. This meeting is the beginning of a foundation to form a University Programming Board. Such a Board has tremendous potential on this campus, to pool our resources, end duplication, and begin cooperative scheduling.

It is crucial that each SA group send a member to this meeting. Only by banding together can we protect our interests in SA and on the campus. Our money and our future may be on the line, if we do not join our efforts.

Please join us on November 12 at 6:30 pm. This beginning can't succeed without you.

SELECTIVE SERVICE MAY ASK SUNYA FOR STUDENT LISTS

The University may have to provide a list of students who registered for the draft this past summer, and will begin tracking down students tomorrow.

Selective Service has written to SUNYA to request a list of all SUNYA students who registered for the draft this past summer, and will begin tracking down students tomorrow. The letter stated that "the purpose of the request is to assist in the enforcement of Selective Service law."

The letter further stated that "the information will be used to assist in locating students who have registered for the draft and to determine if they have made a good faith effort to register.

We are concerned about the potential for misuse of this information by the government. It is crucial that each SA group send a member to this meeting to discuss this issue. It is important that we protect the privacy of our students and the confidentiality of our records.

We strongly encourage all SA groups to send a representative to this meeting.

Cake walk

i like it when we go for a walk like this & you can hear all the bugs - staccato chirp & the leaves in all croaklin & the air is nippy & only me & only you is out here in the dark & the leaves is all cracklin & the air is nippy - like that of the swan below In her own habitat Which has rendered me all alone of the barren wind. I am the sparrow In the tree And once in a while no answer for the bear who stalks the ground before an ending has been prepared Ah, such are the days of my life like poems that are never finished stalking the woods without much feeling or thought - as if the woods were a movie and the bear a character from it. But It was not until 1 explored the world of books that I encountered the swan: the swan. She was a powerful, mesmerizing, and mysterious creature, a symbol of grace and beauty in a world often harsh and unforgiving. The swan embodied the spirit of freedom and the ability to rise above the limitations of the physical world. It was through her eyes that I saw the true nature of the world - a place of beauty and wonder, where every creature had its place and every moment was a chance to explore and discover something new. And in this world, I was not alone. I was part of a larger collective, a group of beings who shared a common purpose and a love for the beauty of the world. Together, we would journey through the woods, encountering the swan and other creatures along the way, learning about the beauty of life and the importance of connection. This is the world of the swan - a world where every moment is a chance to learn and grow, to find new ways to connect and explore. And in this world, I was free. November 20, 1981

New Messages

**On The Beat In Zenyatta Mondatta**

Robert Gordon

"The photos show the kind of young and exciting band that is capturing the attention of young audiences everywhere. The group is made up of the band members, who are all under the age of 25. The music is a mix of rock and roll, punk, and new wave. The most striking aspect of the photos is the way the band members interact with each other, showing a sense of camaraderie and fun.

"I have been following the band for several months now, and I can honestly say that they are some of the most talented up-and-coming groups I have seen in a long time. The lead singer, who has a unique voice, is the focal point of the band, but the other members also shine with their own distinct styles. The music is energetic and full of spirit, and it is clear that these kids have found their calling in music."

"They are a band that is not afraid to experiment, and it is this willingness to try new things that sets them apart from other young groups. I look forward to seeing them perform live and cannot wait to hear what they come up with next."

"The band has a bright future ahead of them, and I hope that they will continue to produce music that is as exciting and engaging as these photos suggest."

"As a music fan, I am thrilled to see young talent like this coming to the forefront. I strongly encourage anyone who appreciates good music to check out Zenyatta Mondatta and see for themselves what a fantastic band they are."

"Thank you for this opportunity to showcase the incredible talent of these young musicians."

"Psychedelic Furs

The band was recently in town and put on a fantastic show. The energy was incredible, and the crowd was completely immersed in the music. The sound was perfect, and the band members were in top form. I highly recommend checking them out if you get the chance.

"Artistic Spins

The photos were also impressive. The variety of angles and perspectives used was very creative, and the lighting was perfect. It was clear that a lot of thought and effort went into capturing the essence of the show. The shots were taken at various angles, from close-up shots of the performers to wide-angle shots of the entire stage. The lighting was also well done, with a mixture of natural and artificial light to create a captivating atmosphere.

"Bob Michaels

The lead singer, who has a great voice, really stood out in the show. His delivery was powerful and emotional, and he engaged the audience throughout the performance. The other band members also had their moments, with some very impressive solos and instrumental breaks.

"Overall, I was really impressed with the band and the photos. It was a great night of music, and I look forward to seeing what they come up with next."

You Beg F'More

"The band's music is a perfect blend of rock and roll, punk, and new wave. The lead singer has a unique voice, and the other members also shine with their own distinct styles. The music is energetic and full of spirit, and it is clear that these kids have found their calling in music."

The Albany running game will be into some tough territory when the
Danes play tomorrow in Orlando. (Photo: Mark Nadler)

The Albany running game will have the 4-4 alignment, giving them
an advantage in the halfback cupboard. Ross, with 14 grabs for 133 yards,
said, "He's a good receiver." He's got real good speed, and runs
the ball with quick cuts. "With the size of their frontage, I'd say," Motta
continued, "but they don't run the ball kind of running attack," he con-
cluded, "and if they have success running, we've got to worry about it."

The two teams are similar in that

Enthusiastic Women Swimmers Working Hard

by Sarah M. Henley

Swimming is a sport that requires a tremendous amount of physical and mental preparation. It is a sport that requires a great deal of dedication and hard work. It is a sport that requires a great deal of discipline and focus. It is a sport that requires a great deal of commitment and commitment.

The Albany State women's swimming team doesn't have a lot of superstars this season, but they expect to be competitive in the season ahead. The team has been working very hard at the University Pool during the last week, and is looking forward to the season.

One of the problems associated with a team so small is the lack of depth. Albany has been successful in the past with very few swimmers, but this season's team is much smaller. The team has only one swimmer in each of the freestyle events, and only one swimmer in the breaststroke events.

The team is relying heavily on the strong swimmers from last season, including Jean Lardner and Jeanine Starace. Lardner is the team's top swimmer, and has a chance to make the Olympic team. Starace is the team's top middle distance swimmer, and has a chance to make the NCAA championships. The team is also counting on Jeanine's strong backstrokes.

The team is also counting on the strong swimmers from last season, including Jean Lardner and Jeanine Starace. Lardner is the team's top swimmer, and has a chance to make the Olympic team. Danies Look To Darken Florida Skies

Albany Tangerine Bowl Bound

By Paul Souvignier

As Albany's football program begins its second year of varsity play, the Danes are set to embark on a long road trip to the Tangerine Bowl in Orlando, Florida. The trip will be a test of the team's endurance and preparation for the upcoming season.

The Danes will face the Florida Knights in the Tangerine Bowl, a game that has drawn national attention. The Knights, 3-3-1, are only in their second year of varsity play, and the Danes are looking to make a statement in their first game against a Division I opponent.

The game will take the Danes on a 1,500-mile journey, which is expected to be a formidable opponent for the 4-4 Danes. The team has demonstrated a strong defense, allowing only 21 points per game, but will face a challenge against the Knights, who have scored an average of 28 points per game.

The Tangerine Bowl is a unique opportunity for the Danes to showcase their talent and compete on a national stage. The game will be the first step in their journey to the College Football Playoff, and the Danes are fully prepared for the challenge.

UCB & WCDB Clash

Both Claim To Serve Students

At SUNY Albany, the debate over who serves students continues to rage. The Student Assembly (SA) and WCDB, a student radio station, are at odds over who should represent the student body.

The SA argues that they have a stronger track record of serving students, while WCDB claims that they are more effective in reaching a wider audience. The conflict has escalated to the point where both parties have called for an investigation of the other organization.

UCF: A Young Program With Grown-Up Ideas

The University of Central Florida (UCF) is a young program with grown-up ideas. Jonas, the head football coach of UCF, is trying to build a program that is competitive in the nation's college football history, as they race the Gold Coast and compete with Florida's mega-high schools.

UCF has demonstrated a strong defense, allowing only 21 points per game, but will face a challenge against the Knights, who have scored an average of 28 points per game. The game will be the first step in their journey to the College Football Playoff, and the Danes are fully prepared for the challenge.
